**The Persistence Of Memory** Meredith Etherington-smith 1995-08-22 Surrealist painter, author, filmmaker, lecturer, performance artist, charlatan, genius, clown, Salvador Dalí (1904–1989) once asked himself, "Where does the deep and philosophical Dalí begin, and where does the loony and preposterous Dalí end?" This evenhanded but exacting biography, based on interviews, unpublished letters, and previously unavailable archives, explores the relationship between his eccentric life and the hallucinatory imagery of the paintings that, like the soft watches, have become twentieth-century icons. The author penetrates the artist's self-mythologizing facade to reveal the man behind the outrageous mustache and cryptic canvasses: his Catalan childhood; his relationships with Garcia Lorca, Bunuel, Breton, Picasso, Miro, de Chirico, Man Ray, Ernst, and Eluard; Dalí's fixations, phobias, and Surrealist pranks; and his bizarre marriage to Gala—muse, business manager, nymphomaniac, gold digger, and finally tormentor. With reproductions of sixteen Dalí paintings, *The Persistence of Memory* offers an unrivaled tour of the absurd and haunting landscape of Dalí's life.

*The Blacks* Jean Genet 1994-01-18 An English translation of Genet's classic symbolic drama, first performed in Paris in 1959. France's master of the absurd explores racial prejudice and stereotypes using the framework of a play within a play. The New York Times hailed *The Blacks* as "one of the most original and stimulating evenings Broadway or Off Broadway has to offer," while Newsweek raved that Genet's plays "constitute a body of work unmatched for poetic and theatrical power." "Genet's investigation of the color black begins where most plays of this burning theme leave off. . . . This vastly gifted Frenchman uses shocking words and images to cry out at the pretensions and injustices of our world." —Howard Taubman, *The New York Times*

**Architecture and Narrative** Sophia Psarra 2009-01-06 Architecture is often seen as the art of a thinking mind that arranges, organizes and establishes relationships between the parts and the whole. It is also seen as the art of designing spaces, which we experience through movement and use. Conceptual ordering, spatial and social narrative are fundamental to the ways in which buildings are shaped, used and perceived. Examining and exploring the ways in which these three dimensions interact in the design and life of buildings, this intriguing book will be of use to anyone with an interest in the theory of architecture and architecture's relationship to the cultural human environment.

I Have Just Been Shot Theodore Roosevelt 2014-10-03 *I Have Just Been Shot* is a speech by Theodore Roosevelt, delivered in Milwaukee, Wisconsin after being shot in the chest by a would-be assassin, 14 October 1912. Theodore "T.R." Roosevelt, Jr. (October 27, 1858 – January 6, 1919) was an American politician, author, naturalist, soldier, explorer, and historian who served as the 26th President of the United States. He was a leader of the Republican Party (GOP) and founder of the Progressive Party insurgency of 1912. He is known for his exuberant personality, range of interests and achievements, and his leadership of the Progressive Movement, as well as his "cowboy" persona and robust masculinity. Born into a wealthy family in New York City, Roosevelt was a sickly child who suffered from asthma. To overcome his physical weakness, he embraced a strenuous life. He was home-schooled and became an eager student of nature. He attended Harvard College where he studied biology, boxed, and developed an interest in naval affairs. He quickly entered politics, determined to become a member of the ruling class. In 1881 he was elected to the New York State Assembly, where he became a leader of the reform faction of the GOP. His book *The Naval War of 1812* (1882) established him as a learned historian and writer. When his first wife Alice died two days after giving birth in February 1884 (and his mother died the same day in the same house), he was heartbroken and in despair; Roosevelt temporarily left politics and became a cattle rancher in the Dakotas. When blizzards destroyed his herd, he returned to New York City politics, running and losing a race for mayor. In the 1890s he took vigorous charge of the city police as New York City Police Commissioner. By 1897, under President William McKinley, Roosevelt was in effect running the Navy Department. When the war with Spain broke out in 1898, he helped form the famous Rough Riders, a combination of wealthy Easterners and Western cowboys. He gained national fame for his courage in battle in Cuba, then returned to be elected Governor of New York. He was the GOP nominee for Vice President with William McKinley, campaigning successfully against radicalism and for prosperity, national honor, imperialism (regarding the Philippines), high tariffs and the gold standard. Roosevelt became President after McKinley was assassinated in 1901. He was inaugurated at age 42, the youngest person to become president. He attempted to move the GOP toward Progressivism, including trust busting and increased regulation of businesses. In November 1904 he was reelected in a landslide against conservative Democrat Alton Brooks Parker. Roosevelt called his domestic policies a "Square Deal", promising a fair deal to the average citizen while breaking up monopolistic corporations, holding down railroad rates, and guaranteeing pure food and drugs. He was the first president to speak out on conservation, and he greatly expanded the system of national parks and national forests. By 1907 he propounded more radical reforms, which were blocked by the conservative Republicans in Congress. His foreign policy focused on the Caribbean, where he built the Panama Canal and guarded its approaches. There were no wars, but his slogan, "Speak softly and carry a big stick" was underscored by sending the greatly expanded Navy—the Great White Fleet—on a world tour. He negotiated an end to the Russo-Japanese War, for which he won the 1906 Nobel Peace Prize.

