The Game Plan Kristen Callihan 2015-11-01 A beard-related dare and one hot-as-hell kiss changes everything. NFL center Ethan Dexter's focus has always been on playing football and little else. Except when it comes to one particular woman. The lovely Fiona Mackenzie might not care about his fame, but she's also never looked at him as anything more than one of her brother-in-law's best friends. That ends now. Fi doesn't know what to make of Dex. The bearded, tattooed, mountain of man-muscle looks more like a biker than a football player. Rumor has it he's a virgin, but she finds that hard to believe. Because from the moment he decides to turn his quiet intensity on her she's left weak at the knees and aching to see his famous control fully unleashed. Fi ought to guard her heart and walk away; they live vastly different lives in separate cities. And Dex is looking for a forever girl. But Dex has upped his game and is using all his considerable charm to convince Fi he's her forever man.

kiss. But time moves on, and everything shifts. People change, and sometimes friendships fade away. High school pulled us apart: Leo's suddenly the most popular guy in school, a football star and the object of every girl's fantasy. Nate and I are just people he used to know, the ones he left behind. Of course, since I've been in love with Leo from the time we were eight, that stings a little. And to complicate matters, I know that Nate is hung up on me. I see the look in his eyes. I wish I could say I felt the same, but I don't. It's getting harder and harder to keep him in the friend zone, though. Then Leo and I were thrown together again, sticking up for Nate. Sun of Many Colors Jacob Snow 2014-07-01 This is not a book about Religion. Using the real birthday of Jesus, kinda, plus fractals and other patterns found in nature, I have created several new zodiac charts to help locate, and describe, the evil ones among us. I gave these charts such names as 'Heaven to Hell', 'Child, Teen, Adult', 'Leaping Lizards', and my favorite, 'The Wheel of Good & Evil'. With certain specific patterns, I was able to locate such horrible people as 'The Professional Victims', 'People of Rage', and 'The Laughing Idiots'. A 'Health Chart' is included that might help you feel better and look younger for years longer. It uses the separation of white light through a prism, or the power of 3, to let you know who on the zodiac wheel might help in restoring you back to life. If hell is other people, then heaven can be other people too. Names were giving to all 12 zodiac zones on the wheel, and most of the evil subzones too. These names describe the basic essence of those individuals who were born inside those zones. Some of the names giving include:

The Noble Art of Seducing Women - My Foolproof Guide to Pulling Any Woman You Want Kezia Noble 2012-02-23 Have you ever dreamt of becoming an infallible seducer of women? This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Manaus Leo A. Despres Manaus, an urban-industrial center in the Amazon, serves in this book as a microcosmic case of dependent capitalist

development in Latin America. With the creation of a Free Trade Zone and a strong program of fiscal incentives in 1967, the Brazilian government initiated a large-scale project designed to establish an industrial pole in Manaus. This book is an anthropological study of the impact of this type of development on the economic, social, and cultural life of working class families. This study underscores the work relationships between different economic sectors, the economy of households, the organization of domestic groups and, ultimately, the social engagement of working class families in the life of their neighborhoods, the city, and the larger Brazilian society. Despres examines the theoretical value of modernization, dependency, and modes of production approaches for understanding the social formation of working class populations. In discussing capitalist development in Brazil, the author grapples with the problems of urbanization, industrialization, and economic development in Latin America generally.

Electric Blue Love Rebecca Jenshak 2022-02-21 A friends to lovers age-gap romance. Court: Here's a thing I learned a long time ago... guys and girls don't think about relationships the same way. Especially in college. So, when I caught the girl sitting next to me on the plane reading a magazine article on how to get out of the friend zone, I did something I never do - I got involved. One look into her electric blue eyes and the darkness inside of me faded. Light and hope radiated from her like a neon sign. Guys like me know how to get the girl, but we rarely get to keep them. Bianca: Girls like me fade into the background. Nice, quiet, smart girls without the latest trendy clothes. My friendship with Court started as an opportunity to get inside the male mind, but it turned into so much more. His touch sent current coursing through my veins. His kiss jolted my heart. But here is something I learned a long time ago... you can't force people to love you back. No matter how much you long for them.
