Start Before You're Ready - Mick Spencer 2019-02-19

Unleash your entrepreneurial spirit with a counterintuitive approach to starting your own venture or taking your career to the next level. *Start Before You're Ready* offers entrepreneurs an inspiring new roadmap to success — one that runs against nearly everything you've ever been taught about business. Author Mick Spencer is living proof that success doesn't always rest down the traditional path of formal education and deep pockets. At the age of 22, with nothing to his name, he founded ONTHEGO Custom Apparel (www.otgcustom.com), a customised apparel and uniform company. Since then he has built a worldwide network of movers and shakers and raised millions in venture capital. His company is now a multi-million-dollar player on the international stage, disrupting the slow-moving industry with a modern blend of technological disruptions and social responsibility. In this book, he presents a solid case that analysis paralysis and endless 'preparation' won't get you anywhere — you have to take that leap and do what you really want to do. Indeed, start before you're ready. Spencer challenges you to get outside your comfort zone and, although intimidating, his approach forces you to learn 'on the go' and focus on what you can do rather than

what you can't. All the Birds, Singing - Evie Wyld 2013-06-20

'A thoughtful and intense account of a young woman seemingly determined to disappear from the world's radar...' Observer Jake Whyte is the sole resident of an old farmhouse on an unnamed British island, a place of ceaseless rains and battering winds. It's just her, her untamed companion, Dog, and a flock of sheep. Which is how she wanted it to be. But something is coming for the sheep - every few nights it picks one off, leaves it in rags. It could be anything. There are foxes in the woods, a strange boy and a strange man, rumours of an obscure, formidable beast. And there is Jake's unknown past, perhaps breaking into the present, a story hidden thousands of miles away and years ago, in a landscape of different colour and sound, a story held in the scars that stripe her back. 'Unsettling, dark and extraordinarily fresh' The Times 'A hair-prickling thriller... It's the quality of [Wyld's] prose that really blows your mind' Metro ****Shortlisted for the Costa Novel Prize**** ****Longlisted for the Women's Prize for Fiction****

The 48 Laws of Power - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in

gaining, observing, or defending against ultimate control - from the author of The Laws of Human Nature. In the book that People magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. *The Charisma Myth* shows you how to become more influential, more persuasive, and more inspiring.
