Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

How to Become The Girl That Men Adore - Lisa Ryder 2022-03-09
If you asked most women today what type of girl men adore and couldn't live without they would answer that she would have to be an Angelina Jolie lookalike or at the very least be blond, blue-eyed and have killer legs. While this type of woman would definitely attract a lot of attention, she actually isn't the type of woman that men adore. Now girls, that's really good news for most of us! You see, while men are visual creatures and that first attraction is sparked from looks, you would be surprised to find out how much more men actually want from women. For example, a team of sociologists conducted a study, trying to understand if there was

a common denominator that men found attractive in women; that one thing that would get any guy to want to go over and talk to a girl. You would never guess what the result was. No, it wasn't her breasts, her legs or her bum. In fact, it wasn't any body part below her chin and it wasn't her features, either. It was her smile. The majority of men stated that they found nothing as attractive as a woman's smile. The point of this revelation is that you have to put your preconceived notions and the rules society has beaten into you all to one side. You need to understand that fundamentally, men and women are different and it's alright to be a woman. There's nothing wrong with giving up control to your partner once in a while, especially since it will make you feel better as well....

Final Solution is Here... [Currently, buy the Paperback and get the Kindle eBook included for free. Soon, it won't be free] If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We

also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations.
