Girl Talk - Jacqueline Mroz 2018-11-13

A veteran science reporter's investigation into the fascinating and distinctive nature of women's friendships In Girl Talk, New York Times science reporter Jacqueline Mroz takes on the science of female friendship -- a phenomenon that's as culturally powerful as it is individually mysterious. She examines friendship from a range of angles, from the historical to the experiential, with a scientific analysis that reveals new truths about what leads us to connect and build alliances, and then "break up" when a friendship no longer serves us. Mroz takes a new look at how friendship has evolved throughout history, showing how friends tend to share more genetic commonalities than strangers, and that the more friends we have, the more empathy and pleasure chemicals are present in our brains. Scientists have also reported that friendship directly influences health and longevity; women with solid, supportive friendships experience fewer "fight or flight" impulses and stronger heart function, and women without friendships tend to develop medical challenges

on par with those associated with smoking and excessive body weight. With intimate reporting and insightful analysis, Mroz reveals new awareness about the impact of women's friendships, and how they shape our culture at large.

Gaming Masculinity - Megan Condis 2018-05-01

In 2016, a female videogame programmer and a female journalist were harassed viciously by anonymous male online users in what became known as GamerGate. Male gamers threatened to rape and kill both women, and the news soon made international headlines, exposing the level of abuse that many women and minorities face when participating in the predominantly male online culture. Gaming Masculinity explains how the term "gamer" has been constructed in the popular imagination by a core group of male online users in an attempt to shore up an embattled form of geeky masculinity. This latest form of toxicity comes at a moment of upheaval in gaming culture, as women, people of color, and LGBTQ individuals demand

broader access and representation online. Paying close attention to the online practices of trolling and making memes, author Megan Condis demonstrates that, despite the supposedly disembodied nature of life online, performances of masculinity are still afforded privileged status in gamer culture. Even worse, she finds that these competing discourses are not just relegated to the gaming world but are creating rifts within the culture at large, as witnessed by the direct links between the GamerGate movement and the recent rise of the alt-right during the last presidential election. Condis asks what this moment can teach us about the performative, collaborative, and sometimes combative ways that American culture enacts race, gender, and sexuality. She concludes by encouraging designers and those who work in the tech industry to think about how their work might have, purposefully or not, been developed in ways that are marked by gender.

Post Memes - Daniel Bristow 2019

Art-form, send-up, farce, ironic disarticulation, pastiche, propaganda, trololololol, mode of critique, mode of production, means of politicisation, even of subjectivation - memes are the inner currency of the internet's circulatory system. Independent of any one set value, memes are famously the mode of conveyance for the alt-right, the irony left, and the apoliticals alike, and they are impervious to many economic valuations: the attempts made in co-opting their discourse in advertising and big business have made little headway, and have usually been derailed by retaliative meming. POST MEMES: SEIZING THE MEMES OF PRODUCTION takes advantage of the meme's subversive adaptability and ripeness for a focused, in-depth study. Pulling together the interrogative forces of a raft of thinkers at the forefront of tech theory and media dissection, this collection of essays paves a way to articulating the semiotic fabric of the early 21st century's most prevalent means of content posting, and aims at the very seizing of the memes of production for the imagining and creation of new political horizons. With contributions from Scott and McKenzie Wark, Patricia Reed, Jay Owens, Thomas Hobson and Kaajal Modi, Dominic Pettman, Bogna M. Konior, and Eric Wilson, among others, this essay volume offers the freshest approaches available in the field of memes studies and inaugurates a new kind of writing about the newest manifestations of the written online. The book aims to become the go-to resource for all students and scholars of memes, and will be of the utmost interest to anyone interested in the internet's most viral phenomenon. ABOUT THE EDITORS ALFIE BOWN is the author of several books including "The Playstation Dreamworld" (Polity, 2017) and "In the Event of Laughter: Psychoanalysis, Literature and Comedy" (Bloomsbury, 2018). He is also a journalist for the Guardian, the Paris Review, and other outlets. DAN BRISTOW is a recovering academic, a bookseller, and author of "Joyce and Lacan: Reading, Writing, and Psychoanalysis" (Routledge, 2016) and "2001: A Space Odyssey and Lacanian Psychoanalytic Theory" (Palgrave, 2017). He is also the co-creator with Alfie Bown of Everyday Analysis, now based at New Socialist magazine.

