The Lizard King - Jerry Hopkins 2014-10-15

Jim Morrison, lead singer of the Doors, has achieved a bizarre cult status since his death in 1971. Morrison was one of the most popular and controversial figures to emerge during the sixties; described as an 'erotic

politician', poet, shaman, Dionysian drunk, his style and influence have grown steadily in the twenty years since his death, so that the real man has gradually disappeared behind the legend. Now, in *The Lizard King: The Essential Jim Morrison*, Morrison's biographer Jerry Hopkins, co-author of *No One Here Gets Out Alive*,

reassesses Jim's life and provides fresh insights into him as a human being rather than the myth that he has become. But this reassessment is only part of this remarkable book. At its heart is a series of interviews with Jim Morrison by journalists including Hopkins himself, Ben Fong-Torres, John Tobler, Bob Chorus, Salli Stevenson, Richard Goldstein and the late John Carpenter, Morrison shows himself to have been articulate, intelligent and witty. Published uncut, these interviews provide a unique insight into a man who consciously created his own myth, then lived to regret it. Stripping bare the facts from the fantasies of Jim's death in Paris in 1971, and taking a long hard look at what has happened since to the people who he left behind, *The Lizard King: The Essential Jim Morrison* brings sharply into focus the broken dreams and unreachable ideals of one of the sixties' most enduring icons.

I was Elvis Presley's Bastard Love-child & Other Stories of Rock'n'roll Excess - Andrew Darlington 2001
Unexpurgated interviews with legendary rock musicians and bands including Peter Green, Grace Slick, Kraftwerk, The Kinks, Robert Plant and Siouxsie Sioux, plus the full text of Gene Clark's last interview. Complete with discographies and illustrated profusely throughout.

[Censoring Sex](#) - John E. Semonche 2007-07-20

In this gracefully written, accessible and entertaining volume, John Semonche surveys censorship for reasons of sex from the nineteenth century up to the present. He covers the various forms of American media—books and periodicals, pictorial art, motion pictures, music and dance, and radio, television, and the Internet. The tale is varied and interesting, replete with a stock of colorful characters such as Anthony Comstock, Mae West, Theodore Dreiser, Marcel Duchamp, Opie and Anthony, Judy Blume, Jerry Falwell, Alfred Kinsey, Hugh Hefner, and the Guerilla Girls. Covering the history of censorship of sexual ideas and images is one way of telling the story of modern America, and Semonche tells that tale with insight and flair. Despite the varieties of censorship, running from self-censorship to government bans, a common story is told. Censorship, whether undertaken to ward off government regulation, to help preserve the social order, or to protect the weak and vulnerable, proceeds on the assumption that the censor knows best and that limiting the choices of media consumers is justified. At various times all of the following groups were perceived as needing protection from sexually explicit materials: children, women, the lower classes, and foreigners. As social and political conditions changed, however, the simple fact that someone was a woman or a day laborer did not support stereotyping that person as weak or impressionable. What would remain as the only acceptable rationale for censorship of sexual materials was the protection of children and unconsenting adults. For each mode of media, Semonche explains via abundant examples how and why censorship took place in America. *Censoring Sex* also traces the story of how the cultural territory contested by those advocating and opposing censorship has diminished over the course of the last two centuries. Yet, Semonche argues, the censorship of sexual materials that continues in the United States poses a challenge to the free speech that is part of the foundation upon which the nation is built. Indeed, in an era in which sexual images are pervasive and the need for reliable information about sex and sexuality is growing, he questions the remaining rationales for censorship and the justification for placing obscenity outside the protection of the U. S. Constitution.

