

Sacred Pleasure Sex Myth And The Politics Of The Body

Transpersonal Knowing - PH D Tobin Hart,
PH.D. 2000-07-20

The freshest and most respected thinkers in transpersonal psychology explore the myriad pathways to knowledge.

[Looking for Mary Magdalene](#) - Anna Fedele 2013
Anne Fedele provides a detailed ethnography of alternative pilgrimages to Catholic shrines in contemporary France that are dedicated to Saint Mary Magdalene or house black Madonna statues. Based on more than three years of fieldwork it describes the way in which pilgrims with a Christian background from Italy, Spain, Britain and the United States interpret Catholic

figures, symbols and sites according to spiritual theories and practices derived from the transnational Neopagan movement.

The Power of Partnership - Riane Eisler
2010-09-03

Based on the research that brought international recognition to Riane Eisler's groundbreaking work *The Chalice and the Blade* but addressing the world as it is today, *The Power of Partnership* offers inspiration and guidance for moving to the better lives we yearn for. Eisler offers us a new lens, a new paradigm, for seeing the world and living in it. The Partnership Model, which emphasizes mutual respect and a

fundamental awareness of the sacredness of all life, creates a solid foundation for families, businesses, communities, and the world. In contrast, the suffocating paradigm that has guided much of recorded history — what Eisler calls the Domination Model — has led individuals and groups, acting out of fear, to oppress women, wage war, terrorize, and subjugate others. Using these simple yet far-reaching models, Eisler shows how political and personal relationships based on domination inevitably result in misery and violence, while those founded on partnership foster respect, love, and an explosion of creativity.

[New Directions in Sex Therapy](#) - Peggy J.

Kleinplatz 2013-05-13

New Directions in Sex Therapy: Innovations and Alternatives focuses on cutting-edge therapy paradigms as alternatives to conventional sex therapy and expands the definition of the field. Replete with helpful clinical illustrations to demonstrate these new approaches in action,

this book is intended for anyone who deals with sexual issues and concerns in therapy, clinicians of every kind, in addition to sex therapists.

[The Wiley-Blackwell Handbook of Transpersonal Psychology](#) - Harris L. Friedman 2015-06-22

THE WILEY-BLACKWELL HANDBOOK OF Transpersonal Psychology “The new Handbook of Transpersonal Psychology is a necessity today. Many transpersonal psychologists and psychotherapists have been waiting for such a comprehensive work. Congratulations to Harris Friedman and Glenn Hartelius. May this book contribute to an increasingly adventurous, creative, and vibrant universe.” Ingo B. Jahrsetz, President, The European Transpersonal Association “The Handbook of Transpersonal Psychology is an outstanding, comprehensive overview of the field. It is a valuable resource for professional transpersonal practitioners, and an excellent introduction for those who are new to this wide-ranging discipline.” Frances Vaughan, PhD. Psychologist, author of *Shadows of the*

Sacred: Seeing Through Spiritual Illusions

“Finally, the vast literature on transpersonal psychology has been collected in what is clearly the essential handbook for psychologists and others who have either too apologetically endorsed or too critically rejected what undoubtedly will define psychology in the future. If you are not a transpersonal psychologist now, you will be after exploring this handbook. No longer can one dismiss the range of topics confronted by transpersonal psychologists nor demand methodological restraints that refuse to confront the realities transpersonal psychologists explore. This is a marvelous handbook—critical, expansive, and like much of what transpersonal psychologists study, sublime.” Ralph W. Hood Jr., University of Tennessee, Chattanooga With contributions from more than fifty scholars, this is the most inclusive resource yet published on transpersonal psychology, which advocates a rounded approach to human well-being,

integrating ancient beliefs and modern knowledge. Proponents view the field as encompassing Jungian principles, psychotherapeutic techniques such as Holotropic Breathwork, and the meditative practices found in Hinduism and Buddhism. Alongside the core commentary on transpersonal theories—including holotropic states; science, with chapters on neurobiology and psychometrics; and relevance to feminism or concepts of social justice—the volume includes sections describing transpersonal experiences, accounts of differing approaches to healing, wellness, and personal development, and material addressing the emerging field of transpersonal studies. Chapters on shamanism and psychedelic therapies evoke the multifarious interests of the transpersonal psychology community. The result is a richly flavored distillation of the underlying principles and active ingredients in the field.

