God and Sex Mark Whitwell 2019 "God and Sex: the two most powerful and misunderstood words in the English language. The presumed separation between God and Sex has vulgarized both and made them painful, anxiety inducing, and useless to our lives. Lucid, radical and gentle, this long-awaited book from globally beloved teacher Mark Whitwell clarifies the old cultural division of the sacred and the profane and how it has affected all of our lives, whether we are religious or no, and charts a way through the mess. What if I were to tell you that you can fully participate in both God and Sex? By bringing them together into clear association, each purifies the other, and both can be made profoundly useful to your life. Life is Sex. The pollen in the air is the Sex of plants. The flowers and the sounds of animals are the Sex of nature. No matter how convoluted the human mind becomes, we are still this condition. We do not need to 'become' anything in order to have a free and healthy life. There is nothing to be liberated from. This book is for any sincere religious person

conflicted about Sex, and any secular modern person trying to find a positive and enriched sexuality. It's for anyone who thinks they have to give up Sex to get to God, and anyone who thinks they have to give up God in order to enjoy Sex. It is for both men and women, for those in same-sex or opposite-sex partnerships, for those looking for partnership, and for those happily by themselves. It is for anyone wondering "What is intimacy?" and wanting a framework to understand the damage done to our lives by the belief systems that suggested God was above and Sex was below. It's for anyone dissatisfied or bored by relationship drama and the normal definitions of God and Sex-God as 'other,' Sex as something sleazy, effortful, hard to get, or fundamentally disappointing. It is for those who wish to turn their sexual life into the heart's activity, participation in God, and for those who wish to turn their religious life into the heart's activity, participation in profound intimacy with their breath, their body, and relationship of every kind. We have all been affected by the dysfunctional separation of sacred and profane. This writing is transmission that will dismiss the absurd idea that you can have God or Sex, but not both, and enable you to realise that you are, in fact, the power of the cosmos, arising as pure intelligence and utter beauty"--silversnakepress.com.

Tantric Sex Rachel Meurisse 2019-12-04 Read This If You Want To Take Your Love-Making To The Next Level How do you learn to have good sex? By watching adult videos? By trying? By reading books? First of all, pornography isn't the best educational material out there. For example, it rarely focuses on female pleasure and authentic female orgasms. Also, many scenes are highly unrealistic. Actual sex experience is very important but you may be missing out on some awesome sexual practices. Even if your partner is a sex god (or goddess) they won't teach you every possible love-making technique. So reading books about sex should be an important part of your sexual life, no matter if you prefer to read alone or with a partner. Erotic fiction will teach you the art of dirty talk and invite you to explore forbidden fantasies. Non-fiction books will teach you everything else. This book is a uniquely comprehensive guide for everyone who wants to have better sex. No matter if you're just getting ready for your first time or you're an experienced lover already - there's something to learn here. Here's a sneak peek of what you'll learn... Sex Now We Have Your Attention... Bruno Van Damme 2021-05-06 SEX, now we have your attention ... You order, get, and pay for your drinks at the bar. That was what was written on the menu of Mischa's bar. Mischa, and I together with 3 of our school mates wanted to become famous chefs when we were teenagers. We all started our education at the same famous hotel school in Belgium. In the end one would drop out, two would change careers completely, one would commit suicide and I, well I became a chef but never got to the famous part. This is a personal journey, recollected from the memories of a Belgian Chef de Cuisine, starting in the early '70s in Flanders - Belgium, taking us to Istanbul in 2021. A tale of lost innocence, first loves, sex, drugs, and an inside view on the restaurant and hotel business with its dirty scandals and secrets. A quest for recognition on the road to self-acceptance. It is a reflection on my coming of age and married life in a new country. The red line through it all is the tragic suicide of a friend, demons from the past, an unexpected confession, and a promise to right the wrongs that were bestowed upon the innocent.

