Memories of My Melancholy Whores -

Gabriel Garcia Marquez 2014-03-06

Memories of My Melancholy Whores is a powerful novel about a man who so far has never felt love from Nobel Laureate Gabriel Garcia Marquez, author of the One Hundred Years of Solitude. 'The year I turned ninety, I wanted to give myself the gift of a night of wild love with an adolescent virgin' On the eve of his ninetieth birthday a newspaper columnist in Colombia decides to give himself 'a night of mad love with a virgin adolescent'. But on seeing this beautiful girl he falls deeply under her spell. His love for his 'Delgadina' causes him to recall all the women he has paid to perform acts of love. And so the columnist realises he must chronicle the life of his heart, to offer it freely to the world. . . 'Marquez describes this amorous, sometimes disturbing journey with the grace and vigour of a master storyteller' Daily Mail 'Marquez is wonderful on the transformative and redemptive powers of love. . . storytelling magic' Tatler 'Marquez writes in this lyrical, magical language that no-one else can do' Salman Rushie

Undoing Gender - Judith Butler 2004-10-22

Undoing Gender constitutes Judith Butler's recent reflections on gender and sexuality, focusing on new kinship, psychoanalysis and the incest taboo, transgender, intersex, diagnostic categories, social violence, and the tasks of social transformation. In terms that draw from feminist and queer theory, Butler considers the norms that govern--and fail to govern--gender and sexuality as they relate to the constraints on recognizable personhood. The book constitutes a reconsideration of her earlier view on gender performativity from *Gender Trouble*. In this work, the critique of gender norms is clearly situated within the framework of human persistence and survival. And to "do" one's gender in certain ways sometimes implies

"undoing" dominant notions of personhood. She writes about the "New Gender Politics" that has emerged in recent years, a combination of movements concerned with transgender, transsexuality, intersex, and their complex relations to feminist and queer theory.

A Beautiful Young Woman - Julián López
2017-11-14

"A moving story . . . powerful, celebratory, and loving." —Laura Cardona, *La Nación* Set in the midst of Argentina's military dictatorship, a poignant and evocative debut novel about family, political violence, and the consequences of dissidence As political violence escalates around them, a young boy and his single mother live together in an apartment in Buenos Aires—which has recently been taken over by Argentina's military dictatorship. When the boy returns home one day to find his mother missing (or "disappeared"), the story fractures, and the reader encounters him fully grown, consumed by the burden of his loss, attempting to reconstruct the memory of his mother. By leaping forward in time, the boy—now a man—subtly gives shape to his mother's activism, and in the process recasts the memories from his childhood. The result is a stylistically masterful and deeply moving novel marking the English-language debut of one of Argentina's most promising writers.

A User's Guide to the Brain - John J. Ratey 2003

Dr John Ratey explores the brain's most important systems, the role they play in determining how we interact with the world and ways in which we can influence their operations for the better. Amazing examples of how the brain works are used throughout.

A Sourcebook on Child Sexual Abuse - David Finkelhor 1986-05

- How widespread is child sexual abuse? - Which groups of children are at greatest risk? - Why do offenders offend? - What are the initial and long-term effects of sexual abuse on victims? - How can child sexual abuse be prevented? - How

should researchers approach the problem? David Finkelhor is a leading researcher in the field of family violence and child sexual abuse. He is the author of two previous books on the subject, "Sexually Victimized Children" and "Child Sexual Abuse: New Theory and Research." Finkelhor is also known for his work in other areas of family violence. He is a co-editor of "Dark Side of"

Boletín Internacional de Bibliografía Sobre Educación - 1992

Child Sexual Abuse - Kathleen Coulborn Faller 1993

Addresses the needs of professionals who encounter child sexual abuse in the course of their work. Describes professional practices in sexual abuse and discusses how to address the problems of sexually abused children and their families. Meets the needs of child protection workers, the front line staff mandated to investigate reports of child maltreatment. Also benefits educators and health care professionals, social workers, psychologists, psychiatrists, and legal professionals. Charts, glossary, bibliography, and list of resources.