Sexuality, Gender and Identity - Doug Risner

Downloaded from
legacy.opendemocracy.net on
2019-05-23 by guest

2018-10-24

Sexuality is a difficult topic for all educators. Dance teachers and educators are not immune to these educational challenges, especially given the large number of children, adolescents, and young adults who pursue dance study and performance. Most troubling is the lack of serious discourse in dance education and the development of educative strategies to promote healthy sexuality and empowered gender identities in proactive ways. This volume, focused on sexuality, gender, and identity in dance education, expands this developing area of study and investigates diverse perspectives from public schools, private sector dance studios and schools, as well as college and university dance programs. By openly bringing issues of sexuality and gender to the forefront of dance education and training, this book straightforwardly addresses critical challenges for engaged educators interested in age appropriate content, theme and costume; the

hyper-sexualization of children and adolescents; sexual orientation and homophobia; the hidden curriculum of sexuality and gender; sexual identity; the impact of contemporary culture; and mass media, and sexual exploitation. The original research provides a frank discussion, highlighting practical applications and offering insights and recommendations for today's educational environment in dance. This book was originally published as a special issue of the Journal of Dance Education.

Sacred Pleasure - Riane Eisler 1995

Hungry for Ecstasy - Sharon Klayman Farber 2012

Hungry for Ecstasy: Trauma, The Brain, and the Influence of the Sixties by Sharon Klayman Farber explores the hunger for ecstatic experience that can lead people down the road to self-destruction. In an attempt to help mental health professionals and concerned individuals understand and identify the phenomenon and

*Downloaded from
legacy.opendemocracy.net on
2019-05-23 by guest*

ultimately intervene with patients, friends, and loved ones, Farber speaks both personally and professionally to the reader. She discusses the different paths taken on the road to ecstatic states. There are religious ecstasies, ecstasies of pain and near-death experiences, cult-induced ecstasies, creative ecstasies, and ecstasies from hell. *Hungry for Ecstasy* explores not only the neuroscientific processes involved but also the influence of the sixties in driving people to seek these states. Finally, Farber draws from her own personal and professional experience to advise others how to intervene on behalf of the person whose behavior puts his or her life at risk.

A Centre of Wonders - Janet Moore Lindman
2018-05-31

Images of bodies and bodily practices abound in early America: from spirit possession, Fasting Days, and infanticide to running the gauntlet, going "naked as a sign," flogging, bundling, and scalping. All have implications for the study of gender, sexuality, masculinity, illness, the "body

politic," spirituality, race, and slavery. The first book devoted solely to the history and theory of the body in early American cultural studies brings together authors representing diverse academic disciplines. Drawing on a wide range of archival sources—including itinerant ministers' journals, Revolutionary tracts and broadsides, advice manuals, and household inventories—they approach the theoretical analysis of the body in exciting new ways. *A Centre of Wonders* covers such varied topics as dance and movement among Native Americans; invading witch bodies in architecture and household spaces; rituals of baptism, conversion, and church discipline; eighteenth-century women's journaling; and the body as a rhetorical device in the language of diplomacy.

Sacred Pleasure - Riane Eisler 2012-01-03
Riane Eisler shows us how history has consistently promoted the link between sex and violence—and how we can sever this link and move to a politics of partnership rather than

domination in all our relations.