You now finally understand that the female orgasm is about more than just the physical act and you now know pretty much all you're going to need to get to that wonderful place." "I want you to remember exactly that. The orgasm isn't purely physical; the emotional and psychological elements are still so, so important. It's possible for a person to orgasm without even being touched. It's hard, sure, but it is certainly possible. I just need to demonstrate to you the significance of the mind here. It's a key part of getting a female to her ultimate climax. Think about tantric sex. Now, you might not know a lot about tantric sex, but the idea is that sex is considered virtually spiritual in nature - it's linked to a higher state of being. So clearly sex is more than the mere physical act of stimulating the nerves." "If you're successful here, then the chances are that she won't have anything to say - she will quite literally become speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." Sex Positions for Couples Eva Harmon 2023-01-17 Do you want to spice up your sex life and improve your relationship? Are you tired of the same old positions night after night? Have you always been a little intrigued by the idea of kama sutra? If you answered yes to any of these questions, then you are going to want to continue reading. Sex has always been a hush-hush subject because of outdated beliefs and such. This has led to couples getting stuck in a rut when it comes to their sex life. They don't feel that it is "right" to talk to people about their sex life. Times are changing, and more and more people are comfortable talking about their sex life, and that is a good thing. This makes sex less taboo and enables couples to expand their sex repertoire. This new awakening doesn't necessarily mean that couples will find the answer they want or need from people they talk to, though, and that's what this book is here to do. This book has been brought together to provide information about sex to help couples who are tired of the same old thing every night. Foreplay, that's is the one word most couples dread. For some reason, this is the area where couples end up failing, yet we all know that it is extremely important, especially for women. It helps to place people in the right state of mind and gets things warmed up, so to speak. This isn't the only problem some couples have in their sex life. Sometimes it's simply that things have turned monotonous. This is understandable, especially when you and your partner have been together for a while. It is very easy to stick with the same things because you know what one another likes, or because it is easy. But you both likely feel bored and can easily pass on sex due to the boredom. But things don't have to stay that way, though. You can easily bring the spark back into your life, whether through foreplay or new positions. This book is here to teach you how you can improve your sex life. In this book, you will learn: Why you should bring kama sutra and tantra into your bedroom The best sex positions for men and women The best sex positions to bring the two of you together Sex tips for the beginner Foreplay games to get things heated up How to practice couples massages The best way to start using dirty talk without feeling weird ... And much more. I get that you might still be skeptical that this book can help improve your sex life. Even if you have tried new things to try and spice up your sex life without success, this book can teach you things that you may not have thought about. The information in this book can be applied to anybody's sex life. You'll even find that within the descriptions of various sex positions, there will be warnings, so you are guided throughout the entire process. I'm certain that if you buy this book today, you won't regret it. Now is the time to make the decision. If you are serious about changing your sex life, scroll up now, and click "buy now."

man the happiest male on the planet? We have the secrets you need to find success with the less-fair sex. We can help you get into your man's mind mentally, by explaining how the male mind works differently from the female mind. We've interviewed hundreds of men and also read scientific texts in order to explain what men think about sex and how to help you think like a man (or at least understand how your man thinks). The biggest sex organ of all is the brain, after all! We will also help you learn how to communicate directly with your man; many problems in relationships stem from a lack of effective communication. Did you know that this is largely because men and women process information differently and in term express it differently? This book will explain to you how and why this happens, and what you can do to avoid it! We also have done a considerable amount of research on the emotions of men, and how they are both similar and different to a woman's emotions. Once you understand your man's mental profile, you'll be able to communicate with him more effectively and in terms and language that he will understand. Once you understand how to emotionally communicate with a man, you'll find that many of your communication problems will disappear. Once you create an environment of safety in your relationship, you'll find that figuring out what your man needs is easier than ever. With this ebook, you'll find that understanding your man's emotions is much easier than you ever thought - you may even surprise him! Finally, we'll also talk about the actual physicality of sex. A lot of people end up in a rut with their sex lives, and this can spell the death of relationships. From kinks to anal, we've got the information you need to ensure that your sex life remains spicy and healthy. The key to a healthy relationship with most men is a great sex life, and we can hand you the tools to make that happen. Whether you prefer soft, sweet vanilla sex or if you like things with a few more whips and chains, we have the strategy for you. Our ebook can help refresh your bedroom life. With Sex Guide For Women: F*ck Him Beyond his Wildest Dreams - Mentally, Physically and Emotionally, you'll have the information you need to have the mental, physical and emotional relationship with your man that you deserve.