The Yakuza's Guide to Babysitting Vol. 3 - Tsukiya 2022-01-28

A GUARDIAN ANGEL OF VENGEANCE Kirishima has grown accustomed to being a babysitter, the distance closing between his and Yaeka's hearts. But just as he finds himself being changed by Yaeka's innocence, tragedy strikes...and reignites a fire inside him. Will this unexpected turn of events bring the two closer together, or will this be the catalyst to reawaken the Demon of the Sakuragi family?

Girl Warriors - Svenja Hohenstein 2019-06-07

Quest narratives are as old as Western culture. In stories like The Odyssey, The Lord of the Rings, Star Wars and Harry Potter, men set out on journeys, fight battles and become heroes. Women traditionally feature in such stories as damsels in need of rescue or as the prizes at the end of heroic quests. These narratives perpetuate predominant gender roles by casting men as active and women as passive. Focusing on stories in which popular teenage heroines--Buffy Summers, Katniss Everdeen and Disney's Princess Merida--embark on daring journeys, this book explores what happens when traditional gender roles and narrative patterns are subverted. The author examines representations of these characters across various media--film, television, novels, posters, merchandise, fan fiction and fan art, and online memes--that model concepts of heroism and girlhood inspired by feminist ideas.

Fat Talk - Mimi Nichter 2009-06-30

Teen-aged girls hate their bodies and diet obsessively, or so we hear. News stories and reports of survey research often claim that as many as three girls in five are on a diet at any given time, and they grimly

suggest that many are "at risk" for eating disorders. But how much can we believe these frightening stories? What do teenagers mean when they say they are dieting? Anthropologist Mimi Nichter spent three years interviewing middle school and high school girls--lower-middle to middle class, white, black, and Latina--about their feelings concerning appearance, their eating habits, and dieting. In *Fat Talk*, she tells us what the girls told her, and explores the influence of peers, family, and the media on girls' sense of self. Letting girls speak for themselves, she gives us the human side of survey statistics. Most of the white girls in her study disliked something about their bodies and knew all too well that they did not look like the envied, hated "perfect girl" But they did not diet so much as talk about dieting. Nichter wryly argues--in fact some of the girls as much as tell her--that "fat talk" is a kind of social ritual among friends, a way of being, or creating solidarity. It allows the girls to show that they are concerned about their weight, but it lessens the urgency to do anything about it, other than diet from breakfast to lunch. Nichter concludes that if anything, girls are watching their weight and what they eat, as well as trying to get some exercise and eat "healthfully" in a way that sounds much less disturbing than stories about the epidemic of eating disorders among American girls. Black girls, Nichter learned, escape the weight obsession and the "fat talk" that is so pervasive among white girls. The African-American girls she talked with were much more satisfied with their bodies than were the white girls. For them, beauty was a matter of projecting attitude ("tude") and moving with confidence and style. *Fat Talk* takes the reader into the lives of girls as daughters, providing insights into how parents talk to their teenagers about their changing bodies. The black girls admired their mothers' strength; the white girls described their mothers' own "fat talk," their fathers' uncomfortable teasing, and the way they and their mothers sometimes dieted together to escape the family "curse"--flabby thighs, ample hips. Moving beyond negative stereotypes of mother-daughter relationships, Nichter sensitively examines the issues and struggles that mothers face in bringing up their daughters, particularly in relation to body image, and considers how they can help their daughters move beyond rigid and stereotyped images of ideal beauty.

Billboard - 2010-10-02

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

She Memes Well - Quinta Brunson 2021

From comedian Quinta Brunson comes a deeply personal and funny collection of essays featuring anecdotes about trying to make it when you're broke, overcoming self-doubt and depression, and how she's used humor to navigate her career in unusual directions. Quinta Brunson is a master of viral Internet content: without any traditional background in media, her humorous videos were the first to break through on Instagram's platform, receiving millions of views. From there, Brunson's wryly observant POV attracted the attention of BuzzFeed's motion picture development department, leading her to produce viral videos there about topics like interracial dating, millennial malaise, and seeing your ex in public. Now, Brunson is bringing her comedic chops to the page in *She Memes Well*, an earnest, laugh-out-loud collection about her weird road to Internet notoriety. In her debut essay collection, Quinta applies her trademark humor and heart to discuss what it was like to go from student loan debt-broke to "halfway recognizable--'don't I know you somewhere?'" level-of-fame. With anecdotes that range from the funny and zany--like her experience trying to find her signature hairstyle--to more grounded material about living with depression, Brunson's voice is entirely authentic and eminently readable. Perfect for fans of Phoebe Robinson's *You Can't Touch My Hair*, Samantha Irby's *We Are Never Meeting in Real Life*, and Issa Rae's *The Misadventures of Awkward Black Girl*, *She Memes Well* will charm and entertain a growing, engaged audience.

