The Legal Side of Love - B. B. Jacobs 2014-05-03
INTRODUCTION I'll keep it simple as not to waste your time. After going through a divorce as a Pro Se Litigant which simply means to represent oneself, I knew I was in for an experience that would be comical at best as my opponent was a legal veteran and probably had written the laws himself. Like you, I let my heart rule my head and approached my marriage with trust and unbridled abandon without consideration of the rules which protect one's assets in the event of a divorce. Now, looking into the eyes of the abyss and the pleasure of sparring in the legal boxing ring with an industry champion, I knew the only way to stand a chance was to learn the laws which dictated what

rightfully and legally belonged to me...so I thought. For example; if you simply believe the property you have purchased long before your spouse was in your life is yours, you may be right. However, if poorly managed, that same property may become your goodbye gift for him to keep. That said, learning the money habits according to the legal guidelines will protect what you have worked so hard for all these years. These actions are nonnegotiable and are more effective than an attorney; simply put, separate property (your property or his property) is defined by how you managed it all these years. If done correctly with just one simple rule, no one can legally take it from you, not even the judge. This is your best chance at intelligently keeping your

hard earned assets and it's much easier than you would believe. LEARN IT OR LOSE IT! THESE ARE YOUR OPTIONS. So when I say LEARN IT OR LOSE, it's because these are truly your options and don't believe for a second an attorney can change that because the law is the law only in writing. In family court, "9/10 of the law" doesn't apply. Your actions are your best weapon. Learn it because you have earned it and if not for yourself, do it for your children as their future depends on how well you manage your money and assets just the same. Therefore, going through my own divorce; I immersed myself in Texas Family Law to learn everything I possibly could in hopes to have some sort of educated approach. What I learned was astonishing and more importantly, here is what EVERYONE should understand more than the legal guidelines themselves..., If the average citizen in love knew what I now know, they would NEVER consider living together, let alone get married

or divorced without knowing where you stand which is determined by how well you have managed your assets and not by what an attorney or the laws may express. I am fully confident most would approach their love lives differently having the same legal knowledge I now have. Keep what is yours. Simply learn the basics. This book is an introduction to the legal guidelines by which the courts use to measure your demise. Whether you are living together, getting married or considering a divorce, you must learn it especially before seeking legal advice.

more than 20 practical coaching exercises that will help you recover from pain and find love again. A break-up or divorce is like a fire that destroys everything in your house. Once the fire's out, now what do you do? How do you live on? Do you continue to live with the same standards and build the same house again? Or, do you recognize what went wrong and examine what you need to do differently in order to build a new, better house that won't burn down? Your first serious job after divorce is to heal your inner self and recreate yourself exactly as you want to be. The dating process can help you do that. Dating is like a shopping mall where you can buy it all. But what do you want to get? And what can you afford to buy? The main point of dating at this stage is to start seeing yourself as an adult and mature woman. The main point of dating after divorce is not to find a new partner. That shocks most people because they see dating as a way to find a new relationship. But it's absolutely

clear that unless you change yourself as a person, you'll choose a partner and a relationship pattern that are exactly the same as the previous ones. Your second job after divorce is to recognize your existing paradigm of relationships, or the so-called "relationship model," and modify it according to your desires. Chapter 1 You'll read about the emotions that you may face while dating. Whatever these emotions are, you should learn how to recognize and manage them. Be aware of them the moment they appear, and learn to control yourself until they're gone. Chapter 2 These are the ten main types of men--or more precisely, male dating behaviors--that you may run into. The descriptions of these personas provide insight into a man's intentions toward you and what you can expect from him. Remember: There are no good or bad types of men. There are only men who are or are not suitable for you at certain stages of your life. Also, every man can behave

differently with different women. Basically, it's the woman who determines how a man will treat her! Chapter 3 This chapter helps you with self-analysis. I hope you use it to see more clearly what your needs are right now, and what your nearest and most distant relationship goals are. Each section focuses on practical exercises that help you find out what areas need improvement before you can move toward a serious, long-term relationship. At the end, I want to emphasize that, no matter what the plot is, there's only one princess in every story! It's your story. It's my story. Let's make it the best one possible! [Find a Good Man and Keep Him](#) - Satch U. Ejike 2008-09

A lady once said that finding a good man is like looking for a needle in a haystack. This is not and should not be the case. True love is all around you if earnestly you desire it. The book suggests functional approaches to true love as an alternative to the hit-and-miss approach that almost always ends in divorce or heartbreak.

The book is for the married or single woman. It is for the married woman who, perhaps, already has a good man and necessarily must keep him. It is for the single woman who now is in search of a good man for a lifetime of joyful romance and companionship. The book examines the good man's qualifying attributes, the meaning of romantic love, the concrete manifestations of love and, importantly, how you recognize and sustain true love when it comes your way. Find a Good Man and Keep Him is a practical guide that leads you through and away from the hurtful tumbles and stumbles of a failed relationship onto the path of manifest love with a good man.

