Twilight Sleep and How to Induce It - American Journal of Clinical Medicine 2017-05-25  
Excerpt from *Twilight Sleep and How to Induce It: As Practised by Gauss and Kroenig*, at Freiburg, Germany, Including a Series of Master Articles on Painless Labor, and How to Prepare for It, Explaining Expert Methods of Preparing Women During Pregnancy for Painless Childbirth That much can be done to put the pregnant woman in good condition to go through her confinement, and to reduce the pain Of this ordeal, many are convinced. Yet most doctors hardly know how to respond to the inquiry of the

young woman who asks: Doctor, isn't there something I can do to prepare myself, so I won't suffer so much? Too many doctors, when asked this question, stammer out a few general and unconvincing suggestions regarding diet, exercise, and laxatives. But they have no system. The Bump Class - Marina Fogle 2016-02-04

"This is one of the best books I have read on the subject" The Sun "Fresh, witty and reassuringly down-to-earth" You Magazine Fed up with advice that did not take into account a less than perfect pregnancy, Dr Chiara Hunt and Marina Fogle set up their pregnancy course, The Bump Class, in London in 2013. They wanted to help prepare new mothers thoroughly for the birth of their babies and instil in them the joy and happiness of birth, no matter what the method, time or setting of the labour. This book is a pragmatic and honest look at pregnancy, giving pregnant women and new mothers sensible and practical advice on what is to be expected (as well as the often unexpected!) in a friendly and open manner. Chiara and Marina believe that there is no such thing as a "normal" pregnancy or birth - every woman is different and that should be celebrated, not ignored. The Bump Class is filled with charming illustrations, impartial advice, style tips and hilarious anecdotes from both of

the authors, as well as personal stories from the women who have been welcomed onto their course. This book will provide every pregnant woman with the support and reassurance that is so essential at the most crucial time in any woman's life.

**Sacred Pregnancy** - Anni Daulter 2012-05-01

In today's western cultures, the typical pregnancy focuses on the baby to the exclusion of the woman herself, so that the entire experience has become more about preparing for the baby's arrival than looking closely at oneself to prepare emotionally for all of the changes that creating a new life brings. Sacred Pregnancy was written to help the pregnant woman journey within herself to prepare for the birth of her baby. Sacred Pregnancy is a gorgeous four-color book especially created for mothers-to-be to reflect on the many personal milestones of the full gestation period of a pregnancy. With beautiful professional photos that correspond to each topic, Sacred Pregnancy also features a journal space for the pregnant woman to record her thoughts and feelings. Each week the mother-to-be is given information on her baby, her body, and her spirit and is asked to reflect on these via the topic of the week, which touches on a variety of issues such as sexuality, fears about labor, becoming a

mother, courage, rite of passage, adornment, body image, meditation, and sisterhood to name a few. Mothers-to-be are invited to look deeply at the issues unique to their journey and find a centered, peaceful place to live their pregnancy fully. Lastly, Sacred Pregnancy includes place for the new mother to record her birth story and a large resource section on various birthing options and supports for pregnant women. "From the spiritual (how to visualize your perfect birth) to the practical (a large section on birthing options), this pregnancy journal is a spiritual adviser and supportive doula all in one." —Fit Pregnancy magazine For more information, visit the Sacred Pregnancy website.
