2011-07-07

The Lives Less Ordinary series brings you the most exciting, adventurous and entertaining true-life writing that is out there, for men who are time-poor but want the best. Lives Less Ordinary drops you into extreme first-hand accounts of human experience, whether that's the adrenaline-pumping heights of professional sport, the brutality of the modern battlefield, the casual violence of the criminal world, the mind-blowing frontiers of science, or the excesses of rock 'n' roll, high finance and Hollywood. Lives Less Ordinary also brings you some of the finest comic voices around, on every subject from toilet etiquette to Paul Gascoigne. "I first saw her at Universal just walking down the street. She was breathtakingly voluptuous in a see-through blouse that revealed her bra ... I said to this

beautiful girl, "My name is Tony." "My name is Marilyn," she said.' Tony Curtis, one of the great Hollywood heartthrobs, was friends with the likes of Frank Sinatra, Cary Grant and James Dean. He romanced a string of screen sirens including Janet Leigh, Natalie Wood, and of course, Marilyn Monroe. Here, Curtis shares his stories of some of those legendary seductions. This digital bite has been extracted from Tony Curtis's autobiography *American Prince*.

Brando Unzipped - Darwin Porter 2006

The mysteries that enveloped the late icon Marlon Brando are unwrapped and exposed in this richly anecdotal biography by bestselling biographer Darwin Porter. Meticulously accurate, this book has been researched over a period of 40 years. The result is a fully rounded view of a revolutionary actor who electrified the world and, with great candour, Porter unveils the details of that ongoing disaster Brando called 'my life.' However, more than just a chronicle, the book charts the many loves of his

life too and his many tortured relationships.

Rebel - Donald Spoto 1997

Based on meticulous research and new interviews with dozens of family members, friends, lovers, directors, and costars, *Rebel* offers a revelatory look at actor and film icon James Dean (1931-1955). From the dusty roads of rural Indiana to Manhattan's gay culture, from Broadway to Burbank, here is Dean's troubled life: the tragic death of his mother when he was nine; his tumultuous relationship with his father; his rise to stardom in New York and Hollywood and his on-and off-screen exploits.

James Dean - David Dalton 2001-09-01

This is the book that restarted the James Dean cult by celebrating him as the cool, defiant visionary of pop culture who made adolescence seem heroic instead of awkward and who defined the style of rock 'n' roll's politics of delinquency. The only book to fully show how deliberately and carefully Dean crafted his own image and performances, and the product of still unequalled research, vivid writing, intimate photographs, and profound meditation, *James Dean: The Mutant King* has become almost as legendary as its subject.

Uptight: The Velvet Underground Story - Gerard Malanga 2009-10-28

Widely acclaimed as one of the greatest rock books ever published, it first appeared in 1983 and has remained in print in several languages ever since. Written and compiled by Victor Bockris and Gerard Malanga, *Up-Tight* is based on interviews with all four members of the Velvets, as well as others who became part of Andy Warhol's circle of artistic collaborators.

Frank & Marilyn - Edward Z. Epstein 2022-12-13

Frank Sinatra! Marilyn Monroe! Never before teamed in a book, yet theirs was a seven-year friendship and on-and-off intimate relationship shrouded in secrecy and fraught with danger. Frank Sinatra and Marilyn Monroe—here is the first book to bring these two all-American icons together. Their friendship and on-and-off intimate relationship, kept secret because of powerful others in their lives, spanned seven tumultuous years. At one point, he even proposed marriage. In *Frank & Marilyn*, we

follow Sinatra and Monroe from one explosive relationship to another, their marriages and love affairs eventually leading to a tangled relationship with each other, sparking a nasty rivalry between Frank and Marilyn's ex-husband (and one-time friend of Frank), Joe DiMaggio. Frank and Marilyn's ultimately disastrous relationship with John F. Kennedy, his brother Robert, and their often ruthless family was a fatal move for Marilyn. Her death remains a controversial topic to the present day. Dedicated biographer and entertainment world insider Edward Z. Epstein has spoken with many people who were familiar with the pair, all of whom talked about the Frank and Marilyn they knew—and the dangers they faced. It's a fascinating, largely untold story that's usually glossed over...until now.

