**The Quirky Tale of April Hale** - Octo  
2015-10-13

Tall, dark, and mysterious-Ryder Black is everything a girl wants. The catch? He's trouble. Naturally, he's irresistibly charming. Surprisingly, he's impressively academic, too. But it's his knack for getting into fights that makes him notorious. Dorky, clumsy, and just plain odd-April Hale talks like Yoda, eats her food based on the day of the week, and prefers binge watching TV shows to partying. She has also spent the past few years eavesdropping on the Blacks' morning fights. It was her daily routine. Until that one morning that Ryder

catches her looking into his bedroom window... and she becomes all but anonymous in his eyes. Hell-bent on making contact, Ryder gets a sneak peek into the quirky world of April when she stuffs all of her fingers in her mouth and faints the first time he talks to her. She's unusual. He's captivated. In this delightfully wacky and fun story, we discover that sometimes what makes us outcasts from the world are the very things that make us special. Join April and Ryder in their journey to discovering more about life... and about each other. It will give you butterflies in the stomach, tickle your funny bones, and pull at your heartstrings until the very last page.

*The Sins of the Past* - Eric Butler 2021-02-19  
Once an ancient race of supreme beings ruled over the earth. Banished by the light centuries ago, one has returned. With the help of its disciples, it desires to plunge the world into a new age of darkness and horror. Ephraim Godwin searches for the truth about his family's disappearance. After conventional ways failed, he turned to the world of spiritualism, only to discover it filled with charlatans and tricksters. As a known skeptic, Ephraim fights to shine a light on those who prey on others as he searches for the truth. As Ephraim attends another séance, he will discover not everyone is a fraud and finds himself drawn deeper into the world of the supernatural. With the help of noted spiritualist Zona Whitlock and famed explorer Doctor Livingstone, he can only pray they stop this darkness from consuming the world.

**Critical Perspectives on Linguistic Fixity and Fluidity** - Jürgen Jaspers 2018-12-21

This volume offers a critical perspective on current views on linguistic fixity and fluidity in sociolinguistics and highlights empirical accounts alternative to prevailing trends in the field. Featuring accounts from a broad range of regional contexts, the collection takes stock of such terms as "polylingualism", "metrolingualism" and "translanguaging" to question perceptions around multilingual and monolingual language use. The book critiques the status of fluid language use as a more "natural" language practice and in turn, its greater potential for corresponding social transformation, demonstrating the value of linguistic fixity and the continuous debate between fixity and fluidity in multilingual speakers' lives. In providing these accounts, the book seeks not to advocate for linguistic fixity or

fluidity, but to argue that sociolinguists pay close attention to the way both types of linguistic practice open up or close down avenues for social transformation. This collection is a key reading for graduate students and scholars in sociolinguistics, multilingualism, and linguistic anthropology.