After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the

buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. *Divorced Girl Smiling* is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance,

Women Who Win at Love -

Suzanne Venker 2019-10-08

Do you ever ask yourself why dating has become so damn hard? Do you wonder what makes some marriages last and others fall apart? Is your marriage struggling despite your best efforts to keep it together? Women who win at love don't have a gift you don't have. What makes them unique, explain author and relationship coach Suzanne Venker and anthropology professor John M. Townsend, Ph.D., is that they aren't at war with the men in their lives. Women who win at love reject the concept of sexual equality and embrace male and female nature instead. Whether you're still single and mapping out your life, or you're divorced or unhappily married, *Women Who Win at Love* will permanently alter the way you view men and marriage, thus leading to your success in love. But you must be willing to step outside your comfort zone and accept countercultural truths.

A Woman's Journey Through Love, Marriage, Divorce and Redemption -

Frances McCourt 2017-01-26

This is a book about how God brought me through a hurtful marriage and divorce. Much of my success over despair, sadness, and soul wounds was mainly through the Bible and by believing everything it said about who I am and what I can do. Many gospel songs and poems came out of those experiences. This book includes those songs and poems and was a way for me to express myself and feelings during a time when it was too painful to talk about. If you have gone through a failed relationship or marriage, you will greatly benefit from reading this book. I think many women go through a time of despair. I had to walk through it. us. But, at the same time, rights are rights if we are always mindful of our duties ensuring the quality and quantity of life for ourselves and the upcoming generations. The book is a humble, humane and sincere attempt to share some of the thoughts and processes on the current state of affairs facing our human life on the mother Earth. It is not possible for the author to bring out all facts and aspects of human life here in this book. The book consists of the following chapters. CHAPTER 1 BREATHLESSNESS CHAPTER 2 HOME CHAPTER 3 DIVORCE CHAPTER 4 MARRIAGE CHAPTER 5 DECISION POINTS PREFACE has some feelings that are impossible to ignore and compelling to experience. I think our freshness, of mind, body and character, should be a necessary ingredient in our daily life as well. That will keep us committed, dedicated and motivated to whatever we do or are required to do. This is all the more needed in our marital life too. Freshness and

Intensity in the beginning of our job or relationship endear us to people around. We will carry ourselves to the fruition of our endeavours if we are able to not only maintain but rather reinforce it during the course of our journey into that job or relationship. How do we do that? Inside each one of us, there is an invisible thing called FILTER and we need to discover and activate that. Women are another important creature that provides freshness in our human lives. Without them, I think, this world has no meaning. They are the elixir, rather the world itself, for a number of individuals and families. The most beautiful aspect of their life is they dont carry anything to their next birth or life. They pay back their debts to the Mother Earth by giving births and fulfill their debt burden. If we follow closely and properly, we are taught a number of lessons out of their existence. As males, we do not have this facility to pay back the debts that we owe to our Mother Earth. We can do that but only

by doing something good and benignant to our Mother Earth by saving our (re)sources. Let us leave it to the choice of each of our brethren living with us. Right since my childhood I am carrying a belief that each one of us living here on the earth carries some purpose of life. I hope I am not wrong and am able to carry it to the last breathe of my life. That encourages me to not consider any individual disrespectfully and take him/her not only seriously but also evince proper interest to encourage achieving more and more in his/her life. I think that is what we try to address through our Individual or Corporate Social Responsibility and Inclusive Growth. So many people around us are always our sources of inspiration and help us learn and unlearn every single moment of our life. If we really want to improve the quality of our lives, we should have contagious desire to learn from the mistakes committed by others rather than committing the same mistake ourselves. Some important

things key to our existence on the Mother Earth I am going to share now. 5 things external, present in our nature, and 5 things internal, inside our bodies, we must take care of to lead a durable life of satisfaction and achievement. Please do have a guess! What are they? ASFEW i.e. Air, Sky, Fire, Earth and Water are the 5 most important external things and THEEN i.e. Tongue, Hands, Eyes, Ears and Nose are the 5 most important internal things. Can anyone dispute the importance of these 10 elementary things? Probably not! It goes without saying that we must not only take care of these 10 things but also employ them judiciously and cost-effectively. BREATHLESSNESS "There will be plenty of time to sleep when you are dead. Life is for living. So wake up and perform". (Benjamin Franklin) This chapter throws open, boisterously, a number of issues that are dogging the humanity most today and crying for a humane approach, outlook and adoption to arrive at the positive exit doors to

carve out a living which the human civilization is famous for, for countless centuries. How, through our approach, we can create illustrious personalities today, like in the past and continue showing the generations that nothing is impossible provided we possess an unending desire to bring about a benignant change. HOME This chapter puts light on the importance and meaning on our homes. What do they mean for us on this mother earth? Why is it so valuable? Why, all through our lives, do we crave for a home of our own? Why is it so necessary for us, our children and our relatives? What shall be our fate if we do not have a home consisting of four walls? Whether the home is only the four walls or something more? Who makes a home a home and how? DIVORCE This chapter helps us understand the true meaning and effects of separating or getting separated from our respective life partners in a simple and straightforward way. In our English dictionary, Divorce