Gamergate and Anti-Feminism in the Digital Age - Jessica O'Donnell 2022-10-13

This book provides an in-depth, feminist and sociological analysis of Gamergate, a major social movement and anti-feminist harassment campaign. Gamergate provides a clear example of both how a modern anti-feminist 'backlash' is enacted, and how feminists in the digital age respond. Chapters connect Gamergate to the broader Men's Rights Activism (MRA) political movement, examining men's anxieties surrounding what they see as an erosion of male privilege, their conflation of privilege with rights, as well as their use of

social media to harass and attack women as a response to their perceived oppression. Likewise, the author analyses the online strategies used by feminists to respond to this backlash, how social media is harnessed to build a feminist movement, the effectiveness of these online strategies, and the parallels that these actions have with those from previous waves of feminism. Finally, the author reflects on what has changed with regards to MRA, online harassment, and digital feminism after the height of Gamergate. This book will be of interest to scholars in Gender Studies, Sociology, and Media Studies.

[Youth Cultures and Subcultures](#) - Sarah Baker 2016-02-11

This volume critically examines 'subculture' in a variety of Australian contexts, exploring the ways in which the terrain of youth cultures and subcultures has changed over the past two decades and considering whether 'subculture' still works as a viable conceptual framework for studying youth culture. Richly illustrated with concrete case studies, the book is thematically organised into four sections addressing i) theoretical concerns and global debates over the continued usefulness of subculture as a concept; ii) the important place of 'belonging' in subcultural experience and the ways in which belonging is played out across an array of youth cultures; iii) the gendered experiences of young men and women and their ways of navigating subcultural participation; and iv) the ethical and methodological considerations that arise in relation to researching and teaching youth culture and subculture. Bringing together the latest interdisciplinary research to combine theoretical considerations with recent empirical studies of subcultural experience, *Youth Cultures and Subcultures* will appeal to scholars and students across the social sciences.

Talking About BPD - Rosie Cappuccino 2021-10-21

'I am Rosie. I have BPD. I am not an attention-seeker, manipulative, dangerous, hopeless, unlovable, 'broken', 'difficult to reach' or 'unwilling to engage'. I am caring, creative, courageous, determined, full of life and love.' *Talking About BPD* is a positive, stigma-free guide to life with borderline personality disorder (BPD) from award-winning blogger Rosie Cappuccino. Addressing what BPD is, the journey to diagnosis and available treatments, Rosie offers advice on life with BPD and shares practical tips and DBT-based techniques for coping day to day. Topics such as how to talk about BPD to those around you, managing relationships and self-harm are also explored. Throughout, Rosie shares her own experiences and works to dispel stigma and challenge the stereotypes often associated with the disorder. This much-needed, hopeful guide will offer support, understanding, validation and empowerment for all living with BPD, as well as those who support them.

Creativity and Innovation in Times of Crisis (COVID-19) - Roni Reiter-Palmon 2022-04-06

[Talk Normal](#) - Tim Phillips 2011-09-03

Tim Phillips has been a journalist for 20 years, and during that time he has been slowly driven crazy by bad spokespeople: the jargon, the evasiveness, the inability to make a point or to answer a direct question. Now that every company has a small army dedicated to communications, the problem seems to be getting worse. That's why we should stop thinking about spin and management, and start concentrating on talking like human beings. Is this possible? *Talk Normal* is an attempt to find out. Based on the author's blog, www.talknormal.co.uk it's full of excruciating examples of corporate jargon, and it will help you to steer a path to better communication, whilst coping with the worst excesses of management speak at work.

