How to Attract and Approach a Woman - Roman G. Turkowsky 2012-04-04

Picture this. If you are a guy that has spent any time in any place at all trying to talk to a woman, you know how this scene goes. You see the woman of your dreams. Okay, this may be a little exaggeration. But you see a pretty woman somewhere. Of course, when you see her, you naturally want to go talk to her. Thus far, you haven't done a thing wrong. You walk over to her and say hi. She greets you back, not incredibly interested. As pretty as she is, there is no doubt that she has been randomly approached by men that look just as good, if not better than you on a regular basis. This is just to be expected, no matter how good you think you look, or actually do. She is just used to it. You introduce yourself and offer your hand to shake. She accepts your hand and tells you her name. Once again, you are doing just fine. This is where the story starts to go downhill, though. There is an awkward pause as she looks at you expecting you to say something else. After all, you approached her. You try desperately to think of something to say. All that comes out is three strikes in a single question because you have nothing better to say. She answers you absently, and looks around for someone that she knows to talk to, greeting them from across the room. She smiles and takes off, politely casting a "nice to meet you" over her shoulder as she runs off with her friends, planning to talk about you when she gets over there and not talk to you for the rest of the night. And you have failed. Now, your question or statement, whatever it was, can be one of many different things. No matter what you said to her or asked her, the message portrayed was the same exact thing. And she read the message loud and clear. What was the message? It is simply: I have nothing to say. That is why she walked away from you without any interest whatsoever. That is why she will not remember your name in fifteen minutes, if she remembers it that long. And that is why you are going home alone.

[Approaching Women](#) - Steve Dean 2021-02-02

Do you want to learn practical ways to seducing her, take her on date, getting her into the bed and win her heart? Do you want to learn the Secrets to eliminate anxiety and increase your social confidence? If yes, then keep reading... The idea of remaining objective rather than subjective is to provide you with clarity. The way you remain objective is to remove your ego from all social interactions with women. For example, picture the woman you want to approach online or in person as a friend of yours. Assume you already know her; this will help calm your nerves for the initial approach. This works especially well if you get anxious just before a first date. The reason you want to picture her as a friend is because it removes that mental block of thinking she is a complete stranger thus freaking yourself out for no reason. Remember in your mind you may be intimidated to be around her but to me or any other guy she would just be another girl. She only holds the value you create. How crazy is it for you to think someone is too good for you just based on her outer appearance? Unless you're psychic there is no way to assume this. Now, since you are human you may still feel slightly hurt if you misinterpret selection for rejection. If you still feel bothered or hurt then do something that will bring your confidence back up. Say to yourself: I am the captain of my fate, the master of my soul; I have the power, only I am in control and I now release myself of this negative thought. So if you are getting nervous being around or even approaching just know that you are the only one who is provoking that state of mind. The guy who is able to remove his ego from the social situation knows that even if he doesn't get the desired outcome he wants from the approach or from the date, he is remaining objective because what others think or feel of you have no tangible power over you, meaning if you want freedom you can't let someone else dictate your state of mind. You are special, there is only one of you in the entire world, so the woman who you decide to give a chance to just won the lottery. When you become the best version of yourself you will no longer have approach anxiety. Start small-talk with strangers every now and then, make more eye contact with people, and smile more. This will dramatically increase your comfort level when you realize there is nothing to fear. The invisible obstacle of approach is non-existent, because the obstacles you place in front of yourself I can't see, therefore have no effect over me and I will approach whoever I want. Like Shakespeare said, "Nothing is either good or bad, only thinking makes it so." This book gives a comprehensive guide on the following: How to attract women What is approaching The best ways to approach Warm approaches Eliminating approach anxiety How to beat insecurity and

neediness Tell yourself you're great how to flirt with a woman over texts How to get the guy of your dreams. How to have confident body language Kick things off with light flirting Texting tips to get more dates Why women don't like "nice guys" ... AND MORE!!! What are you waiting for? Click buy now!!

### **Do Less** - Kate Northrup 2019

A practical and spiritual guide for working moms to learn how to have more by doing less. This is a book for working women and mothers who are ready to release the culturally inherited belief that their worth is equal to their productivity, and instead create a personal and professional life that's based on presence, meaning, and joy. As opposed to focusing on fitting it all in, time management, and leaning in, as so many books geared at ambitious women do, this book embraces the notion that through doing less women can have--and be--more. The addiction to busyness and the obsession with always trying to do more leads women, especially working mothers, to feel like they're always failing their families, their careers, their spouses, and themselves. This book will give women the permission and tools to change the way they approach their lives and allow them to embrace living in tune with the cyclical nature of the feminine, cutting out the extraneous busyness from their lives so they have more satisfaction and joy, and letting themselves be more often instead of doing all the time. *Do Less* offers the reader a series of 14 experiments to try to see what would happen if she did less in one specific way. So, rather than approaching doing less as an entire life overhaul (which is overwhelming in and of itself), this book gives the reader bite-sized steps to try incorporating over 2 weeks!

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it-and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.
