The Company They Kept - Lara Putnam 2003-11-03

In the late nineteenth century, migrants from Jamaica, Colombia, Barbados, and beyond poured into Caribbean Central America, building railroads, digging canals, selling meals, and farming homesteads. On the rain-forested shores of Costa Rica, U.S. entrepreneurs and others established vast banana plantations. Over the next half-century, short-lived export booms drew tens of thousands of migrants to the region. In Port Limon, birthplace of the United Fruit Company, a single building might house a Russian seamstress, a Martinican madam, a Cuban doctor, and a Chinese barkeep--together with stevedores, laundresses, and laborers from across the Caribbean. Tracing the changing contours of gender, kinship, and community in Costa Rica's plantation region, Lara Putnam explores new questions about the work of caring for children and men and how it fit into the export economy, the role of kinship as well as cash in structuring labor, the social networks that shaped migrants' lives, and the impact of ideas about race and sex on the exercise of power. Based on sources that range from handwritten autobiographies to judicial transcripts and addressing topics from intimacy between prostitutes to insults between neighbors, the book illuminates the connections between political economy, popular culture, and everyday life.

Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

Why are men taught how to treat women correctly, But women aren't taught how to treat men correctly? - TJ Clemons

This is a step in the direction of reality. Our society teaches us as men to cherish and respect women. We are taught from a very young age not to hit women and to handle them with extreme care. We are fed the doctrine that women are made up of "sugar and spice and everything nice!" There is some truth to this notion of the female nature. But then there is the other side of the coin. A lot of women tend to act out emotionally. Some of them to extreme levels. Women can be as unpredictable as the weather. This is to such an extreme that up until recent history all the tropical hurricane storms were given female names because of the extreme nature of their destructive power and energy. I myself respect women up to the point that they become disrespectful with me. Then in that case I may or may not choose to entertain their antics. I also don't believe in putting my hands on a woman in anger. But I will use the necessary force to protect myself from hurt, harm, or danger. Some men don't use restraint and tend to go by the notion that if they can put their hands on them like a man then they have the absolute right to return the same or a higher level of physical force. This brings me to the current topic at hand. If men are taught from children how to deal with and treat a woman, then why are women not given the same lessons when it comes to dealing with their male counterparts? It seems like it would be a common sense response. But it is not in fact a common practice. In fact women are often encouraged to do the exact opposite. They are in some cases given the green light to act out in uncivilized manners. Women will often congregate and have conversations about this same topic. They will encourage each other to act like a "bitch." They will often celebrate and inspire their female friends and relatives to treat the men that they love and cherish like he is unworthy of her affections. I believe this is an act of other bitter and scorned women who want to destroy healthy and happy relationships. This sounds very crazy when you say it out loud but this happens quite often in our society. It is practically a right of passage. I have witnessed it with my own eyes and ears. These women will hype up their female associates into an emotionally destructive frenzy. And when the preverbal chips fall where they may and the dust clears these "supportive" female's then will take no responsibility for your viscous actions. They will stand in amazement and in some cases blame the same woman that they gave this outrageous advice to for following their otherwise friendly recommendations. They may even step in and pick up the pieces and become "friendly" with your former male associate. So before you listen to a group of potential female haters take a moment and debate the notion of their motivation to sabotage your loving partnership. There is power in their words and actions. And there is equal power in your reaction to their subliminal suggestions. Sometimes it is better to think for yourself rather than seek the advice of others.