EBOOK: Body Psychotherapy - Nick Totton

2003-03-16

"...a well-rooted resource for bodywork courses and a useful introductory text for a broad audience." Caduceus "It's not a big book but it's got a vast amount of information and knowledge in it. ...if you are interested in getting a good overall picture of the subject you couldn't do better." The Fulcrum Body psychotherapy is an holistic therapy which approaches human beings as united bodymind, and offers embodied relationship as its central therapeutic stance. Well-known forms include Reichian Therapy, Bioenergetics, Dance Movement Therapy, Primal Integration and Process Oriented Psychology. This new title examines the growing field of body psychotherapy: Surveys the many forms of body psychotherapy Describes what may happen in body psychotherapy and offers a theoretical account of how this is valuable drawing in current neuroscientific evidence Defines the

central concepts of the field, and the unique skills needed by practitioners Accessible and practical, yet grounded throughout in current research Body Psychotherapy: An Introduction is of interest to practitioners and students of all forms of psychotherapy and counselling, and anyone who wants to understand how mind and body together form a human being.

Sacred Pleasure - Riane Eisler 1995-06-01

This provocative examination of the shifting balance of power between men & women throughout the ages offers a radical new perspective on the sexual politics that fashion our culture. It tackles sexual myths that have corrupted male/female relationships over the millennia. It takes us from the first origins of sex to our own postmodern age, shedding new light not only on sexuality, but on spirituality, love, power, & the two most basic levers for human motivation: pleasure & pain. Eisler offers a passionate vision of a future when sex & spirituality are once again entwined & men &

women face each other as equal partners.

Pagan Visions for a Sustainable Future - Ly De Angeles 2005

This collection of provocative essays on spiritual activism by Starhawk, Ly de Angeles, Emma Restall Orr, and other Pagan writers and scholars explores such diverse topics as magickal ecology, feminism, globalization, sacred communities, and environmental spirituality. This anthology is a call to action—environmental, social, and political. Book jacket. *Sacred Pleasure* - Riane Tennenhaus Eisler 2005

The Hidden Spirituality of Men - Matthew Fox
2010-09-24

It is no secret that men are in trouble today. From war to ecological collapse, most of the world's critical problems stem from a distorted masculinity out of control. Yet our culture rewards the very dysfunctions responsible for those problems. To Matthew Fox, our crucial task is to open our minds to a deeper

understanding of the healthy masculine than we receive from our media, culture, and religions. Popular religion forces the punitive imagery of fundamentalism on us, pushing most men away from their natural yearning for spirituality and toward intolerance and domination. Meanwhile, many men, particularly young men, are looking for images of healthy masculinity to emulate and finding nothing. To awaken what Fox calls "the sacred masculine," he unearths ten metaphors, or archetypes, ranging from the Green Man, an ancient pagan symbol of our fundamental relationship with nature, to the Grandfatherly Heart to the Spiritual Warrior. He explores archetypes of sacred marriage, showing how partnership becomes the ultimate expression of healthy masculinity. By stirring our natural yearning for healthy spirituality, Fox argues, these timeless archetypes can inspire men to pursue their higher calling to reinvent the world. Eros and Touch from a Pagan Perspective - Christine Hoff Kraemer 2013-10-23

Sacred Pleasure Sex Myth And The Politics Of The Body

Within the past twenty years, contemporary Pagan leaders, progressive Christian and Goddess theologians, advocates for queer and BDSM communities, and therapeutic bodyworkers have all begun to speak forcefully about the sacredness of the body and of touch. Many assert that the erotic is a divinely transformative force, both for personal development and for social change. Although "the erotic" includes sexuality, it is not limited to it; access to connected nonsexual touch is as profound a need as that for sexual freedom and health. In this book, Christine Hoff Kraemer brings together an academic background in religious studies and theology with lived experience as a professional bodyworker and contemporary Pagan practitioner. Arguing that the erotic is a powerful moral force that can ground a system of ethics, Kraemer integrates approaches from queer theology, therapeutic bodywork, and sexual minority advocacy into a contemporary Pagan religious framework.

