Unspoken Feelings of a Gentleman Pierre Alex Jeanty 2014-12-10 Unspoken Feelings of a Man explores the deepest parts of a male as he evolves into a man. These are the words behind the silence that many deal with. Thoughts, emotions, and real life struggles are unleashed within these pages. The person speaking isn't fictional but very real and opens himself up wide for the world to salvage pieces they too can relate to. This literary piece speaks volumes on love, pain, mistakes, and personal growth. When you are able to peer into the soul of another person, you realize that you are human too. Words left unsaid halt the opportunity for another to grow from your experiences. On every page are words from the depths of a man's core that has broken others and been broken, priceless words no longer left unspoken.

Annabel Lee Edgar Allan Poe 2014-09-02 After the death of the beautiful Annabel Lee, a young man contemplates their love story—the passionate love in their youth, and the love that continues even

after her passing. Despite the fact that his first published works were books of poetry, during his lifetime Edgar Allan Poe was recognized more for his literary criticism and prose than his poetry. However, Poe's poetic works have since become as well-known as his famous stories, and reflect similar themes of mystery and the macabre. "Annabel Lee" was the last complete poem composed by Poe, and was most likely inspired by his wife, Virginia Eliza Clemm Poe. The Sweet Far Thing Libba Bray 2010-07-01 It has been a year of change since Gemma Doyle arrived at the foreboding Spence Academy. Having bound the wild, dark magic of the realms to her, Gemma has forged unlikely and unsuspected new alliances both with the headstrong Felicity and timid Ann, Kartik, the exotic young man whose companionship is forbidden, and the fearsome creatures of the realms. Now, as Gemma approaches her London debut, the time has come to test those bonds. As her friendship with Felicity and Ann faces its gravest trial, and with the Order grappling for control of the realms, Gemma is compelled to decide once and for all which path she is meant to take. Pulled forward by fate, the destiny Gemma faces threatens to set chaos loose, not only in the realms, but also upon the rigid Victorian society whose rules Gemma has both defied and followed. Where does Gemma really belong? And will she, can she, survive?

Worried About the Wrong Things Jacqueline Ryan Vickery 2018-09-11 Why media panics about online dangers overlook another urgent concern: creating equitable online opportunities for marginalized youth. It's a familiar narrative in both real life and fiction, from news reports to television storylines: a young person is bullied online, or targeted by an online predator, or exposed to sexually explicit content. The consequences are bleak; the young person is shunned, suicidal, psychologically ruined. In this book, Jacqueline Ryan Vickery argues that there are other urgent concerns about young people's online experiences besides porn, predators, and peers. We need to turn our attention to inequitable opportunities for participation in a digital culture. Technical and material obstacles prevent low-income and other marginalized young people from the positive, community-building, and creative experiences that are possible online. Vickery explains that cautionary tales about online risk have shaped the way we think about technology and youth. She analyzes the discourses of risk in popular culture, journalism, and policy, and finds that harm-driven expectations, based on a privileged perception of risk, enact control over technology. Opportunity-driven expectations, on the other hand, based on evidence and lived experience, produce discourses that acknowledge the practices and agency of young people rather than seeing them as passive victims who need to be protected. Vickery first addresses how the discourses of risk regulate and control technology, then turns to the online practices of youth at a low-income, minority-majority Texas high school. She considers the participation gap and the need for schools to teach digital literacies, privacy, and different online learning ecologies. Finally, she shows that opportunity-driven expectations can guide young people's online experiences in ways that balance protection and agency.

