Thirteen Months - Don Brobst 2011-06

In a society where love has been tainted and marriage destroyed by the ways of this world, Thirteen Months is the depiction of the ultimate love between a man and a woman, the way God intends it to be. In the face of unspeakable tragedy, every aspect of one couple's adventures, both past and present, has forged the bond between them that will carry them into the center of God's plan. As a physician finding himself in the heart-wrenching position of being totally and utterly helpless to save the love of his life, Don has no power to overcome this foe, save for his faith in God and the power of prayer. A romantic and deeply touching story, Thirteen Months seeks to inspire on every level. It reaches out not only to those finding themselves fighting for their lives, but for couples everywhere who desire more in their marriages and who need to see the fullness of love and depth of romance God desires for them.

The Red Knight - John Charles Corrigan 2023-08-01

The Red Knight is the product of 25 years of meticulous research. It is, arguably, the most comprehensive account ever written about the Canadian Air Force's legendary solo jet-aerobatics performer. An important part of Canadian aviation history, the Red Knight is third in longevity and total number of performances among RCAF display teams. In recognition of the program's importance, Canada's Aviation Hall of Fame honoured the Red Knight with its Belt of Orion Award for Excellence in 2020 and the Royal Canadian Mint issued a commemorative coin in 2022. The Red Knight chronicles the history of the program, from its origins in 1957 to its cancellation in 1970. Everyone who has enjoyed watching the precision, grace and beauty of aerobatic flight will enjoy this insight into the "behind the scenes" aspect of aerial displays. A fine addition to any aviation reference library, The Red Knight will be of particular interest to anyone who remembers the program or saw a performance of this uniquely Canadian display. Printed in colour, The Red Knight - Second Edition is illustrated with many rare photographs never published before. The book is further enhanced by specially commissioned works of art from noted Canadian Aviation Artist, Don Connolly. Details of the various Red Knight paint schemes are

provided through aircraft profiles, also specifically created for this publication. Together, this unique pictorial collection vividly portrays the legacy of the Red Knight. <https://www.facebook.com/rcafredknight> www.johncharlescorrigan.com "It's hard to imagine a more comprehensive look at the Red Knight program--and at aerobatics in general." — Kirkus Reviews

And in Health - Dan Shapiro 2013-05-14

This book offers engaging and digestible lessons for couples navigating the life change that a cancer diagnosis brings. Dan Shapiro draws on his more than twenty-five years of clinical work as a health psychologist who has researched and worked with couples facing cancer, and on his own experiences of being both the patient (having and beating Hodgkin's lymphoma in his twenties) and the supporter/advocate (when his wife was diagnosed with breast cancer) to weave together insights on facing cancer while maintaining a strong relationship. And in Health gives advice in short lessons on the main areas of concern or conflict that can come from life with cancer—from diagnosis to treatment and life post-treatment. Topics include: • How to forge yourselves into a powerful team and evade common conflicts • Dealing with physicians and getting the best care possible, along with tips for navigating the medical world • Strategies for coping with the emotions that can interfere with your relationship—anger, mood swings, spouse fears, and depression • Distinguishing between supportive and draining people in your lives, and learning to invite and accept help • Opening to new types of intimacy and making peace with dependence

Love Is a Journey - Jan Latona 2005-03-24

The diagnosis of cancer is frightening enough for the patient. But the disease has a deep impact on the patient's partner and the couple's relationship as well. Life is not the same, and a new journey has begun. This book, drawing on the personal experience of the authors and many others, offers a compassionate guide for the journey. Those who find themselves on this most difficult road will learn how other couples have coped successfully. With the tool kit offered on these pages, couples can do more than endure the ordeal; they can actually strengthen the bond between them. From my past experience I know the value of support groups and the wisdom contained in *Love is a Journey*. The groups and book help us to inspire us to heal ourselves and our relationships. n Bernie Siegel, M.D. Author of *Love, Medicine & Miracles*, and *Prescriptions for Living* In my work with cancer patients, I have seen couples exhibit enormous courage, team work and stamina. With this exceptionally practical guide, Drs. Latona and Stricklin are increasing the odds that couples will navigate this difficult path successfully. I can't wait to start recommending it to my patients.: n Daniel S. Dworkin, Ph.D., Co-author, *Helping the Bereaved: Therapeutic Interventions for Children, Adolescents and Adults* A must reading for all couples facing cancer together, as well as for caregivers and professionals assisting these couples. In addition to identifying stages to assist couples in anticipating and normalizing the range of impacts when cancer becomes part of their lives, the authors provide real-life examples to help understand these stages. n Douglas H. Lamb, Ph.D., Professor of Psychology, Illinois State University Grief and loss researcher and practitioner I wish my husband and I could have read *Love is a Journey* during the acute treatment stages of my cancer it validates and supports so much of what a couple goes through. But, it has also helped us to identify the long-range effect on our marriage now that the cancer is in remission. Its never too late for couples to benefit from this book! n Janet Lammens, cancer survivor The focus of *Love is a Journey* is on nourishing the relationship that connects the partners. Gary and Jan understand with their minds and with their hearts and deliver their message with

respectful authenticity. n Candyce S. Russell, Ph.D., Vera Mowery McAninch Professor, Kansas State University

Gender in Psycho-oncology - Youngmee Kim 2018

'Gender in Psycho-Oncology' provides comprehensive views on the role of gender in the adjustment of the individual and the patient-caregiver pair when dealing with cancer. The text explores the significant role of gender in diverse pairings of genders between the patient and the caregiver. It also highlights the importance of age, generation, and socio-cultural characteristics; the illness trajectory and lifespan trajectory of the individual and the patient-caregiver pair; and an ongoing sociocultural movement that is changing social role expectations based on gender

