Claire's husband is a philandering 'sexologist' who believes love and sex can't co-exist. But it breaks her heart when he dies and leaves her a young widow. As she braces herself for her new life alone, Claire can't help but wonder if her late-lamented was right all along. After getting through the pain of his passing, she's returning to the battlefield of bad dates. So when she's asked to write the biography of lothario movie star Jack Huxley, she's surprised when he doesn't live up to his sleazy reputation. Not only

is he more than meets the eye, but he's got his eye on her. Claire's determined to banish her husband's ghosts and prove him wrong. But having found her first Mr Right, does she deserve a second? A unique, extraordinarily perceptive and darkly comic novel about widows, sex and love - in that order.

*Deeper Dating* - Ken Page 2014-12-30  
With exercises, practical tools, and inspiring stories, Deeper Dating will guide you on a journey to find the love—and personal fulfillment—you long for. Lose weight. Be confident. Keep your partner guessing. At the end of the day, this soulless approach to dating doesn't lead to love but to insecurity and desperation. In Deeper Dating, Ken Page presents a new path to love. Out of his decades of work as a psychotherapist and his own personal struggle to find love, Page teaches that the greatest magnet for real love lies in our "Core Gifts"—the places of our deepest sensitivity, longing, and passion. Deeper Dating guides us to discover our own Core Gifts and empowers us to express them with courage, generosity, and discrimination in our dating life. When we do this, something miraculous happens: we begin to attract people who love us for who we are, we become more self-assured and emotionally available, and we lose our taste for relationships that chip away at our self-esteem. Without losing a pound, changing our hairstyle, or buying a single new accessory, we find healthy love moving closer . . . Deeper Dating integrates the best of human intimacy theory with timeless spiritual truths and translates them into a practical, step-by-step process.

experience. The Ultimate Online Dating Guide coaches readers through a step-by-step process of self-discovery that defines what's important to them in a great Internet date and to naturally attract and choose men who share their interests, values, attitudes and personality traits. Ms. MacGowan teaches readers basic principles of advertising and writing. Strategies for finding and choosing men (recruiting and selection) are extensively covered. How to analyze men's behavior to choose the best matches draws on how recruiters analyze human behavior to find the best workers. The Internet is quickly becoming one of the best ways of meeting new dates. Its rapid growth proves that it's not only acceptable but also preferable. Women can broaden their visibility and meet men they wouldn't otherwise have had an opportunity to meet. It's increasingly important to get the right man's attention for successful dating because there are now millions of men browsing these ads. However, women need to learn how to use this wonderful new resource correctly to fully reap its benefits. Internet dating without sound back-up principles can be compared to buying an item on eBay without knowing how to compare prices, assess an item's quality or knowing the strategies of bidding. The Ultimate Online Dating Book Women Approach to Internet Dating After the self-discovery process, the reader develops her ad using her interests in the headline to attract men who share these interests. But many women have trouble with creative writing. Ms. MacGowan shows them how to use advertising headlines from women's magazines to construct an appealing, attention-grabbing headline that attracts men. Ms. MacGowan includes examples of well-written ads for the reader to use as models. A great photo attracts. Tips that get results are covered as well as how to "read" men's photos. The reader also learns how to organize her email responses so she won't get her correspondents mixed up. Next is the advantage of creating "canned" responses that guide her in what to say about herself. She sees them as a timesaver that will provide consistency to her responses to men's emails. "Strip 'em Naked Questions, or Finding the Man beneath the Facade" is an unusual approach to analyzing men's responses. Each serious of questions, there are over 100 to

choose from, begins with a hard-hitting discussion of what a woman should think about when she reads, and later, hears a man's answer. She'll learn if he has attitude, personality or behavior problems. Now it's time to learn about "problem" personality types. There are 16 whimsical personalities to avoid, which are described. A practice session reading and critiquing men's ads ties it nicely together in "The Devil's in the Emales, You've Got Tails." Let's conduct a "telephone interview"!

Recruiters do this using prepared questions. In this chapter, Ms. Mac

*The Shy Single* - Bonnie Jacobson 2004-06-12  
Nearly 50 percent of adults in the United States describe themselves as chronically shy, and an even larger number are single. These numbers prove what we already know: There are a lot of us sitting home alone, letting the dating world pass us by. But it doesn't have to be that way! In *The Shy Single*, New York psychologist Bonnie Jacobson outlines her breakthrough program that helps shy men and women securely maneuver any social situation. At the heart of the book is her confidence-boosting plan for managing the three stages of a shyness attack. A dating profile quiz, journaling exercises, cumulative courage-rating scores, and real testimonies from Dr. Jacobson's extraordinarily popular shyness workshops round out the "coach's corner" advice for shy daters on how to:

- Work a room and get past awkward introductions
- Participate in dinner conversations and bridge uncomfortable silences
- Ask someone out
- End a date gracefully
- Handle sexual advances

The aim of *The Shy Single* is not to make us un-shy, but to enable us to function despite our pounding hearts and sweaty palms. With small, manageable steps, we can gain self-assurance and learn how to finesse awkward or possibly embarrassing situations. Navigate a room with small talk? No problem. Ask out a coworker? No sweat. Make the first move in an intimate situation? You bet. From

going online to declining a second date to determining whether we've found "the one," Dr. Jacobson shows us that dating happiness isn't just for other, more outgoing people--it's for us.