In the ashes of a dying world, Red finds a letter marked “Burn before reading. Signed, Blue.” So begins an unlikely correspondence between two rival agents in a war that stretches through the vast reaches of time and space. It's Not Love, It's Just Paris Patricia Engel 2014-08-11 "Gloriously gifted and alarmingly intelligent, Engel writes with an almost fablelike intensity." -- Junot Diaz Lita del Cielo, the daughter of two Colombian orphans who arrived in America with nothing and made a fortune with their Latin food empire, has been granted one year to pursue her studies in Paris before she must return to work in the family business. She moves into a gently crumbling Left Bank mansion known as "The House of Stars," where a spirited but bedridden Countess Séraphine rents out rooms to young women visiting Paris to work, study and, unofficially, find love. Cautious and guarded, Lita keeps a cool distance from the other girls, who seem at once boldly adult and impulsively naïve, who both

intimidate and fascinate her. Then Lita meets Cato, and the contours of her world shift. Charming, enigmatic and weak with illness, Cato is the son of a notorious right-wing politician. As Cato and Lita retreat to their own world, they soon find it difficult to keep the outside world from closing in on theirs. Ultimately Lita must decide whether to stay in France with Cato or return home to fulfill her immigrant family's dreams for her future. *It's Not Love, It's Just Paris* is a spellbinding love story, a portrait of a Paris caught between old world grandeur and the international greenblood elite, and an exploration of one woman's journey to distinguish honesty from artifice and lay claim to her own life. *Letters to Véra* Vladimir Nabokov 2014-09-25 GUARDIAN BOOKS OF THE YEAR 2014 No marriage of a major twentieth-century writer lasted longer than Vladimir Nabokov's. Véra Slonim shared his delight at the enchantment of life's trifles and literature's treasures, and he rated her as having the best and quickest sense of humour of any woman he had met. From their meeting in 1921, Vladimir's letters to his beloved Véra form a narrative arc that tells a forty-six year-long love story, and they are memorable in their entirety. Almost always playful, romantic, and pithy, the letters tell us much about the man and the writer; we see that Vladimir observed everything, from animals, faces, speech, and landscapes with genuine fascination.

hauntingly beautiful. Each of the book's elements are skilfully woven together to reveal fragments of thoughts and feelings that seem almost to belong to the reader as years of painful longing are condensed into the context of a single night. The journal begins with 'Sunset', in which poems convey the initial feelings of shock and loss first felt when a relationship with a loved one ends. As the poetry descends into an emotional downward spiral, the book progresses into its next chapter, 'Darkness', in which emptiness, jealousy, sorrow and despair are passionately portrayed. The concluding chapter, 'First Light', sees the gradual dawning of a new outlook. The final poems express a gratitude for what once was, an acceptance of what now is, and come to the uplifting conclusion that even though a relationship can be fated to end tragically, the memories gained and lessons learned from it are, in their own way, treasured gifts that will last a lifetime. A book for anyone who has found themselves separated from someone they love no matter the circumstance, *The Longest Night* is a companion for the broken heart on the painful emotional journey that is losing someone you love from your life. Its words serve as a comforting reminder, whether you are travelling this road or have recently completed this journey yourself, that despite the loneliness you may sometimes feel along the way none of us walk this path alone.

All About Love bell hooks 2018-01-30 A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun,

yet we would all love better if we used it as a verb,” writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society’s failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question “What is love?” her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the “100 Visionaries Who Can Change Your Life.” *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

Seventeen-year-old Bo has always had delusions that he can travel through time. When he was ten, Bo claimed to have witnessed the Titanic hit an iceberg, and at fifteen, he found himself on a Civil War battlefield, horrified by the bodies surrounding him. So when his concerned parents send him to a school for troubled youth, Bo assumes he knows the truth: that he's actually attending Berkshire Academy, a school for kids who, like Bo, have "superpowers." At Berkshire, Bo falls in love with Sofia, a quiet girl with a tragic past and the superpower of invisibility. Sofia helps Bo open up in a way he never has before. In turn, Bo provides comfort to Sofia, who lost her mother and two sisters at a very young age. But even the strength of their love isn't enough to help Sofia escape her deep depression. After she commits suicide, Bo is convinced that she's not actually dead. He believes that she's stuck somewhere in time — that he somehow left her in the past, and now it's his job to save her. Not since Ned Vizzini's *It's Kind of a Funny Story* has there been such a heartrending depiction of mental illness. In her first contemporary novel, Beth Revis guides readers through the mind of a young man struggling to process his grief as he fights his way through his delusions. As Bo becomes more and more determined to save Sofia, he has to decide whether to face his demons head-on, or succumb to a psychosis that will let him be with the girl he loves.