The Rolling Stones - Jill C. Wheeler 2021-08-01

This history of the Rolling Stones highlights the band's career and cultural impact. Readers learn about the Rolling Stones' early days playing blues covers, the rebellious spirit that gave the band its identity, and the creation of iconic albums. Engaging text, historic photographs, and sidebars bring the story to life. Features include a timeline, glossary, websites, source notes, and an index. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

Mother of Rock - Robert Milliken 2010-02-01

She was the unchallenged queen of the New York rock scene...Dorothy Parker of Max's Kansas City' - Rolling Stone From the pubs of the Sydney Push to New York's legendary nightclubs, Lillian Roxon set the pace for an era that changed the world. Born in Mussolini's Italy, she arrived as a child in Brisbane at the height of the Second World War. Audacious, independent and fiercely intelligent, by eighteen she was cutting her writing teeth in the colourful world of Sydney tabloid journalism and was a key member of the Sydney Push. She moved to New York in 1960, just in time for a cultural revolution that celebrated youth, sexual freedom, women's liberation - and rock and roll. Embracing the new scene with gusto, she became

the centre of a circle that included Andy Warhol, Lou Reed, Jim Morrison and David Bowie. Linda Eastman confided in her about her first date with Paul, and Germaine Greer dedicated *The Female Eunuch* to her. Her *Rock Encyclopedia*, published in 1969, was the first book of its kind and established Roxon as a leading critic and chronicler of rock culture. When she died suddenly in 1973, she left behind a body of work full of the energy, irreverence and idealism of her times. Drawing on Roxon's personal papers and extensive interviews with those who knew her, *Mother of Rock* is a riveting portrait of an Australian trailblazer. It also contains a generous selection of Roxon's own writing, including material from her *Rock Encyclopedia*, which revolutionised the way rock music was perceived.

[Rock Your Business](#) - David Fishof 2012-09-04

Would you like your business... ..to burst into public awareness like Lady Gaga? ...to have the long-lived success of Mick Jagger? ...to demonstrate the creativity of The Beatles? We don't normally think of the music business as a source of entrepreneurial insight, but we should. The best bands have longevity, a depth of customer loyalty, and a level of profitability that puts most businesses to shame. And what they know—about marketing, partnerships, the power of bartering, and overcoming obstacles—isn't taught in any business school. David Fishof has lived at the center of the music business for more than 25 years. From his early successes in reuniting The Monkees and convincing Ringo Starr to launch his All Starr tour, to his current megasuccess as founder and CEO of Rock 'n' Roll Fantasy Camp™, Fishof has learned from the leading minds in the music business—and has applied this learning in one entrepreneurial venture after another. Filled with insights from Fishof's amazing exploits in the music industry and seasoned with business tips from music legends, *Rock Your Business* provides important and original business insights from an unlikely source—the world of rock and roll.

The New Rolling Stone Album Guide - Nathan Brackett 2004

Publisher Description

Focus On: 100 Most Popular American Rock Songwriters - Wikipedia contributors

[Routledge International Encyclopedia of Women](#) - Cheris Kramarae 2004-04-16

For a full list of entries and contributors, sample entries, and more, visit the Routledge International Encyclopedia of Women website. Featuring comprehensive global coverage of women's issues and concerns, from violence and sexuality to feminist theory, the Routledge International Encyclopedia of Women brings the field into the new millennium. In over 900 signed A-Z entries from US and Europe, Asia, the Americas, Oceania, and the Middle East, the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women's studies to create the new standard work for anyone who needs information on women-related subjects.

American Popular Music: The age of rock - Timothy E. Scheurer 1989

Beginning with the emergence of commercial American music in the nineteenth century, Volume 1 includes essays on the major performers, composers, media, and movements that shaped our musical culture before rock and roll. Articles explore the theoretical dimensions of popular music studies; the music of the nineteenth century; and the role of black Americans in the evolution of popular music. Also included--the music of Tin Pan Alley, ragtime, swing, the blues, the influences of W. S. Gilbert and Rodgers and Hammerstein, and changes in lyric writing styles from the nineteenth century to the rock era.

Rock 'n' Roll Jews - Michael Billig 2001-05-01

A disciplined study that reveals the many contributions of Jews throughout the history of rock 'n' roll.

Rock Star/Movie Star - Landon Palmer 2020

From Elvis to Madonna, *Rock Star/Movie Star* explores why rock stars have been useful for movies, and why movies have been useful for rock stars. This in-depth history traverses how rock stars' screen performances have served motion picture and recording industries as well as offered new potentialities for movie stardom.