**Oriental Influences in Swahili** Abdulaziz Lodhi 2000

The Name is Rajinikanth Gayathri Sreekanth 2008 Almost all show-world success stories in India appear the same. What sets individuals apart is the approach and the attitude once they reach the top. No one can resist a rags-to-riches story. It is every common man's dream. But Rajinikanth's story is irresistible. He continues to be an enigma to both his fans and contemporaries. He is simple Shivaji Rao Gaekwad who, by way of luck and hard work became a superstar, and continues to remain on top notwithstanding the vagaries of time. His starrer Muthu gave him an enviable identity globally, and sky seemed the limit after its unprecedented success in Japan. His latest, Shivaji has further spread his charisma globally. One can love Rajinikanth as millions do, one can hate him, as his detractors do, but the fact also remains no one can ignore him. None can shrug away his presence unless he or she is extremely insensitive to the film world. The book painstakingly seeks to record every nuance of Rajinikanth's life: the joys and sorrows, the pains and ecstasies, loves and betrayals. It also does not shy away from underlining the two extremes that have remained an intrinsic part of his highly eventful career: the human and the divine. The book tells the essential truth about Rajinikanth that has thus far remained unknown to his vast fan following.

**Achtung-Panzer!** Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Peccadillo at the Palace** Kari Bovée 2019-05-07 It's 1887, and Annie and Buffalo Bill's Wild West Show are invited to Queen Victoria's Jubilee celebration in London, England. But their long journey across the Atlantic takes a turn for the worst when the queen's royal servant ends up dead and Annie's husband, Frank Butler, falls suspiciously ill. Annie soon discovers that the two events are connected—and may possibly be precursors to an assassination attempt on the queen. In London, it becomes clear there is rampant unrest in the queen's kingdom—the Irish Fenian Brotherhood, as well as embittered English subjects, are teeming in the streets. But amid the chaos, even while she prepares for the show, Annie is determined to find the truth. With the help of a friend and reporter, Emma Wilson, the renowned poet Oscar Wilde, and the famous socialite Lillie Langtry, Annie sets out to hunt down the queen's enemies—and find out why they want to kill England's most beloved monarch.

The author recounts the birth of the show, discusses its remarkable merchandising success, and examines the show's popularity as the longest running episodic program in TV history.

The Screens Jean Genet 1994 Explicitly political, The Screens is set within the context of the Algerian War. The play's cast of over fifty characters moves through seventeen scenes, the world of the living breaching the world of the dead by means of shifting the screens--the only scenery--in a brilliant tour de force of spectacle and drama.

**Our Lady of the Flowers** Jean Genet 1994-01-12 The shattering novel of underground life the New York Times called "a cry of rapture and horror . . . the purest lyrical genius." Jean Genet's debut novel Our Lady of the Flowers, which is often considered to be his masterpiece, was written entirely in the solitude of a prison cell. A semi- autobiographical account of one man's journey through the Paris demi-monde, dubbed "the epic of masturbation" by no less a figure than Jean-Paul Sartre, the novel's exceptional value lies in its exquisite ambiguity.