Future Sex - Emily Witt 2017-01-03

Emily Witt is single and in her thirties. She has slept with most of her male friends. Most of her male friends have slept with most of her female friends. Sexual promiscuity is the norm. But up until a few years ago, she still envisioned her sexual experience achieving a sense of finality, 'like a monorail gliding to a stop at Epcot Center'. Like many people, she imagined herself disembarking, finding herself face-to-face with another human being, 'and there we would remain in our permanent station in life: the future'. But, as we all know, things are more complicated than that. Love is rare and frequently unreciprocated. Sexual acquisitiveness is risky and can be hurtful. And generalizing about what women want or don't want or should want or should do seems to lead nowhere. Don't our temperaments, our hang-ups, and our histories define our lives as much as our gender? In *Future Sex*, Witt captures the experiences of going to bars alone, online dating, and hooking up with strangers. After moving to San Francisco, she decides to say yes to everything and to find her own path. From

public health clinics to café conversations about 'coregasms', she observes the subcultures she encounters with a wry sense of humour, capturing them in all their strangeness, ridiculousness, and beauty. The result is an open-minded, honest account of the contemporary pursuit of connection and pleasure, and an inspiring new model of female sexuality - open, forgiving, and unafraid.

Gender Trouble - Judith Butler 2011-09-22

Since its initial publication in 1990, this book has become a key work of contemporary feminist theory, and an essential work for anyone interested in the study of gender, queer theory, or the politics of sexuality in culture. This is the text where the author began to advance the ideas that would go on to take life as "performativity theory," as well as some of the first articulations of the possibility for subversive gender practices. Overall, this book offers a powerful critique of heteronormativity and of the function of gender in the modern world.

Dark Constellations - Pola Oloixarac 2019-04-16

Argentinian literary star Pola Oloixarac's visionary new novel races from the world of 19th-century science to an ultra-surveilled near future, exploring humanity's quest for knowledge and control, and leaping forward to the next steps in human evolution. *Canary Islands, 1882: Caught in the 19th-century mania for scientific classification, explorer and plant biologist Niklas Bruun researches *Crissia pallida*, a species alleged to have hallucinogenic qualities capable of eliminating the psychic limits between one human mind and another.* *Buenos Aires, 1983: Born to a white Argentinian anthropologist and a black Brazilian engineer, Cassio comes of age with the Internet and becomes a prominent hacker, riding the wave of transformations brought about by distributed networks, mass surveillance, and new flows of globalized capital.* *The southern Argentinian techno-hub of Bariloche, 2024: A research group works on a project that will allow the Ministry of Genetics to track every movement of the country's citizens without their knowledge or consent, using sensors that identify DNA at a distance. But the new technology contains within it the seeds of a far more radical transformation of human life and civilization.* In a novel of

towering ambition, Oloixarac's complexly intertwining stories reveal the power that resides in the world's most deeply shadowed spaces.

S=EX2 - Pere Estupinyà 2016-08-25

You have in your hands the most rigorous, complete and readable book ever written about the fascinating science of human sexuality. This book goes beyond the well-worn sexual education advice and the usual evolutionist psychology. After *The Brain Snatcher*, Pere Estupinyà comes back with the first popular science book on sex aimed at a wide audience. While there are some tips for the more adventurous, there is also a wealth of new information to be discovered. Distancing himself from the many books on advice or techniques, Estupinyà brings sex to another dimension by combining popular beliefs and science. Do you want proof that our decision-making in the "heat of the moment" is less rational than we think? Did you know that mind and vagina each go their own way? Are you interested in learning about the effects of yoga on sexual pleasure? Did you know about the attempts in the 60s to "cure" homosexuals with electric shock therapy, the chemical analysis of female ejaculation, or the fundamental relationship between the sympathetic and parasympathetic nervous system? The author has spoken directly with asexual and intersexual individuals, fetishists, multi-orgasmic women, women who never have orgasms through penetration, and men who have no refractory period. He has also participated in sadomasochistic events; learned tantric techniques with a couple of coaches, spoken with porn performers at Barcelona's Bagdad, and attended workshops in which a woman teaches how to have orgasms with your mind and breathing. The result is an incredible miscellany of information that appeals to both the scientific community and the curious.

Living Dolls - Natasha Walter 2011-05-26

I once believed that we only had to put in place the conditions for equality for the remnants of old-fashioned sexism in our culture to wither away. I am ready to admit that I was wrong.' Empowerment, liberation, choice. Once the watchwords of feminism, these terms have now been co-opted by a society that sells women an airbrushed, highly sexualised and increasingly

narrow vision of femininity. Drawing on a wealth of research and personal interviews, *LIVING DOLLS* is a straight-talking, passionate and important book that makes us look afresh at women and girls, at sexism and femininity - today.

