Love to Love You Baby - Kasey Michaels
2015-03-09

BOOK ONE IN THE BROTHERS TREHAN SERIES. Jack Trehan is young, rich, and reluctantly retired from his first love, major league baseball. Keely McBride is young, not so rich, and fired rather than retired from her first love, being a big city interior designer. Do opposites attract? Not so much... but when forced together for the sake of a child whose biggest problem might be that her vanishing mamma named her Magenta Moon, add in an eccentric aunt, a wanna-be mobster, a

chameleon-like babysitter, a nosy social worker and, ah, more than a dash of unexpected romantic attraction, and you have a pot overflowing with love and laughter.

Dub - Michael Veal 2007-04-30

Winner of the ARSC's Award for Best Research (History) in Folk, Ethnic, or World Music (2008) When Jamaican recording engineers Osbourne "King Tubby" Ruddock, Errol Thompson, and Lee "Scratch" Perry began crafting "dub" music in the early 1970s, they were initiating a musical revolution that continues to have worldwide influence. Dub is a sub-genre of Jamaican reggae that flourished during reggae's "golden age" of the late 1960s through the early 1980s. Dub involves remixing existing

recordings—electronically improvising sound effects and altering vocal tracks—to create its unique sound. Just as hip-hop turned phonograph turntables into musical instruments, dub turned the mixing and sound processing technologies of the recording studio into instruments of composition and real-time improvisation. In addition to chronicling dub's development and offering the first thorough analysis of the music itself, author Michael Veal examines dub's social significance in Jamaican culture. He further explores the "dub revolution" that has crossed musical and cultural boundaries for over thirty years, influencing a wide variety of musical genres around the globe.

Billboard - 1964-07-25

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and

Girl Groups - John Clemente 2013-06-24

From the 1950s through the 1980s girl groups were hot and not just because of their looks. These rocking women had a profound impact in our culture, and left us with a lifetime's worth of memorable tunes. Now you can learn about all your favorite female artists, and you can build the ultimate girl-powered record collection for yourself! This all-new book features biographical information on over seventy of the most significant girl groups of rock n roll and rhythm n blues, everyone from The Supremes to The Go-Gos. These profiles contain complete discographies for each of the groups and quotes from members of the many of the featured groups. Also included: A comprehensive listing of all girl group and their labels Pricing for 500 of the most collectible girl group records More than 200 photos This book enables all music lovers to learn how those fabulous voices came together to form the harmonies that captured

generations and also find out the most current values of the hottest collectible records.

Motown Encyclopedia - Graham Betts
2014-06-02

Motown means different things to different people. The mere mention of perhaps the most iconic record label in history is often enough to invoke memories and mental images of Marvin Gaye, Diana Ross, Stevie Wonder, The Temptations, The Jackson 5, The Supremes and numerous others. With each group recalled, there is an accompanying piece of music of the mind, from Baby Love, My Girl, Signed Sealed Delivered, I Heard It Through The Grapevine, ABC and Tears Of A Clown and countless more. Quite often, you can ask people what kind of music they like and they will simply answer 'Motown', and both they, and you, know exactly what is meant. Or rather, what is implied. The Motown they are invariably thinking of is the label that dominated the charts in the mid 1960s with a succession of radio friendly, dance

orientated hits, most of which were written and produced by the trio of Brian Holland, Lamont Dozier and Eddie Holland. This period is referred to, naturally enough, as the Golden Era, when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world. The kind of music that had them Dancing In the Street from Los Angeles to London, Miami to Munich and San Francisco to Sydney. It was the kind of music that attracted scores of imitators; some good, some not so good. The kind of music that appealed to the public and presidents alike, and still does. It was that Motown that this book was intended to be about. However, when you start digging deeper into the Motown story, you realise that throughout its life (which, for the purposes of this book, is its formation in 1959 through to its sale in 1988) it was constantly trying other musical genres, looking to grab hits out of jazz, country, pop, rock, middle of the road and whatever else might be happening at

the time. Of course it wasn't particularly successful at some of the other genres, although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth, the group, and focus instead on the total sales achieved on Rare Earth, the label. This book, therefore, contains biographies of all 684 artists who had releases on Motown and their various imprints, as well as biographies of 16 musicians, 23 producers, 19 writers and 13 executives. There are also details of the 50 or so labels that Motown owned, licensed to or licensed from. All nine films and the 17 soundtracks are also featured. Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries, with 222 singles, 84 albums and five EPs being featured. Finally, there are 36 other entries, covering such topics as the Hollywood Walk of Fame, the Motortown Revues, Grammy Awards and the most played Motown songs on radio. The

1,178 entries cover every aspect of Motown and more - of the link between Granny in The Beverly Hillbillies and Wonder Woman, of the artists from Abbey Tavern Singers to Zulema, and the hits from ABC to You Really Got A Hold On Me. The Motown Encyclopedia is the story of Motown Records; Yesterday, Today, Forever.

