Man and Wife in America - Hendrik Hartog

2002-05-30

In nineteenth-century America, the law insisted that marriage was a permanent relationship defined by the husband's authority and the wife's dependence. Yet at the same time the law created the means to escape that relationship. How was this possible? And how did wives and husbands experience marriage within that legal regime? These are the complexities that Hendrik Hartog plumbs in a study of the powers of law and its limits. Exploring a century and a half of marriage through stories of struggle and conflict mined from case records, Hartog shatters the myth of a golden age of stable marriage. He describes the myriad ways the law shaped and defined marital relations and spousal identities, and how individuals manipulated and reshaped the rules of the American states to fit their needs. We witness a compelling cast of characters: wives who attempted to leave abusive husbands, women who manipulated their marital status for personal advantage, accidental and intentional bigamists, men who killed their wives' lovers, couples who insisted on divorce in a legal culture that denied them that right. As we watch and listen to these men and women, enmeshed in law and escaping from marriages, we catch reflected images both of ourselves and our parents, of our desires and our anxieties about marriage. Hartog shows how our own conflicts and confusions about marital roles and identities are rooted in the history of marriage and the legal struggles that defined and transformed it.

Married to the Job - Janet Finch 2012-10-11

Married to the Job examines an important but under-researched area: the relationships of wives to their husbands' work. Janet Finch looks both at the way women's lives are directly affected by the work their husbands do and how they can get drawn into it. These she sees as the two sides of wives' 'incorporation'. Dr Finch discusses a wide range of occupations, from obvious stereotypes - services, diplomatic, clergy and political wives - to more subtle but equally valid shades of involvement - the wives of policemen, merchant seamen, prison officers, the owners of small businesses and academics. She stresses that this process is by no means confined to the wives of professional men; she argues that the nature of the work done and the way it is organised are more important pointers to the ways in which wives will be incorporated. For specific illustrations, Dr Finch draws substantially on her own original research on wives of the clergy. Married to the Job clearly shows that marriage itself (not just child-bearing) is an important feature of women's subordination. Dr Finch points to the links between husband's work, the family and its relationship to economic structures, and suggests that wives are tied into those structures as much as anything through their vicarious involvement in their husband's work. She views any prospects for change with caution. The organisation of social and economic life makes it difficult for wives to break free from

this incorporation even should they wish to; it makes economic good sense for them to continue in most cases; social life is organised so as to make compliance easy; and it provides a comprehensible way of being a wife. As an empirically-based survey of women's subordination within marriage, *Married to the Job* will prove essential reading to all those concerned about the position of women, whether feminists, academics or general readers. It will also provide important background material for undergraduate courses on women's studies, the sociology of the family, the sociology of work and family policy.

Marriage Be Hard - Kevin Fredericks 2022-09-13
 NEW YORK TIMES BESTSELLER • Discover the keys to upholding your vows while staying sane in this hilariously candid guide to relationships, from the husband-and-wife team of comedian Kevin Fredericks and influencer Melissa Fredericks "Kev and Melissa are not afraid to tell the truth!"—Tabitha Brown, New York Times bestselling author of *Feeding the Soul* Growing up, Kevin and Melissa Fredericks were taught endless rules around dating, sex, and marriage, but not a lot about what actually makes a relationship work. When they first got married, they felt alone—like every other couple had perfect chemistry while the two of them struggled. There were conversations that they didn't know they needed to have, fears that affected how they related to each other, and seasons of change that put their marriage to the test. Part of their story reads like a Christian fairytale: high school sweethearts, married in college, never sowed any wild oats, with two sons and a thriving marriage. But there's another side of their story: the night Melissa kicked Kevin out of her car after years of communication problems, the time early in their marriage when Kevin bordered on an emotional affair, the way they've used social media and podcasts to conduct a no-holds-barred conversation about forbidden topics like jealousy, divorce, and how to be Christian and sex positive. (Because, as Kevin writes, "Your hormones don't care about your religious beliefs. Your hormones want you to subscribe to OnlyFans.") In *Marriage Be Hard*, the authors provide a hilarious and fresh master class on what it takes to build and maintain a lasting

relationship. Drawing on interviews with experts and nearly two decades of marriage, they argue that • Compatibility is overrated. • Communication is about way more than simply talking. • Seeing divorce as an option can actually help your marriage. • There's such a thing as healthy jealousy. Real marriage is not automatic. It ain't no Tesla on the open road. Sometimes it's a stick shift on a hill in the rain with no windshield wipers. But if you get comfortable visiting—and revisiting—the topics that matter, it can transform your bond with your partner and the life you're building together. Written for those tired of unrealistic relationship books—and for anyone wondering if they're the only ones breaking all the rules—*Marriage Be Hard* is a breath of fresh air and the manual you wish existed after you said "I do."

