Irresistible Rachel Bussel 2012-02-14 This *Irresistible* read features stories of couples turning their deepest fantasies into reality for uninhibited and imaginative sex. You'll delight in discovering all the exciting erotic possibilities, and ways of getting and staying turned on. It all starts with a little sexting in A.M. Hartnet's sizzling "Safe for Work" office tryst and Cole Riley's moving "Same As It Ever Was" shows that makeup sex can be the start of something new and better. Dirty talk leads to lustful surprises and inspiration for the neighbors in "The Mitzvah" by Tiffany Reisz. Editor Rachel Kramer Bussel notes that the lovers in this daringly romantic anthology are "able to open up in the ways they do is precisely because they have another person to rely on, coax them, challenge them, tease them and seduce them into traveling down a new sexual path. Whether that means outdoor sex, kink, a trip to a strip club or a very sensual massage, we get to see how the layers of trust that have been built up get used to stoke the fire that burns between them."

Ambiguous Pleasures Rachel Spronk 2012-05-30 Among both male and female young urban professionals in Nairobi, sexuality is a key to achieving a 'modern' identity. These young men and women see themselves as the avant garde of a new Africa, while they also express the recurring worry of how to combine an 'African' identity with the new lifestyles with which they are experimenting. By focusing on public debates and their preoccupations with issues of African heritage, gerontocratic power relations and conventional morality on the one hand, and personal sexual relationships, intimacy and self-perceptions on the other, this study works out the complexities of sexuality and culture in the context of modernity in an African society. It moves beyond an investigation of a health or development perspective of sexuality and instead examines desire, pleasure and eroticism, revealing new insights into the methodology and theory of the study of sexuality within the social sciences. Sexuality serves as a prism for analysing how social developments generate new notions of self in postcolonial Kenya and is a crucial component towards understanding the way people recognize and deal with modern changes in their personal lives.

Sex Positions for Couples Eva Harmon 2023-01-17 Do you want to spice up your sex life and improve your relationship? Are you tired of the same old positions night after night? Have you always been a little intrigued by the idea of kama sutra? If you answered yes to any of these questions, then you are going to want to continue reading. Sex has always been a hush-hush subject because of outdated beliefs and such. This has led to couples getting stuck in a rut when it comes to their sex life. They don't feel that it is "right" to talk to people about their sex life. Times are changing, and more and more people are comfortable talking about their sex life, and that is a good thing. This makes sex less taboo and enables couples to expand their sex repertoire. This new awakening doesn't necessarily mean that couples will find the answer they want or need from people they talk to, though, and that's what this book is here to do. This book has been brought together to provide information about sex to help couples who are tired of the same old thing every night. Foreplay, that's the one word most couples dread. For some reason, this is the area where couples end up failing, yet we all know that it is extremely important, especially for women. It helps to place people in the right state of mind and gets things warmed up, so to speak. This isn't the only problem some couples have in their sex life. Sometimes it's simply that things have turned monotonous. This is understandable, especially when you and your partner have been together for a while. It is very easy to stick with the same things because you know what one another likes, or because it is easy. But you both likely feel bored and can easily pass on sex due to the boredom. But things don't have to stay that way, though. You can easily bring the spark back into your life, whether through foreplay or new positions. This book is here to teach you how you can improve your sex life. In this book, you will learn: Why you should bring kama sutra and tantra into your bedroom The best sex positions for men and women The best sex positions to bring the two of you together Sex tips for the beginner Foreplay games to get things heated up How to practice couples massages The best way to start using dirty talk without feeling weird ... And much more. I get that you might still be skeptical that this book can help improve your sex life. Even if you have tried new things to try and spice up your sex life without success, this book can teach you things that you may not have thought about. The information in this book can be applied to anybody's sex life. You'll even find that within the descriptions of various sex positions, there will be warnings, so you are guided throughout the entire process. I'm certain that if you buy this book today, you won't regret it. Now is the time to make the decision. If you are serious about changing your sex life, scroll up now, and click "buy now."
