What Women Want in the Bedroom - Terrence Walker 2015-01-13

Roni sets out to find out what women want in the bedroom. His ultimate goal is to satisfy them sexually. He is willing to do almost anything the women ask him to do. He started out being a gigolo, but before his journey is done he has become more, or less a john paying the women to have sex with them to satisfy their sexual needs. But once he meets his stalker Grace, she is willing to do almost anything to win him over. This includes paying him, or blackmailing him to have sex with her. Now he knows what women want in the bedroom and what women don't want in the bedroom. Most women want a good love maker. They want someone that can satisfy them with oral sex that good tongue action. You will know when you are doing it right. She will be moaning and groaning making all those weird sounds and noises. She will be trying her best to scoot away from that tongue action, but wanting more. She will be busting juices all in your face.

They are looking for a man that can stay hard with his penis for at least twenty minutes and that depends on how old the woman is. If you are a two to five minute man and you cannot get it back up, you are probably more than likely wasting her time. Unless she's an elderly woman and she's just trying to get a quickie in, because any time much longer causes her some type of pain. Your penis size does matter to most women. But it matters even more to them if you don't know how to use it. Usually they want an above size penis, seven to eight inches is the preferable size. However, if you have an above size penis that alone may not satisfy them especially if you are just jamming it in them. Some women want good pain. But most women don't want extreme pain where you are hurting them. Good pain is when she feels your entire penis in her and you're not hurting her. It feels good to her, she wants more sex. Extreme pain is when you cannot put your entire penis in her, but you continue to try and jam it in her. It feels like you are tearing something inside her. It's hurting her. Women want to snuggle up, cuddle in the bedroom and watch a movie together. She would like that even more than you embracing her while watching a movie at a theater, because in the bedroom the both of you are in a secluded room. Not only do women want to cuddle, they want foreplay. They want to be kissed on. They want to be touched, and rubbed on. Men do not expect women to give you head if you're not willing to go down on them and give them head in return. When you first get with a woman don't go running your mouth gossiping like a woman telling your boys that you had sex with her last night. Because that may be the last time you get, or lick on her goodies again. Men don't talk to women like you're the shit in bed and you're only a two minute man. Especially if it takes you days, or a week before you can perform for another two more minutes again. You may have gotten her excited anticipating that you're going to perform much longer than you can. Don't get yourself off and forget about your woman. Men, women don't like that. Men don't say you have a foot long in your pants, when you're only carrying a half of foot long. It's not like she won't notice it when you're having sex with her. Women like men to engage during sex. Don't make the woman do all the work. And don't just

stare at the woman during sex, it might seem a little creepy to her. Men don't tell women that you suck a mean clit and you don't know what you're doing when you go down on her. If you don't know how to use your tongue keep it in your mouth, or don't waste her time trying. Men don't be afraid to ask her what she wants you to do to her in the bedroom. Remember it's all about keeping her happy. You wouldn't want your woman to get mad at you and take those goodies away from you for a short period of time. Now would you? It's not to many things on earth that feels better than some women goodies. If she with holds them from you that can amount to corporal punishment.