The Connection Between the Husband and the Wife is the Relationship Among Closest Friends. - Aj Papper House 2019-11-10

"I love you." These three magical words bind two people together, and "I do" cements their bond forever. Marriage is a sacred relationship - one where two hearts come together and vow to be with one another for a lifetime. As the years pass by, we show our love for each other through our duties and actions, but may fail to express it in words.

God's Design for Marriage - Mona Tycz 2014-02-05

Have you ever asked yourself: What is God's design for marriage? What is His purpose for the husband-wife relationship? Do I really understand this and am I living it? According to

Dr. D.L. Mitchell, Pastor, Chaplain, Lt. Col. (Retired, USAF): "Mona Tycz has done the heavy lifting of critical study and has offered us the fruit of her labor in her near exhaustive work: *God's Design for Marriage Husband-Wife Relationship!* Mona's past has prepared her to approach difficult subjects with an analytic predisposition causing her to ask and search for meaningful questions while accepting HIS unchangeable answers. I believe all who read *God's Design for Marriage Husband-Wife Relationship* will place it at the forefront of their library and use it time and again as a critical resource in helping and encouraging others!" This book takes you through an inquiry into God's design for marriage using the Bible as its source material. The research was tested in numerous conferences with married couples, singles, even high school students, with pastors and their wives, and with ministers and their wives. In this book format, you can choose to study it on your own, with your spouse, or in a small group format. Parents and youth groups can use it as a study to teach youth so they can understand God's design and purpose of marriage as well as the defiant alternatives mankind has instituted and followed. Studying this book will enable you to grasp a far greater perspective of marriage than "What's in it for me?" Imagine understanding marriage in a way that you can perceive the majesty in the marriage structure. This study can alter how married couples perceive themselves and their spouses as well as alter how single people relate to married couples. You will explore how living marriage as God has designed it, provides a window into Christ's relationship with the Church, and the Church's relationship with Christ. In addition, it provides a window into seeing the Trinity and how the three Persons of the Trinity relate. Your understanding of marriage will grow as you become aware that marriage is truly sacred, designed by God. This is not a "how to" book on marriage. Rather this is a study of what the Bible says regarding marriage. It will not offer multiple lists of "how to" as it is intended to open the reader's perception and regard for marriage. It addresses some difficult issues such as Authority and Submission, removing the deception they are held in, by revealing what God says and

demonstrated regarding each. This is not a fix-it book; it is a critical study of the Bible intended to distinguish God's Design for Marriage Husband-Wife Relationship.

The purpose of this book is to help families.

Today, families are torn apart. Divorce is on the rise. Single parents trying to work and raise a family. Children going astray. Children against parent and parents against children. Families need help. And it's all due to the lack of understanding one another. My prayer is that this book will shed some light on the problem and bring peace in the family.

Do Yourself a Favor - James A. Schaller 2011
 "If you want to make a great marriage, it's your choice!" In the dance of marriage, two people can achieve happiness together when they are both happy as individuals. An enduring and intimate relationship is possible when a man and a woman retain their separate and distinct identities, and relate to each other as equals and with total honesty. This is some of the insight that, early in his career as a gynecologist, Dr. Jim Schaller gained when he realized that most wives were unhappy, or at least disappointed in their marriage—while most husbands needed to get in touch with buried feelings, especially in running the gauntlet from boyhood to manhood. He saw that male control remains the primary reason for women's frustration, depression and anger, and that equality and honesty—based on loving kindness, warmth, attention, thoughtfulness, tenderness, and caring—leads to respect, trust, and true companionship ... that is, what couples desire most in their relationship. While intimacy may be the crowning jewel, day-to-day relationships are hard work—becoming more aware of ourselves and learning to listen and talk about feelings. Dr. Schaller's message to husbands (and wives) is straightforward: "Love, honor, and appreciate yourself, as this is the `key' to becoming a more honest, open, and responsible partner. So be prepared to work on yourself!"

Wives, Husbands, and Lovers - Deborah S. Davis 2014-07-09

What is the state of intimate romantic relationships and marriage in urban China, Hong Kong, and Taiwan? Since the 1980's, the character of intimate life in these urban settings has changed dramatically. While many speculate about the 21st century as Asia's century, this book turns to the more intimate territory of sexuality and marriage—and observes the unprecedented changes in the law and popular expectations for romantic bonds and the creation of new families. *Wives, Husbands, and Lovers* examines how sexual relationships and marriage are perceived and practiced under new developments within each urban location, including the establishment of no fault divorce laws, lower rates of childbearing within marriage, and the increased tolerance for non-marital and non-heterosexual intimate relationships. The authors also chronicle what happens when states remove themselves from direct involvement in some features of marriage but not others. Tracing how the marital "rules of the game" have changed substantially across the region, this book challenges long-standing assumptions that marriage is the universally preferred status for all men and women, that extramarital sexuality is incompatible with marriage, or that marriage necessarily unites a man and a woman. This book illustrates the wide range of potential futures for marriage, sexuality, and family across these societies.