Sound of the Crowd: a Discography of the '80s (Fourth Edition) - Steve Binnie

2018-11-05

SOUND OF THE CROWD: A DISCOGRAPHY OF THE '80s is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records and tiny CDs you could lose down the back of the sofa, this book lists every format of every single, EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts, from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before, with additional sections to cover

Band Aid-style charity congregations and compilation albums from the early '80s K-Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the '80s music website Sound of the Crowd and writer, producer and co-host of the unconventional '80s chart show Off The Chart, broadcast weekly on Mad Wasp Radio.

Sex Sounds - Danielle Shlomit Sofer 2022-07-05
An investigation of sexual themes in electronic music since the 1950s, with detailed case studies of “electrosexual music” by a wide range of creators. In *Sex Sounds*, Danielle Shlomit Sofer investigates the repeated focus on sexual themes in electronic music since the 1950s. Debunking electronic music’s origin myth—that it emerged in France and Germany, invented by Pierre Schaeffer and Karlheinz Stockhausen,

respectively—Sofer defines electronic music more inclusively to mean any music with an electronic component, drawing connections between academic institutions, radio studios, experimental music practice, hip-hop production, and histories of independent and commercial popular music. Through a broad array of detailed case studies—examining music that ranges from Schaeffer’s *musique concrète* to a video workshop by Annie Sprinkle—Sofer offers a groundbreaking look at the social and cultural impact sex has had on audible creative practices. Sofer argues that “electrosexual music” has two central characteristics: the feminized voice and the “climax mechanism.” Sofer traces the historical fascination with electrified sex sounds, showing that works representing women’s presumed sexual experience operate according to masculinist heterosexual tropes, and presenting examples that typify the electroacoustic sexual canon. Noting electronic music history’s exclusion of

works created by women, people of color, women of color, and, in particular Black artists, Sofer then analyzes musical examples that depart from and disrupt the electroacoustic norms, showing how even those that resist the norms sometimes reinforce them. These examples are drawn from categories of music that developed in parallel with conventional electroacoustic music, separated—segregated—from it. Sofer demonstrates that electrosexual music is far more representative than the typically presented electroacoustic canon.

and uncensored diaries spanning a decade and a half. The story begins Christmas 1984 and ends in 1999, when the author, twenty-six, rediscovers the handwritten diaries for the first time. "These diaries are compelling enough on their own," Morrow writes. "However, what makes this coming-of-age story different from many others is that it gives the reader a glimpse of not just an average, American middle class girl's life - it highlights the fact that my life was that, and I'm Afro American. When The Cosby Show came on, I saw my family on television, and didn't understand why the media said the show was an unrealistic depiction of African American life. It was realistic; it was my life!" Set against a backdrop of cultural touchstones any Gen-Xer would recognize, *Silicon Valley Girl: My Adolescent Life and Times*, and an Ode to Generation X offers a deeply personal look at the emotional life of a teenager of color trying to make sense of race, class, and sexuality at the dawn of Post-Cold War America. (2017,

Hardcover, 242 pages)

Billboard - 2005-01-08

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Mingering Mike - Mingering Mike 2007-03-29

"Hadar put his detective skills to work and soon found himself at the door of Mingering Mike. Their friendship blossomed and Mike revealed the story of his life and the mythology of his many albums, hit singles, and movie soundtracks. A solitary boy raised by his brothers, sisters, and cousins, Mike lost himself in a world of his own imaginary superstardom, basing songs and albums on his and his family's experiences. Early teenage songs obsessed with love and heartache soon gave way to social themes surrounding the turbulent era of civil

rights protests and political upheaval - brought even closer to home when Mike himself went underground, dodging the government for years after going AWOL from basic training." "In Minging Mike, Hadar recounts the heartfelt story of Mike's life and collects the best of his albums and 45s, presented in full color, finally bringing to the star the adoring audience he always imagined he had."--BOOK JACKET.

Mimi and Papa Love You! - Sally Helmick
North 2022-08-29

"More than a kitty cat singing a song, or a cute, little fly that is buzzing right along. More than a rhino with an ice cream cone or a doggy that is chewing on a great, big bone." That's how much you love your grandchild, niece, nephew or any little one in your life. Available in hundreds of names. Just search for personalized book with your names. Created with sweet and simple rhymes and adorable images, sure to make them smile.

Fairy Tales & I Love You - D. M. Needom

2023-08-16

At 17 years old, Ava Richards has been through one of the hardest tragedies of her life. She had dreams of being a singer, but never a model. However, after her friend entered her in The Model of the Moment contest, she saw her life taking a different turn. At a party, she meets a man who can change her life, singer and record executive, Russell Langford. He sees his next muse, his record label's next star, and the woman he loves. If only he can convince her. While Russell seems like he could be the man of her dreams, the man haunting her dreams, Nigel Hartagan, is out to prove he isn't the rockstar everyone has painted him out to be. He isn't afraid to declare that she is his destiny, his one genuine love, but will she believe him? The night of her 18th birthday changed everything. While she knows both men could truly make her dreams come true, she has to make a choice between Nigel and Russell. Who will she choose?
