*Because of Winn-Dixie* - Kate DiCamillo 2009-09-08

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries – and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis.

**I Miss You When I Blink** - Mary Laura Philpott 2019-04-02

NATIONAL BESTSELLER One of Esquire's Best Nonfiction Books of the Year One of NPR's Favorite Books of the Year One of the Year's Most Anticipated Books: BuzzFeed, Bustle, HelloGiggles, Literary Hub, She Reads "I've spent my adult life prowling bookshelves for the modern-day reincarnation of my favorite authors—Nora Ephron, Erma Bombeck, Jean Kerr, and Laurie Colwin—all rolled into one...Good news: I have finally found their successor." —Elisabeth Egan, The Washington Post Acclaimed essayist and bookseller Mary Laura Philpott presents a charmingly relatable and wise memoir-in-essays about what happened after she checked off all the boxes on her successful life's to-do list and realized she might need to reinvent the list—and herself. Mary Laura Philpott thought she'd cracked the code: Always be right, and you'll always be happy. But once she'd completed her life's to-do list (job, spouse, house, babies—check!), she found that instead of feeling content and successful, she felt anxious. Lost. Stuck in a daily grind of overflowing calendars, grueling small talk, and sprawling traffic. She'd done everything "right," but she felt all wrong. What's the worse failure, she wondered: smiling and staying the course, or blowing it all up and running away? And are those the only options? In this memoir-in-essays full of spot-on observations about home, work, and creative life, Philpott takes on the conflicting pressures of modern adulthood with wit and heart. She offers up her own stories to show that identity crises don't happen just once or only at midlife; reassures us that small, recurring personal re-inventions are both normal and necessary; and advises that if you're going to faint, you should get low to the ground first. Most of all, Philpott shows that when you stop feeling satisfied with your life, you don't have to burn it all down and set off on a transcontinental hike (unless you want to, of course). You can call upon your many selves to figure out who you are, who you're not, and where you belong. Who among us isn't trying to do that? Like a pep talk from a sister, *I Miss You When I Blink* is the funny, poignant, and deeply affecting book you'll want to share with all your friends, as you learn what Philpott has figured out along the way: that multiple things can be true of us at once—and that sometimes doing things wrong is the way to do life right.

**The Prime of Miss Jean Brodie** - Muriel Spark 2015-08-06

'Muriel Spark's most celebrated novel . . . This ruthlessly and destructively romantic school ma'am is one of the giants of post-war fiction' Independent 'A brilliantly psychological fugue' Observer The Prime of Miss Jean Brodie is Muriel Spark's most significant and celebrated novel, and remains as dazzling as when it was first published in 1961. Miss Jean Brodie is a teacher unlike any other, proud and cultured, enigmatic and freethinking; a romantic, with progressive, sometimes shocking ideas and aspirations for the girls in her charge. At the Marcia Blaine Academy she takes a select group of girls under her wing. Spellbound by Miss Brodie's unconventional teaching, these devoted pupils form the Brodie set. But as the girls enter their teenage years and they become increasingly drawn in by Miss Brodie's personal life, her ambitions for them take a startling and dark turn with devastating consequences.

**Three Weeks With My Brother** - Nicholas Sparks 2013-04-18

From the author of *The Notebook*, this is the story of two brothers deeply bound by love and tragedy and an extraordinary chronicle of a life-affirming trip In January 2003 Nicholas Sparks and his brother Micah set off on a three-week trip around the world. An adventure by any measure, this trip was especially meaningful as it marked another milestone in the life journey of two brothers who, by their early thirties, were the only surviving members of their family. As Nicholas and Micah travel the globe, from the Taj Mahal to Machu Picchu, the story of their family slowly unfolds. Just before Nicholas' marriage he and Micah lost their mother in a horseriding accident; a week short of Nicholas' triumphant debut as a novelist with *THE NOTEBOOK*, the brothers lost their father to a car crash, and just a few short years later they were forced to say goodbye to their sister who died of brain cancer at the young age of 36. Against the

backdrop of the main wonders of the world the brothers come together to heal the wounds of this tragic legacy and maintain their determination to live life to its fullest. \*The breathtaking new love story from Nicholas Sparks, *Every Breath*, is available to pre-order now\*

**You'll Miss Me When I'm Gone** - Rachel Lynn Solomon 2018-01-02

"Heartfelt, deeply moving." —Buzzfeed "Dark and thought-provoking." —Publishers Weekly "A stunning debut." —VOYA A poignant, lyrical debut novel about twins who navigate first love, their Jewish identity, and shocking results from a genetic test that determines their fate—whether they inherited their mother's Huntington's disease. Eighteen-year-old twins Adina and Tovah have little in common besides their ambitious nature. Viola prodigy Adina yearns to become a soloist—and to convince her music teacher he wants her the way she wants him. Overachiever Tovah awaits her acceptance to Johns Hopkins, the first step on her path toward med school and a career as a surgeon. But one thing could wreck their carefully planned futures: a genetic test for Huntington's, a rare degenerative disease that slowly steals control of the body and mind. It's turned their Israeli mother into a near stranger and fractured the sisters' own bond in ways they'll never admit. While Tovah finds comfort in their Jewish religion, Adina rebels against its rules. When the results come in, one twin tests negative for Huntington's. The other tests positive. These opposite outcomes push them farther apart as they wrestle with guilt, betrayal, and the unexpected thrill of first love. How can they repair their relationship, and is it even worth saving? From debut author Rachel Lynn Solomon comes a luminous, heartbreaking tale of life, death, and the fragile bond between sisters.

**Character and Personality in the Novels of William Faulkner** - Ineke Bockting 1995

Bockting has produced a work that focuses on the "people" that Faulkner created in his four major psychological novels: *The Sound and the Fury* (1929); *As I Lay Dying* (1920), *Light in August* (1932), and *Absalom, Absalom!* (1936). The author writes not about these people, either as literary characters or as human beings, but instead has allowed them to come alive in their own time, through their own texts. Psychostylistics is the innovative approach to the literary character that Bockting employs, bringing together new developments in narrative psychology and psychiatry with literary stylistics and mind-style to provide detailed textual and contextual evidence in support of its observations on personality. Contents: The Literary Character: Between Life and Linguistic Style; Mind-Style in *The Sound and the Fury*; Multiple Voices in *As I Lay Dying*; *Light in August* and the Issues of Unreliability; *Absalom, Absalom!*: A Novel of Attribution; Character, Personality, and Psychostylistics.

**To Kill a Mockingbird** - Harper Lee 2014-07-08

Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

The Notebook - Nicholas Sparks 2011-04-07

Celebrating 25 years of *The Notebook* - the classic novel which became the heart-wrenching film. \* Once again, just as I do every day, I begin to read the notebook aloud... Noah Calhoun has returned from war and, in an attempt to escape the ghosts of battle, he sets his mind and his body to restoring an old plantation home to its former beauty. But he is haunted by memories of the beautiful girl he met there years before. A girl who stole his heart at the funfair, whose parents didn't approve, a girl he wrote to every day for a year. When Allie Hamilton shows up on his doorstep, exactly as he has held her in his memory for all these years, Noah has one last chance to win her back. Only this time, it's not just her parents in the way - Allie is engaged and she's not a woman to go back on her promises. *The Notebook* is the love story to end all love stories - it will break your heart, heal it back up and break it all over again. *One Hundred Years of Solitude* - Gabriel García Márquez 2022-10-11

One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of

the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.