**Consuming Life** Zygmunt Bauman 2013-05-08 With the advent of liquid modernity, the society of producers is transformed into a society of consumers. In this new consumer society, individuals become simultaneously the promoters of commodities and the commodities they promote. They are, at one and the same time, the merchandise and the marketer, the goods and the travelling salespeople. They all inhabit the same social space that is customarily described by the term the market. The test they need to pass in order to acquire the social prizes they covet requires them to recast themselves as products capable of drawing attention to themselves. This subtle and pervasive transformation of consumers into commodities is the most important feature of the society of consumers. It is the hidden truth, the deepest and most closely guarded secret, of the consumer society in which we now live. In this new book Zygmunt Bauman examines the impact of consumerist attitudes and patterns of conduct on various apparently unconnected aspects of social life politics and democracy, social divisions and stratification, communities and partnerships, identity building, the production and use of knowledge, and value preferences. The invasion and colonization of the web of human relations by the worldviews and behavioural patterns inspired and shaped by commodity markets, and the sources of resentment, dissent and occasional resistance to the occupying forces, are the central themes of this brilliant new book by one of the worlds most original and insightful social thinkers.

**Girl with a Gun** Kari Bovée 2018-06-19 Fifteen-year-old Annie Oakley is the sole supporter of her widowed mother and two siblings. An expert markswoman and independent spirit, she hunts game to sell to the local mercantile to make ends meet instead of accepting a marriage proposal that could solve all her problems. After a stunning performance in a shooting contest against the handsome and famous sharpshooter Frank Butler, Annie is offered a position in the renowned Buffalo Bill's Wild West Show. Finally, she has a chance to save the nearly foreclosed family farm and make her dreams come true. But then her Indian assistant is found dead in her tent, and Annie is dubious when the local coroner claims the death was due to natural causes. When another innocent is murdered, Annie begins to fear the deaths are related to her. And to make matters worse, her prized horse, Buck, a major part of her act, is stolen. Annie soon discovers that the solution to her problems lies buried in a padlocked Civil War trunk belonging to the show's manager, Derence

LeFleur. And so, with the help of a sassy, blue-blooded reporter, Annie sets out to find her horse, solve the murders, and clear her name.

**Children in Chains** Clifford L. Linedecker 1981

**The 48 Laws of Power** Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

**Kushiel's Avatar** Jacqueline Carey 2011-07-06 The triumphant conclusion to this trilogy, *Kushiel's Avatar* by Jacqueline Carey is a sumptuous fantasy of defiance and redemption - perfect for fans of Sarah J. Maas and Jennifer L. Armentrout. 'Rich, intricate worldbuilding meets swoonworthy romance. . . Phèdre and Joscelin's story is the beating heart of every romantasy to follow' *Olivia Blake* *Desire*. Duty. Death. Phèdre has lain with princes and pirate kings, battled a wicked temptress, and saved two nations. Joscelin has remained her loyal swordsman throughout. Chosen to experience pain and pleasure as one, Phèdre's nature is tortuous to them both. Yet Joscelin has never forsaken his vow: to protect and serve, even if her plans push his pledge to its limit. For Phèdre can't abandon her friend, Hyacinthe, who bargained with gods to spare her life. She's long sought the key to free him from eternal servitude - even if it means her death. This now takes Phèdre and Joscelin to a distant court where madness reigns and souls are used as currency. But they'll also find a power so mighty that none dare speak its name . . . 'Effortlessly rich . . . with a huge cast of well-defined characters' *Publishers Weekly* 'An emotionally charged tale seasoned with explicit scenes of love and sacrifice' *Romantic Times* 'A savoury feast for mind and heart' *Booklist* starred review Start the journey with *Kushiel's Dart* by Jacqueline Carey.

**Khartoum at Night** Marie Grace Brown 2017-08-22 In the first half of the twentieth century, a pioneering generation of young women exited their homes and entered public space, marking a new era for women's civic participation in northern Sudan. A provocative new public presence, women's civic engagement was at its core a bodily experience. Amid the socio-political upheavals of imperial rule, female students, medical workers, and activists used a careful choreography of body movements and fashion to adapt to imperial mores, claim opportunities for political agency, and shape a new standard of modern, mobile womanhood. *Khartoum at Night* is the first English-language history of these women's lives, examining how their experiences of the British Empire from 1900-1956 were expressed on and through their bodies. Central to this story is the *tobe*: a popular, modest form of dress that wrapped around a woman's head and body. Marie Grace Brown shows how northern Sudanese women manipulated the tucks, folds, and social messages of the *tobe* to deftly negotiate the competing pulls of modernization and cultural authenticity that defined much of the imperial experience. Her analysis weaves together the threads of women's education and activism, medical midwifery, urban life, consumption, and new behaviors of dress and beauty to reconstruct the worlds of politics and pleasure in which early-twentieth-century Sudanese women lived.

