*Thirty Talks Weird Love* - Alessandra Narváez Varela 2021

A 13-year-old girl growing up in Mexico is visited by her 30-year-old future self in this powerful Young Adult novel in verse about accepting yourself. Out of nowhere, a lady comes up to Anamaría and says she's her, from the future. But Anamaría's thirteen, she knows better than to talk to some weirdo stranger. Girls need to be careful, especially in Ciudad Juárez, Mexico--it's the 90's and fear is overtaking her beloved city as cases of kidnapped girls and women become alarmingly common. This thirty-year-old "future" lady doesn't seem to be dangerous but she won't stop bothering her, switching between cheesy Hallmark advice about being kind to yourself, and some mysterious talk about saving a girl. Anamaría definitely doesn't need any saving, she's doing just fine. She works hard at her strict, grade-obsessed middle school--so hard that she hardly gets any sleep; so hard that the stress makes her snap not just at mean girls but even her own (few) friends; so hard that when she does sleep she dreams about dying--but she just wants to do the best she can so she can grow up to be successful. Maybe Thirty's right, maybe she's not supposed to be so exhausted with her life, but how can she ask for help when her city is mourning the much bigger tragedy of its stolen girls? This thought-provoking, moving verse novel will lead adult and young adult readers alike to vital discussions on important topics--like dealing with depression and how to

recognize this in yourself and others--through the accessible voice of a thirteen-year-old girl. Alessandra Narváez Varela was born and raised in Ciudad Juárez, México. She earned a B.S. in Biology and an M.F.A. in Creative Writing from the University of Texas at El Paso, where she now teaches. This is her debut novel.

*The Charisma Myth* - Olivia Fox Cabane  
2013-03-26

What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. *The Charisma Myth* shows you how to become more influential, more persuasive, and more inspiring.

*Get Over Yourself!* - Patti Novak 2008-12-30  
True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it--and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your

attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

**Talking to Strangers** - Malcolm Gladwell  
2019-09-10

THE INTERNATIONAL BESTSELLER  
'Compelling, haunting, tragic stories . . . resonate long after you put the book down'  
James McConnachie, Sunday Times Book of the Year  
The routine traffic stop that ends in tragedy. The spy who spends years undetected at the highest levels of the Pentagon. The false conviction of Amanda Knox. Why do we so often get other people wrong? Why is it so hard to detect a lie, read a face or judge a stranger's motives? Using stories of deceit and fatal errors to cast doubt on our strategies for dealing with the unknown, Malcolm Gladwell takes us on an intellectual adventure into the darker side of human nature, where strangers are never simple and misreading them can have disastrous consequences.

[What Do You Say After You Say Hello](#) - Eric Berne  
2010-02-23

AS RECOMMENDED BY PHILIPPA PERRY IN THE GUARDIAN: 'This is about learning what adaptations you may unconsciously have built up throughout your life and how much easier it is to connect after we have let those defences go'  
Have you ever met someone who seems to get their way in every conversation they have? This book explains why. From the multimillion-bestselling author of *GAMES PEOPLE PLAY* and one of the godfathers of modern psychology, perfect for fans of Philippa Perry, Dale Carnegie and James Clear. 'More interesting and ambitious than his best-selling "*Games People*

Play,"... the primary virtue of Berne's descriptions is... their comprehensibility and accessibility. Eric Berne has [offered] therapy to many thousands and [provided] advice and counsel to millions more.' - NEW YORK TIMES What Readers are saying: \*\*\*\*\* - 'This book changed my life; reading it helped me to identify the life scripts that I was unconsciously following.' \*\*\*\*\* - 'With almost every page my understanding of human conversation improved by an insane amount.' \*\*\*\*\* - 'If you want to communicate well and to understand yourself - and other people - better, you ab-so-lu-te-ly need to read Eric Berne.'

\*\*\*\*\*

\*\*\*\*\* This book explains what makes the winners win, the losers lose, and the in-betweens so boring... In it, Dr Eric Berne reveals how everyone's life follows a predetermined script - a script they compose for themselves during early childhood. The script may be a sad one, it may be a successful one; it decides how a person will relate to his colleagues, what sort of person he will marry, how many children he will have, and even what sort of bed he will die in... What Do You Say After You Say Hello? demonstrates how each life script gets written, how it works and, more important, how anyone can improvise or change his script to make a happy ending...