STRONG IN THE STORM - Mutea Rukwaru 2017-12-20

Marriage is one of the oldest institutions in the world. It is an institution bedeviled with a lot of challenges. It is ironical that you are given a marriage certificate without having graduated. You don't even graduate in the college of marriage. There are no leaves, half terms or holidays. Marriage is a relationship and all

relationships have disagreements. How successful relationships are has a lot to do with how those disagreements are handled. Most of the problems encountered in marriage is due to the fantasy we have about marriage life. From the moment Romeo sets his eyes on Juliet to the fairy-tale climax when Cinderella captures her prince, young people are taught that falling in love is the one and only essential requirement for marriage. If you wish to make your marriage work, then the love between you can't simply be based on feelings. That's because feelings change like moods. If romance were the sole factor determining the duration of a union, most marriages would end in less than a year. Love must be both a feeling and a decision. Most marital relationships are weakened by the issues of sex, money, identity and extended family members. In today's world time is becoming elusive. Remember a time a husband and wife devote to one another determines the quality of their relationship. The stresses of life whether they are financial, parental, family related or work related can negatively impact on marriage and lead to unnecessary arguments. Spouses who don't prioritize their time together get caught in the trap of drifting away from one another due to the pressures of life. As time goes on and children get older and jobs become demanding you may not realize that your needs are changing and you dread change. With time you will find that by investing in your marriage and spending time with one another, you will limit the number of disagreements you have. Your sexual life will improve and you are less likely to be involved in extramarital affairs. The quality of your marriage is the single most important factor in raising healthy, well-adjusted children. Husbands and wives who love and respect each other raise children who have healthy values, self-esteem and good relationship skills. Wives should not neglect their husbands. Remember your husband was there before your children were born and he'll be there long after your children have moved on in life. If you show contempt toward your husband, your daughter will treat her husband that way and your son will expect his wife to have contempt for him. Your husband needs to occupy the number one spot in your heart. You cannot place your children or extended family

ahead of him in your heart. If you don't put him first, not only will that injure him, but it will destroy your relationship and eventually make him run away and this will harm the lives of your children. Oftentimes men feel like they only get their wife's attention after everyone else the kids, the pets and the women have had their needs met. He gets what's left over after everyone else is taken care off. It is also important to note that happily married spouses are satisfied with their sexual relationships. A spouse who makes you feel important, who is kind, gentle, exciting and good with children and who is sexually satisfying and prone to sexual experimentation most powerfully influences your marital satisfaction. You can add zest to your love life by enhancing appeal as a spouse by having more intimate conversations and by showing more consideration and non sexual affection. Then add some novelty and creativity to your lovemaking. Sex is so critical in marriage and any relationship at marriage level devoid of it is at risk. Sex can heal illnesses and alleviate depression. From a man's perspective, there are not many things more important than sex. Sex not only fulfils a physical need in men and women but it also fulfils a psychological need. In reference to men sex heals a man the same way food, sleep and medicine can heal an injured sick body. Men are intensely physical and so the physical act of sex plays a big role in their lives. Women enjoy sex nearly as much as men do-they just don't obsess it quite as much. It is of interest to note that if a man's wife is not interested in him physically for whatever reason, of which probably it isn't necessarily her fault, and some young girls come along who shows an interest in him as a man, many men are easily swayed into having these needs fulfilled. Some of it may be due to ego, but much of that need involves the fact that a man cannot feel truly loved if he is not having his physical needs met. When both men and women are satisfied sexually they will all be having satisfied marriage lives. Sex is such a great power in the world. But it is women who have tremendous sexual power. What does this power look like? What are the dynamics of sex? Why do spouses stray? Is it a matter of life and death? What are the complex reasons behind extramarital sex? Is sex so critical that without proper handling

families will degenerate to the primordial times where “sexual punalua” (“sexual communism”) was the practice? Take an exciting walk through “strong in the storm” to find answers to this life’s maze. When you unearth the mystery of this labyrinth, then you will be in a position to advice colleagues, friends and those in the byways of orchestra of life how to paddle this tricky canoe. In a nutshell, a husband and wife should sail the seas of life in the same boat,

rowing together, trimming the sails together and making sure the whole operation runs smoothly together, but ironically many spouses are actually in two different boats. Yet the two won’t truly become one until they do get into the same boat.