**The Illio** University of Illinois (Urbana-Champaign campus) 1895

**What They Did to the Kid** Jack Fritscher 2002-08 "What They Did to the Kid" is a memoir spinning as a comic novel for general-fiction readers intrigued by boys' school tales, and baby boomers who "survived Catholic school." Ryan O'Hara, coming of age from 14 to 24, is the wise adolescent narrating readers' entry into the secret culture of 1950's altar boys who go to the seminary, meet priests, and must decide their own identities. The novel's interior ticking covers the clock and calendar of boys' emerging consciences and edgy consciousness. "The San Francisco Chronicle" says, "Jack Fritscher reads gloriously." Strong characters and snappy dialog propel the character-driven plot of male-dominant pecking order. At Misericordia Seminary (aptly nicknamed "Misery"), Ryan O'Hara exposes his own story. He's trapped for oxygen-with 500 other boys-by the imperial Rector Karg, the disciplinarian Father Gunn "of the USMC," the tart Father Polistina, and the rebel-priest Chris Dryden "who knows Fellini and JFK." The storytelling Irish-American author gives each ensemble character-hero or villain, student or priest, man or woman-a rich back story. Black civil rights of the 60's as well as three interesting women characters open this tale out of the suffocating seminary and on to the hot streets of Chicago's South Side and Old Town. The compelling psychological drama hinges on the very source and aspirations of priestly vocation versus self-esteem. "Is God calling me-and what about chastity? Or is it just the 'Bali Hai' of blind ambition and social climbing-and what about sex?" Fritscher makes deeper than usual sense of soulful coming-of-age material. The hearty supply of boarding school episodes cumulatively reveals the dueling dynamic between the boyish protagonist, Ryan O'Hara, and the callous ambition of the handsome bully, Tank Rimsky, as they fight toward the finish line of "manly men's" ordination to the priesthood. "The hardest thing to be in America today is a man." The novel is based on an under-reported story: the Catholic Church recruited 200,000 boys into seminaries in the 1950's. Only 20,000 were ordained. "Kid" details, in a nostalgic and not unkind take what happened to the missing 180,000 boys and the women and men in their families. Daring to step inside Catholic culture, without being parochial, this American story reveals the 1950's roots of 21st-century "recovering Catholic" panic and angst. The millions of post-Catholic baby boomers who have exited the Church will compare notes and laugh knowingly at the dead-on characterizations. Fashionably anti-Catholic campers will say, "but, of course " Readers might catalog "Kid" in the genre of "Young Torless, Portrait of the Artist as a Young Man," and "Lord of the Flies." Before now, no one of the surviving 180,000 ex-seminarians has dared reveal this insider confession on the secret milieu of the Catholic education of priests. From interviews with more than a hundred former seminarians, Jack Fritscher uniquely stages their true story arcs with wit, verve, and comedy. "What They Did to the Kid" is the fourth novel from Jack Fritscher whose twelve books have sold more than 100,000 copies. Jack Fritscher is a graduate of the prestigious Pontifical College Josephinum, a Roman Catholic seminary, located in Columbus, Ohio, and directly subject to the Vatican in Rome. He received his doctorate in American Literature from Loyola University, Chicago.

**Atrocitology** Matthew White 2011-10-20 Was the twentieth century the most violent in history? Are religions or tyrants, capitalism or communism the cause of most human suffering? Has violence increased or decreased over the course of history? In this wholly original and remarkably ambitious work, 'Atrocitologist' Matthew White considers man's inhumanity to man across several thousand years of history. From the First Punic War and the collapse of Mayan rule, to the reign of Peter the Great and the cataclysmic events of the Second World War, White's epic book spans centuries and civilisations as it measures the hundred most violent events in human history. While sceptical of any grand theory for the causes of human violence, White does share three big lessons gleaned from his careful statistical analysis: one, chaos is more deadly than tyranny; two, the world is even more disorganised than we realise; and three, wars kill more civilians than soldiers (in fact, the army is usually the safest place to be). If we study history to avoid the mistakes of the past, then there can be no more important place to start than this eye-opening and entertaining book.