The APSAC Handbook on Child Maltreatment - John E. B. Myers 2001-11-12

A resource of unparalleled thoroughness, *The APSAC Handbook on Child Maltreatment, Second Edition* provides critical information for those who dedicate their working lives to alleviating the causes and consequences of child abuse and neglect. Written in engaging but straightforward language and committed to immediate application, this comprehensive handbook covers physical and sexual abuse, all forms of neglect, and psychological maltreatment. Experts in a variety of specialized areas have designed each chapter to inform professionals in mental health, law, medicine, law enforcement, and child protective services of the most current empirical research and literature available as well as strategies for intervention and prevention.

Libros españoles en venta - Agencia española del International Standard Book Number (ISBN) 1995

Daniel Goleman Omnibus - Daniel Goleman 2004
Emotional Intelligence Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play a major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us. Working with Emotional Intelligence Do you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work

matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

Women Who Love Too Much - Robin Norwood
2014-11-27

THE INTERNATIONAL NO.1 BESTSELLER
HELPING MILLIONS OF WOMEN FIND
HEALTHIER RELATIONSHIPS 'A life-changing
book' Erica Jong Is your relationship the most
important thing in your life? Are you constantly
thinking and talking about your partner, or
finding excuses for their bad behaviour? If you
have ever found yourself obsessing over an
undeserving partner, this book was written for
you. Many women are repeatedly drawn into
unhappy and destructive relationships, and then
struggle to make these doomed relationships
work. In this bestselling psychology book,
leading relationship and marriage therapist
Robin Norwood reveals why we get into
unhealthy relationships and how powerfully
addictive they are - and shares her effective
framework for finding and sustaining love.
Updated edition with a new introduction What
readers are saying: 'A must read for everyone,
women and men alike' 'One of the best self-help
books I have read' 'A life changing book -
brutally honest and straightforward - yet full of
love and compassion' 'Such an insightful read'
'Brilliant, life-changing'

The Child and Play - Unesco 1980

Nineteen Eighty-Four - George Orwell
2021-01-09

"Nineteen Eighty-Four: A Novel", often
published as "1984", is a dystopian social
science fiction novel by English novelist George
Orwell. It was published on 8 June 1949 by
Secker & Warburg as Orwell's ninth and final
book completed in his lifetime. Thematically,
"Nineteen Eighty-Four" centres on the
consequences of totalitarianism, mass
surveillance, and repressive regimentation of
persons and behaviours within society. Orwell,
himself a democratic socialist, modelled the

authoritarian government in the novel after
Stalinist Russia. More broadly, the novel
examines the role of truth and facts within
politics and the ways in which they are
manipulated. The story takes place in an
imagined future, the year 1984, when much of
the world has fallen victim to perpetual war,
omnipresent government surveillance, historical
negationism, and propaganda. Great Britain,
known as Airstrip One, has become a province of
a totalitarian superstate named Oceania that is
ruled by the Party who employ the Thought
Police to persecute individuality and
independent thinking. Big Brother, the leader of
the Party, enjoys an intense cult of personality
despite the fact that he may not even exist. The
protagonist, Winston Smith, is a diligent and
skillful rank-and-file worker and Outer Party
member who secretly hates the Party and
dreams of rebellion. He enters into a forbidden
relationship with a colleague, Julia, and starts to
remember what life was like before the Party
came to power.

Map Drawn by A Spy - Guillermo Cabrera
Infante 2017-08-29

Found in an envelope in Guillermo Cabrera
Infante's house after his death in 2005, *Map
Drawn by a Spy* is the world-renowned writer's
autobiographical account of the last four months
he spent in his country. In 1965, following his
mother's death, Infante returns to Cuba from
Brussels, where he is employed as a cultural
attaché at the Cuban embassy. When a few days
later his permission to return to Europe is
revoked, Infante begins a period of suspicion,
uncertainty, and disillusion. Unable to leave the
country, denied access to party officials, yet still
receiving checks for his work in Belgium, Infante
discovers the reality of Cuba under Fidel Castro:
imprisonment of homosexuals, silencing of
writers, the closing of libraries and newspapers,
and the consolidation of power. Both lucid and
sincere, *Map Drawn by a Spy* is a moving
portrayal of a fractured society and a writer's
struggles to come to terms with his national
identity.