and empathy. We do not understand each other or each other's struggles as human beings. Today, my culture needs more love and understanding than ever before. We need more healing, growing, and development than ever before. Our souls are being killed by technology, expectation, and separation. Dear Soul is my attempt at laying the groundwork for recovery, healing, and moving forward. Dear Soul is my journey journal written in conversationalist tone, a very intimate, introspective style of poetry, and it shows the twisted romantic observations of the world, which we have all seen. This book connects to every human because it is based on finding love after pain. Pain is something that is common to each of our stories. Let's be honest-how many of us are still suffering from incidents from our childhood? When we struggle in life, the problem is not the problem. The problem is not having adequate solutions or resources to really move forward from the stresses. Dear Soul is the ultimate book to help you take an introspective look inside to uncover a deeper connection with self and a deeper scope for possible solutions for any type of pain. As a writer, my style has been dubbed "visionary poetry," and my purpose is to combine observations, poetry, and persuasive logic. My only goal is to cause an intense amount of thought or reflection inside of each reader. I do not put my words together to be "right." Right and wrong are relative and based on a person's perception and experience. It would be egregious of you to tell me that anything I am writing about is wrong, and vice versa. Nothing is wrong; everything in life is all about perception and perspective. The user who will get the most from this book is one who will relate to the topics that are relevant to his or her personal growth. The other user is someone who will step outside of his or her bubble and understand another's struggle. Once you can holistically understand another person's struggle, then you have activated empathy, and I believe that empathy is the most important quality missing from our culture. Once you have a culture of people who understand each

other, are comfortable with self, and able to communicate effectively, then you raise the vibration of the entire world with that energy. We sit inside of our bubbles and internalize the pain of everything that happens to us, but we don't align with our struggles or successes. I am genuinely happy when I see people succeed at something they've worked for. I am able to share the joy as if it were my own accomplishment. I am able to feel the pain of a woman who doesn't feel comfortable walking down the street at night alone. No, I have never been a woman, but I have listened to those stories and tried to put myself there. Let's just be honest. This generation does not talk about sex, race, or pain from our childhood. We ignore those topics and we ignore self-love. I never heard the word self-love when I was growing up. As a child, I also didn't hear the word love much. I went on several spiritual journeys in my early twenties to discover the deepest version of self. What I present to you here is a continuation of the journey. I am happy, I am healed, and I am as healthy as I can be. Today, I am sharing a spiritual, emotional, and health journey with you inside of these lines.

Hacking Education in a Digital Age Bryan Smith 2018-04-01 In this collection, the authors put forth different philosophical conceptions of “hacking education” in response to the educational, societal, and technological demands of the 21st century. Teacher Educators are encouraged to draw on the collection to rethink how “hacking education” can be understood simultaneously as a “praxis” informed by desires for malice, as well as a creative site for us to reconsider the possibilities and limitations of teaching and learning in a digital era. How do we hack beyond the limits of circumscribed experiences, regulated subjective encounters with knowledge and the limits imposed by an ever constrained 21st century schooling system in the hopes of imagining better and more meaningful futures? How do we foster ingenuity and learning as the end itself (and not learning as economic imperative) in a world where technology, in part, positions individuals as zombie-like and as an economic end in itself? Can we “hack” education in such a way that helps to mitigate the black hat hacking that increasingly lays ruin to individual lives, government agencies, and places of work? How can we, as educators, facilitate the curricular and pedagogical processes of reclaiming the term hacking so as to remember and remind ourselves that hacking’s humble roots are ultimately pedagogical in its very essence? As a collection of theoretical and pedagogical pieces, the chapters in the collection are of value to both scholars and practitioners who share the same passion and commitment to changing, challenging and reimagining the script that all too often constrains and

the young poet, broke in London, serving popcorn at the Prince Charles Cinema, ruminating on Britpop, listening to Scott Walker, but dreaming of creating a band infused with 'the spirit of Albion'. The later books reflect Pete's rise to fame, his changing world, and are full of artwork, photographs, notes and thoughts. It is intimate, honest stuff, very readable and very funny in places; pretty dark in others. All in all it's the work of a serious artist, a complete antidote to most things written about Doherty. These twenty-odd books - edited and condensed into one volume - are filled with poems, drawings, personal reflections, lyrics and collages, and is a powerfully compelling collection.