Of This Sad Time - Karl D. Stephan 2016-05-03

A diagnosis of breast cancer can be devastating not only for the woman who has it, but for her partner as well. This is a memoir by the husband of a breast-cancer victim who nearly died, not from the disease, but from side effects of the treatment. Faith, help and encouragement from friends, and a new oncologist pulled her through. If you're a man whose wife or girlfriend is facing breast cancer, this book will show you how a self-confessed nerd who couldn't stand the sight of blood discovered resources of courage, persistence, and love that he didn't know he had. Surviving cancer is no picnic, and this book doesn't sugar-coat the risks, dangers, and temptations involved. Whether she admits it or not, a woman with breast cancer needs lots of support, and this story describes how the victim's husband supported her throughout her ordeal, helping her navigate the complexities of diagnosis and treatment options, holding her head while she lost her cookies, and taking up the slack of household chores. Written with clarity, directness, and occasionally humor, this story will inspire couples facing breast cancer with hope,

encouragement, and a new sense of purpose.

The Tutor Knights - John Charles Corrigan

The Red Knight holds a special place in Canadian history. The RCAF's solo aerobatic display thrilled airshow audiences throughout North America from 1958-1969. With over 600 performances, the Red Knight ranks third in RCAF history to today's Snowbirds and CF-18 Hornet Demo. In recognition of the program's importance, Canada's Aviation Hall of Fame honoured the Red Knight with its Belt of Orion Award for Excellence in 2020 and the Royal Canadian Mint issued a commemorative coin in 2022. Aviation historian John Charles Corrigan spent 25 years researching and chronicling the program's history in his book, The Red Knight. Budget cuts and a fatal accident resulted in the program's cancellation in 1970. John's latest book, The Tutor Knights takes the reader on an insider's journey through the final two seasons of the program. With meticulous attention to detail, he describes a program in flux and subject to extraordinary stresses, which presaged an incredible series of tragedies. With numerous interviews, media reports,

illustrations and never before seen photos and documentation, The Tutor Knights is written with aviation enthusiasts in mind. It will be of interest to those who marvel at the grace and precision of aerobatic flying from a uniquely Canadian perspective. <https://www.facebook.com/rcafredknight>

10 - A Story of Love, Life, and Loss - Barbara Heagy 2015-12-09

10 - A Story of Love, Life, and Loss is the true story of a couple in midlife who found each other and then, after receiving a cancer diagnosis,

learned to face losing each other. Over the course of ten years, Tom and Barb developed from long-time friends to lovers to committed spouses. In their tenth year, when Tom was given a terminal diagnosis of small cell lung cancer, he faced it head-on, saying, "I wasn't given a death sentence. I was given a life sentence." The couple's love for life and for each other carried them through a seven-month cancer journey with courage, perseverance, persistence, and gratitude. This raw, emotional story is based on the author's journals. Its honesty and intimacy may inspire and uplift you as you trace their journey. Their story is a reminder to all of us to live life with gratitude and zest, fulfilling all our hearts' desires in the time we are given.

Love Always - John Charles Corrigan 2020-11-02

It started with a worrisome lump in Donna's neck. It was May 2017. At the time, John and Donna Corrigan were looking forward to the publication of John's debut non-fiction title about the Red Knight. John had spent twenty-four years doing meticulous research on the Royal Canadian Air Force's legendary solo-aerobatic jet performer. But, suddenly, that lump plunged the couple into a race for a diagnosis and prayers for an effective treatment. "Love Always" chronicles the many efforts and lessons learned on a journey that consumed the Corrigans for eighteen months. During that period, Donna endured two rounds of chemotherapy, a radical mastectomy, and twenty-five radiation treatments, followed by more radiation before she finally succumbed to Triple-Negative Breast Cancer (TNBC), a rare and aggressive form of the disease. Written with the hope of helping others on their breast cancer journey, "Love Always" lays out the challenges and hopes for couples and families facing a potentially terminal breast cancer diagnosis. It isn't pretty, but it shows there is a community of loving support, from family, friends, health care professionals and even strangers, making it possible to move through the bleakest of times with love, hope, and the knowledge that we are never alone....

[On Smaller Dogs and Larger Life Questions](#) - Kate Figes 2018-02-28

Coming up to her sixtieth birthday, Kate Figes found herself turning to the larger questions of family, love and life's meaning. It is like this

author to examine different stages in writing, and her books - from new motherhood and adolescence to coupledness and infidelity - testify to this way of understanding herself and others: so naturally she turned to writing to explore the challenges of becoming sixty. And then - a horrible, and sudden diagnosis of breast cancer which had metastasised. Instead of a gentle journey into middle age, Kate Figes began to write for her life. Now, clawing back confidence and control was not just the ordinary business of these years: it was the only way to try and survive great pain and emotional turmoil. As her writing became an honest reflection on ageing, failing, regrets and the importance of childhood memory, friends, family and love she found a new determination to live to the full and about finding ways to face up to a shortened life expectancy with dignity. Original, passionate, funny and moving, *On Smaller Dogs and Larger Life Questions* will resonate with anyone dealing with the many griefs and freedoms of midlife. It is about living with a life-threatening disease but it is even more: an intelligent and passionate look at the way we can approach disappointment and trouble, friendship and love - every day.