2015-04-14

Here for the first time is the complete, captivating story of an on-set romance that turned into a lifelong love story between silver screen legends Audrey Hepburn and William Holden. Both won Oscars that year and together they filmed *Sabrina*, a now-iconic film that continues to inspire the worlds of film and fashion. *Audrey & Bill* tells the stories of both stars, from before they met to their electrifying first encounter when they began making *Sabrina*. The love affair that sparked on-set was relatively short-lived, but was a turning point in the lives of both stars. *Audrey & Bill* follows both Hepburn and Holden as their lives crisscrossed through to the end, providing an inside look at the Hollywood of the 1950s, '60s, and beyond. Through in-depth research and interviews with former friends, co-stars, and studio workers, *Audrey & Bill* author Edward Z. Epstein sheds new light on the stars and the fascinating times in which they lived.

TIME-LIFE Deaths That Shocked the World (BAZ Billing) - The Editors of TIME-LIFE

2018-03-16

Fallen giants, taken too soon. Unexpected deaths are not entirely unexpected—they surround us every day. What shocks us is "the who," the how, and the why of them, especially

when it comes to celebrities. Whether they fought for our rights or spoke to us through song, moved us on screen, stage, or provided leadership for our country, they gave us a window into their hearts and minds, and their loss unites friends and strangers in an outpouring of sadness. *Deaths That Shocked the World*, the new Special Edition from TIME-LIFE, tells the stories of how we lost some of our most beloved icons to accidents, drugs, murder, and political assassination. And regardless of how they died, it is agreed that they all went too soon. Princess Diana and James Dean, John Lennon and Prince, Kurt Cobain and Robin Williams, Martin Luther King and both John F. Kennedy and John F. Kennedy Jr., are among the many featured in this Special Edition that profiles the impact their lives and deaths had on our world.

Professing Sincerity - Susan B. Rosenbaum 2007

Sincerity--the claim that the voice, figure, and experience of a first-person speaker is that of the author--has dominated both the reading and the writing of Anglo-American poetry since the romantic era. Most critical studies have upheld an opposition between sincerity and the literary marketplace, contributing to the widespread understanding of the lyric poem as a moral refuge from the taint of commercial culture. Guided by the question of why we expect poetry to be sincere, Susan Rosenbaum reveals in *Professing Sincerity: Modern Lyric Poetry, Commercial Culture, and the Crisis in Reading* that, in fact, sincerity in the modern lyric was in many ways a product of commercial culture. As she demonstrates, poets who made a living from their writing both sold the moral promise that their lyrics were sincere and commented on this conflict in their work. Juxtaposing the poetry of Wordsworth and Frank O'Hara, Charlotte Smith and Sylvia Plath, and Anna Laetitia Barbauld and Elizabeth Bishop, Rosenbaum shows how on the one hand, through textual claims to sincerity poets addressed moral anxieties about the authenticity, autonomy, and transparency of literature written in and for a market. On the other hand, by performing their "private" lives and feelings in public, she argues, poets marketed the self, cultivated celebrity, and advanced professional careers. Not only a moral

practice, professing sincerity was also good business. The author focuses on the history of this conflict in both British romantic and American post-1945 poetry. *Professing Sincerity* will appeal to students and scholars of Anglo-American lyric poetry, of the history of authorship, and of gender studies and commercial culture.

James Dean/the Lost Memoirs - Patricia A. Leone 2005-09

There have been many books written on the Hollywood legend, James Dean, but never before have we had a chance to hear from the real Jimmy Dean. Now, for the first time, Dean speaks in his own words as he is channeled through Patricia A. Leone, a long-time admirer of the motion picture star and metaphysical practitioner. *James Dean/ The Lost Memoirs* is an incredibly realistic look into Dean's life, transporting the reader to another place and time. As you read each entry in his journal you become closer than ever before to the man behind the legend. Five decades ago this farm boy took the world by storm, and the fascination with Dean continues to this very day. Now, through this book, we are privy not only to this legendary actor's own words, but also his own most private and innermost thoughts. He writes with intensity about his insecurity concerning acting, his stormy relationship with Pier Angeli, his broken heart over the death of his mother, his constant flirtation with death, and encounters with Hollywood stars like Marilyn Monroe, Shelly Winters, Rock Hudson, Martin Landau, Elizabeth Taylor and Sal Mineo. He also divulges intimate details about others who had the opportunity to be called his friends. The author, in a remarkable series of channeled sessions with Dean that were conducted over the course of several months, was able to break through to the other side and give Dean this opportunity on the 50th anniversary of his death to share with us his own epilogue to his life. It is the real and intimate side of Jimmy Dean, one that has never been presented to the public before. This remarkable book is must reading for Dean fans. It is written in journal form just as the star, himself, might have written it, and it includes his thoughts, memories, and opinions beginning with the death of his mother at age nine until the day just before his fatal

automobile accident on September 30, 1955.