Social Media Homicide Confessions Elizabeth Yardley 2017-09-20 As our interactions with others become ever more mediated by various forms of electronic communication, the relationship between crime and technology is becoming an increasingly important topic for both theoretical and practical studies of criminology. This book analyzes digital communications as they play a part in contemporary homicide, drawing on a range of cases from the United Kingdom and elsewhere in the world--cases where killers confessed on social media, for example, or where their actions were traced using their digital communications. Offering a groundbreaking conceptual framework for people studying this issue, the book will be of great value to criminologists, students, and police officers.

To the Women I Once Loved Pierre Alex Jeanty 2015-09-04 "To The Women I Once Loved" is a reflection of a poet's heart, his deepest inner feelings towards past relationships and how they contributed to the man he has become. Each piece brings consciousness to parts of a woman that ought to be glorified, qualities men sometimes neglect in relationships; while making both men and women aware that who they become has a direct correlation with who they've been with. Pierre allows readers to see where he missed it before in a way that is uplifting not only to the reader but also the women of his past. This literary piece is filled with hope and will salivate the soul of those waiting on love.

It's Not Love, It's Just Paris Patricia Engel 2013-08-06 A spellbinding story of a young American abroad and a star-crossed relationship: "This is a novel to get lost in." —The Miami Herald Lita del Cielo is the daughter of two Colombian immigrants who arrived in America with nothing and made a fortune with their Latin food empire. Now Lita has been granted one year to pursue her studies in Paris before returning to work in the family business. She moves into a crumbling Left Bank mansion known as "The House of Stars," where the spirited but bedridden Countess Séraphine rents out rooms to young women visiting Paris to work, to study, and, unofficially, to find love. Cautious and guarded, Lita keeps a cool distance from the other girls, who seem at once boldly adult and impulsively naïve, who both intimidate and fascinate her. Then Lita meets Cato, and the contours of her world shift. Charming, enigmatic, and weak with illness, Cato is the son of a notorious right-wing politician. As Cato and Lita retreat to their own world, they soon find it difficult to keep the outside world from closing in on theirs. Ultimately Lita must decide whether to stay in France with Cato or return home to fulfill her family's dreams for her future. From the author of *Vida*, a finalist for the PEN/Hemingway Award, *It's Not Love, It's Just Paris* is a love story, a portrait of a Paris caught between the old world and the new, and an exploration of one woman's journey to lay claim to her own life. "Wise and accomplished . . . Beautifully written." —The New York Times Book Review

The Prophet Kahlil Gibran 2019-04-16 ALMUSTAFA, the chosen and the beloved, who was a dawn unto his own day, had waited twelve years in the city of Orphalese for his ship that was to return and bear him back to the isle of his birth. And in the twelfth year, on the seventh day of Ielool, the month of reaping, he climbed the hill without the city walls and looked seaward; and he beheld his ship coming with the mist. Then the gates of his heart were flung open, and his joy flew far over the sea. And he closed his eyes and prayed in the silences of his soul. BUT as he descended the hill, a

sadness came upon him, and he thought in his heart: How shall I go in peace and without sorrow? Nay, not without a wound in the spirit shall I leave this city. Long were the days of pain I have spent within its walls, and long were the nights of aloneness; and who can depart from his pain and his aloneness without regret? Too many fragments of the spirit have I scattered in these streets, and too many are the children of my longing that walk naked among these hills, and I cannot withdraw from them without a burden and an ache.