Know Your Role, Know Your Road and Stay In Your Lane - Tarshish S. Newberry 2014-04-10

This book is about eight women that are in a strenuous relationship, the crying, the heart aches, and the long nights that people do not see or expect to go through when entering a relationship, some surviving their obstacles and others did not. How eight different women wanting the same thing from their man end up on different roads by their choices in life. Also, it has a straight forward view of conducted interviews with men and my personal opinion on being that desired wife. Including my testimonies how God or whatever deity you believe in can be your strength and pull you through.

How to Attract Women If You're Not That Attractive - Enrique Voltaire 2017-04-13

What is the Best Way to Approach an Attractive Lady? How do you get her attention? What should you say?

How do you ask for her phone number? Some guys are so good-looking that girls naturally flock to them. Other guys, who are not as genetically blessed, have to use courage, humor, intelligence, psychology, and resiliency to attract beautiful women. *How to Attract Women if You're Not That Attractive* answers everything you need to know about attracting women if you do not look like Prince Charming.

Parable of the Brown Girl - Khristi Lauren Adams 2020-02-04

The stories of girls of color are often overlooked, unseen, and ignored rather than valued and heard. In *Parable of the Brown Girl*, minister and youth advocate Khristi Lauren Adams introduces readers to the resilience, struggle, and hope held within these stories. Instead of relegating these young women of color to the margins, Adams bring their stories front and center where they belong. By sharing encounters she's had with girls of color that revealed profound cultural and theological truths, Adams magnifies the struggles, dreams, wisdom, and dignity of these voices. Thought-provoking and inspirational, *Parable of the Brown Girl* is a powerful example of how God uses the narratives we most often ignore to teach us the most important lessons in life. It's time to pay attention.

Fake Geek Girls - Suzanne Scott 2019-04-16

Reveals the systematic marginalization of women within pop culture fan communities When *Ghostbusters* returned to the screen in 2016, some male fans of the original film boycotted the all-female adaptation of the cult classic, turning to Twitter to express their disapproval and making it clear that they considered the film's "real" fans to be white, straight men. While extreme, these responses are far from unusual, with similar uproars around the female protagonists of the new *Star Wars* films to full-fledged geek culture wars and harassment campaigns, as exemplified by the #GamerGate controversy that began in 2014. Over the past decade, fan and geek culture has moved from the margins to the mainstream as fans have become tastemakers and promotional partners, with fan art transformed into official merchandise and fan fiction launching new franchises. But this shift has left some people behind. Suzanne Scott points to the ways in which the "men's rights" movement and antifeminist pushback against "social justice warriors" connect to new mainstream fandom, where female casting in geek-nostalgia reboots is vilified and historically feminized forms of fan engagement—like cosplay and fan fiction—are treated as less worthy than male-dominant expressions of fandom like collection, possession, and cataloguing. While this gender bias harkens back to the origins of fandom itself, *Fake Geek Girls* contends that the current view of women in fandom as either inauthentic masqueraders or unwelcome interlopers has been tacitly endorsed by Hollywood franchises and the viewer demographics they selectively champion. It offers a view into the inner workings of how digital fan culture converges with old media and its biases in new and novel ways.

How to Talk to Girls - Alec Greven 2009-02

How To Talk To Girls is the US smash hit bestseller from nine year old dating guru, Alec Greven.

[Visual and Cultural Identity Constructs of Global Youth and Young Adults](#) - Fiona Blaikie 2021-06-03

This collection brings together the ideas of key global scholars focusing on the lives of youth and young adults, examining their visual and cultural identity constructs. Embracing an international perspective encompassing the Global North and Global South, chapters explore expressions and performances of youth and young adults as shifting and entangled, in and through the clothed body, gender, sexuality, race, artistic and pedagogical making practices, in spaces and places, framed by new materialism, social media, popular and material culture. The overarching emphasis of the collection is on youth and young adults' strategies for engaging in and with the world, becoming a someone, and belonging, in settings that include a juvenile arbitration program, an artist community, high schools, universities, families and social media. This truly interdisciplinary and international collection will have resonance not just within cultural and media studies, but also in education, anthropology, sociology, gender studies, child and youth studies, visual culture, and communication studies.

The Climate Girl Effect - Heather M Crandall 2022-09-15

Carolyn M. Cunningham and Heather M. Crandall analyze the rise of climate activist girls who manage to advance the climate movement using social media, ingenuity, and an intersectional approach. United and focused, they confront the challenges of global systems and cultures that maintain power through all kinds of oppression.