comes before Marriage but in our Human life, Divorce comes after Marriage. What can we do to avoid it and enjoy the fruits of togetherness and liveliness in our respective lives. MARRIAGE This chapter highlights the importance of marriage in our life and what it means for us. Why does everybody long for marriage in his or her life? If one is not married in ones life, what one is missing? What kind of license is marriage? Why does it make a man a man and a woman a woman? Why are we incomplete before marriage? Why did God create a culture called Marriage? Why have we been following this tradition without questioning it? To get answers to all these questions, my suggestion is to lay your hands on a copy of the book and go through it. DECISION POINTS "Be the change you want to see in the World". (Mahatma Gandhi) The only advice here will be to go through the book to be living Happy Advivum. Afterword says Home is where the Heart is! Additionally, it helps the

book end on a promising and positive note that if we really care for ourselves, then nothing is going to deter us from achieving our goals that we keep near and dear to our heart and cherish for our children. It helps one go through some of the very simple facts, but all important ones, of life that we tend to forget. It says; The Almighty has provided us with 2 ears and 1 mouth. It means we should Think twice before we Speak, or Speak less and Listen more. Less said is always better than saying too much. That leaves the audience with unsaturated hunger and too many options to ponder over. This will inculcate in us a sense of Accountability that will not only allow us to perform our duties judiciously but also vests in us the much needed right to ask for a more purposeful well-being. I leave it to the wisdom of the readers of my book to evaluate, judge and then do the needful. The theory of Supply and Demand works everywhere, not only in Economics. Like it is said that

for a market to sustain healthy and durable, there has to be a Seller and a Buyer. And both must take care of each other for the market to sustain forever. Similarly, if we know the mechanism of matching expectations, then we shall be the extremely successful people. How much should we expect from others and how much should we encourage others to expect from us? I think our common sense and prudence coupled with our education will play an important role here. Love, and to be loved, is what we die for. We grow up for the same. To be living with love is another great achievement in our life. In love alone, we do not come across any boundary. It enables us to live a complete and fruitful life. It teaches us great lessons of life that we, otherwise, may not be able to learn at all. It gives you shocks and after-shocks as well. It gives you floods, droughts, earthquakes, tsun

I Know It's Over. Now What? - Sharon Pope 2016-04-11

When the realization sets in

that your marriage is over, it can be paralyzing. When one of the biggest questions in your life gets answered, it leads to even more questions. And those questions can keep you stuck. When you're staring at the prospect that everything in your life is going to change, where do you even begin? How do I know I'm making the right decision? How will I tell my husband, the man I pledged to spend the rest of my life with? How do I tell the kids, our families, and our friends? How do I manage the emotional rollercoaster? How can I ever move on? How will I overcome my fears? What will my life look like a year from now? And will I ever have another shot at love? *Soulful Truth Telling: I Know It's Over. Now What?* gently guides you through this time with practical tools and not-so-pragmatic insights - so that you don't remain stuck in the questions and so that you're able to move on to living the answers. You'll know what to expect and you'll be prepared for what's next. You'll know how to move through this

time in the most peaceful way possible, so that you don't lose your mind, lose yourself, or damage people in the process. *Soulful Truth Telling: I Know It's Over. Now What?* shows you how to use the experience of moving out of a painful marriage as a gentle launching pad for landing in the soulfully truth-filled life awaits you.

Make the journey with hope, and with encouragement from an experienced coach who's been where you are and can help you find your way."

[The YOU Plan](#) - Connie Wetzell
2014-01-28

You never thought divorce would happen to you. But it did. You may feel traumatized, relieved, hopeful, afraid, or all of the above. What choices will help you heal? How can you minimize the trauma for your kids? When is too soon to date...and what about sex?

How can you learn from your mistakes instead of repeating them? And where is God in all of this? Michelle and Connie have been where you are.

They're Christian women who are a little ahead of you on the

journey. Michelle was divorced seven years and now is happily remarried. Connie is ten years into the journey and at peace with being single. They've each made good choices and their fair share of mistakes. In this book they rally their collective experience to help you navigate some of the twists and turns of the post-divorce journey, avoid pitfalls, and emerge stronger and more confident. This is not one of those authoritative, "do as we say" tomes. It's a woman-to-woman, been-there-done-that, faithful, and hopeful approach to such topics as acceptance, forgiveness, loneliness, online dating (or "CON-line dating"), sex, money, respect, finding friends, and caring for your

physical, financial, and spiritual health. Most of all, it's a powerful reassurance that no matter what has happened or what may happen next, God still has good plans for you. You will live and laugh and love again. This book can help you do it.

When the One You Love Wants to Leave - Donald R. Harvey
1993

This book is about marital separation. More importantly, it tells you what to do when you face separation--a book that was written in response to a very real need. Although separation is an event confronting many marriages, there is actually very little help available for couples painfully grappling with this crisis.