Women in Rock Memoirs - Marika Ahonen 2023

Women in Rock Memoirs vindicates the role of women in rock music. The chapters examine memoirs written by women in rock from 2010 onwards to explore how the artists narrate their life experiences and difficulties they had to overcome, not only as musicians but as women. The book includes memoirs written

by both well-known and lesser-known artists and artists from both inside and outside of the Anglo-American sphere. The essays by scholars from different research areas and countries around the world are divided into three parts according to the overall themes: Memory, Trauma, and Writing; Authenticity, Sexuality, and Sexism; and Aging, Performance, and the Image. They explore the dynamics of memoir as a genre by discussing the similarities and differences between the women in rock and the choices they have made when writing their books. As a whole, they help form a better understanding of today's possibilities and future challenges for women in rock music.

The Fangirl - Mara Brewer 2015-03-10

This is a lifestory of Alice, a romantic girl who believes in all the supernatural. She and her three friends are the fans of a famous rock-group, the leading singers of which, the twin brothers Stewarts, are the sex symbols of the modern music. Accidentally Alice finds out the ability of one of her friends to read thoughts and to look into the future. Everything gets complicated when, while applying her ability, the girl appears to be connected at the astral level with one of the leading singers of the group who lives now in two worlds: in one — he is an alcohol addicted rock-star, in the other — he is an ordinary guy in love with a beautiful girl, Angela, Alice's friend. You will find out what playing with somebody else's sub-consciousness will lead to, while reading the book.

Human Sexuality - Vern L. Bullough 2014-01-14

1922 Contents: the Gods of the Hebrew Bible; Part I - Old Testament Gods; Growth of the Sun God Idea; Status, Beliefs & Idols of the Hebrews; Fruition of the Sun God Idea; Peter or the Rock; the Two Gods; Queen of Heaven, Ruach; Seven Stories of.

Between Rock and Hard Places - Stephen Metzger 2021-06-04

Jim Rooney has just finished his memoir about his days as a drummer for the Johnny Sands Band, a hugely popular 1970s American rock group, when he dies in a suspicious car crash. His widow suspects he was murdered, in part because all traces of the manuscript have disappeared, and hires private investigator Mike McMahon, who moonlights as a junior college instructor teaching a class in the history of rock 'n' roll, to look into it. McMahon is torn between his commitment to the case and his commitment to his on-again off-again girlfriend, Becka Goldberg, professor of Anglo-Saxon literature at San Francisco State. Ultimately, McMahon uncovers the truth behind the band's untimely end, a result of the death of its front man in a plane crash the night of what turned out to be their final concert, all of which would have been part of Rooney's memoir.

Rock Eras - James M. Curtis 1987

From 1954 to 1984, the media made rock n' roll an international language. In this era of rapidly changing technology, styles and culture changed dramatically, too. In the 1950s, wild-eyed Southern boys burst into national consciousness on 45 rpm records, and then 1960s British rockers made the transition from 45s to LPs. By the 1970s, rockers were competing with television, and soon MTV made obsolete the music-only formats that had first popularized rock n' roll. Paper is temporarily out of stock, Cloth (0-87972-368-8) is available at the paper price until further notice.

Political Rock - Kristine Weglarz 2016-04-22

Political Rock features luminary figures in rock music that have stood out not only for their performances, but also for their politics. The book opens with a comparative, cultural history of artists who have played important roles in social movements. Individual chapters are devoted to The Clash and Fugazi, Billy Bragg, Bob Dylan, Rage Against the Machine, Pearl Jam, Sinéad O'Connor, Peter Gabriel, Ani DiFranco, Bruce Cockburn, Steve Earle and Kim Gordon. These artists have been chosen for their status as rock musicians and connections to political moments, movements, and art. The artists and authors show that rock retains a critical strain, continuing a tradition of rock politics that matters to fans, activists, and movements alike.
