Pocket Book of Hospital Care for Children -  
World Health Organization 2013

The Pocket Book is for use by doctors nurses and other health workers who are responsible for the care of young children at the first level referral hospitals. This second edition is based on evidence from several WHO updated and published clinical guidelines. It is for use in both inpatient and outpatient care in small hospitals with basic laboratory facilities and essential medicines. In some settings these guidelines can be used in any facilities where sick children are admitted for inpatient care. The Pocket Book is one of a series of documents and tools that support the Integrated Managem.

**Shakespeare and Indian Nationalism** -

Manojit Mandal 2023-09-29

Shakespeare and Indian Nationalism aims to articulate the reception of Shakespeare by the 19th-century Indian intelligentsia from Bengal

and their ambivalent approach to the Indian Renaissance and consequent nationalist project. Showcasing the cultural politics of British imperialism, this volume focuses on six early nationalist writers and their engagement with Shakespeare: Hemchandra Bandopadhyay (1838-1903), Girishchandra Ghosh (1844-1912), Purnachandra Basu (1844-unknown), Iswarchandra Vidyasagar (1820-1891), Bankimchandra Chattopadhyaya(1838-1894), and Rabindranath Tagore (1861-1941). Drawing on Antonio Gramsci's theory of hegemony and a host of prominent writers of cultural politics, nationalism and Indian history, this interdisciplinary approach combines postcolonial studies and Shakespeare studies in an attempt to reconcile the existence of an unbridled admiration for an English cultural icon in India alongside the rise of nationalism and a fierce resistance to British rule. The book, finally, moves to re-explore Shakespeare's position in academic, political and popular nationalist

discourses in postcolonial India.

*Widows, Wives, and Other Heroines* -  
Premacanda 1998

In a great many of his stories Premchand assigns the heroic role to women. This collection brings together several of these, many of them previously untranslated, with an introduction which outlines Premchand's life and works. For Premchand women were the apostles of common sense, opposed to the dead weight of caste and religious traditions that had outlived their usefulness. While Premchand never tires of dramatizing the plight of defenceless women, exploited and even terrorized by society, refreshingly, not all his heroines remain victims. And although the main focus in these stories is the position of women in Indian society, other social questions - religious intolerance, nationalism, political corruption, poverty - often come to the fore.

**Social Science Research** - Anol Bhattacharjee  
2012-04-01

This book is designed to introduce doctoral and graduate students to the process of conducting scientific research in the social sciences, business, education, public health, and related disciplines. It is a one-stop, comprehensive, and compact source for foundational concepts in behavioral research, and can serve as a stand-alone text or as a supplement to research readings in any doctoral seminar or research methods class. This book is currently used as a research text at universities on six continents and will shortly be available in nine different languages.

**Jonathan Strange and Mr Norrell** - Susanna Clarke 2009-02-24

OVER 4 MILLION COPIES SOLD WORLDWIDE  
Shortlisted for the Whitbread First Novel Award and the Guardian First Book Award; longlisted for the Man Booker Prize 'Unquestionably the finest English novel of the fantastic written in the last seventy years ... Funny, moving, scary, otherworldly, practical and magical' NEIL

GAIMAN The year is 1806. centuries have passed since practical magicians faded into the nation's past. But scholars of this glorious history discover that one remains: the reclusive Mr Norrell, whose displays of magic send a thrill through the country. Proceeding to London, he raises a beautiful woman from the dead and summons an army of ghostly ships to terrify the French. Yet the cautious, fussy Norrell is challenged by the emergence of another magician: the brilliant novice Jonathan Strange. Young, handsome and daring, Strange is the very antithesis of Norrell. So begins a dangerous battle between these two great men which overwhelms that between England and France. And their own obsessions and secret dabbings with the dark arts are going to cause more trouble than they can imagine.

into English can be used in everyday life, one can improve his or her grasp about using both the language. Besides the author, a good bi-linguist, has even detailed the grammatical aspects about each topic given in the book, which offer self-improving problems with easy solutions to them. Different sections have been created so as to improve the reader's basic grammar, which includes Nouns, Pronouns, Tenses, Sentence making, etc. Each section comes with a separate practice set that lets the readers test English reading, writing and speaking skills as well as the translation ability that one has been able to learn. There is even a separate vocabulary section to help readers learn more new words and how to use them effectively while communicating. With step-by-step guidelines, one can surely bring fluency in their English language usage over a few months.

*Poems by Emily Dickinson* - Emily Dickinson  
1890

**Watching the English** - Kate Fox 2005-04-11  
In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.