Addressing itself to liberal religious people of many faiths, *Eros and Touch* from a Pagan Perspective approaches the right to pleasure as a social justice issue and proposes a sacramental practice of mindful, consensual touch.

The Fabric of the Future - M. J. Ryan 2000-03-01
A collection of thoughts on the future by female visionariesscientists, philosophers, and psychospiritual writersincludes contributions from Jean Houston, Joanna Macy, Sue Bender, Joan Borysenko, Caroline Myss, Marion Woodman, and Gloria Steinem, among others. Reprint.

Sin or Salvation - Amy Mahoney 2013-10-18
When in therapy, women inevitably present both sexual and spiritual issues of importance. However, there has yet to be brought forth an integrating approach to women's sexuality and spirituality. The book fills this gap, integrating these two diverse yet connected aspects of therapy. This innovative exploration of women's experiences of their sexuality and spirituality is

Downloaded from
legacy.opendemocracy.net on
2019-05-23 by guest

presented from a feminist psychological perspective, clearly illustrating the dichotomy that exists in Western culture and offering a unique approach for convergence. This book provides therapists with positive and self-affirming viewpoints and practical strategies to help harmonize sexual and spiritual issues in women clients. The book uses a synergistic perspective to facilitate healing for women's psycho/sexual/spiritual growth and development. Therapists are provided with invaluable tools for personal understanding and clinical practice when considering sexuality and spirituality and how they interact in a client's life. This book is crucial reading for psychotherapists, counselors, social workers, educators, pastoral counselors, and anyone interested in learning more about the intersections between sexuality and spirituality. This book was published as a special issue of *Women & Therapy: A Feminist Quarterly*.

Wisdom, Consciousness, and the Future -

Thomas Lombardo 2011-06-17

Wisdom, Consciousness, and the Future: Collected Essays Thomas Lombardo, Ph. D. Center for Future Consciousness Wisdom, Consciousness, and the Future is a profound, deeply important, and timely book that concerned people and change agents everywhere will want to read. Coptborne Macdonald The Wisdom Page As a college professor and teacher of psychology, philosophy, and the future, Tom Lombardos mind has been drawn toward such questions as: How will the human mind evolve in the future? In fact, how should the human mind evolve and improve itself? What might be the standards and ideals that guide this evolution? And what role does ethical development (or evolution) play in this process? The twenty previously published articles collected together in *Wisdom, Consciousness, and the Future* chronicle the development of Dr. Lombardos ideas on these related questions and topics, and together

*Downloaded from
legacy.opendemocracy.net on

constitute a theoretical perspective on the nature of the human mind, on how to best educate and evolve the human mind in the future, and how to integrate into this vision the central importance of both future consciousness (as a key dimension of human consciousness) and ethical character virtues. True to its title, three key themes emerge in this collection: wisdom, consciousness, and the future, and all three concepts tie into the authors main contribution to the field of futures studies, future consciousness. Numerous essays (for example, *Evolving Future Consciousness through the Pursuit of Virtue* and *The Evolution and Psychology of Future Consciousness*) address the nature of future consciousness, a term Dr. Lombardo defines as the complex set of mental capacities all humans possess for imagining, conceptualizing, and approaching the future. Aside from describing the psychological make-up of future consciousness, which includes emotional, motivational, cognitive, and personal

dimensions, the author also explains in numerous essays (such as *Developing Constructive and Creative Attitudes about the Future*) how to proactively enhance ones future consciousness. Other essays deal directly with consciousness and the human mind in the broadest sense (as in *The Future Evolution of the Ecology of Mind*) and connect this general area of inquiry with the futurist question of how consciousness and mind might evolve in the future. Dr. Lombardo proposes that the progressive emergence of cosmic consciousness is the central evolutionary trajectory of the human mind. Hence, this book contains essays on both consciousness of the future and consciousness in the future. While the discussion of consciousness and the future fascinates in its own right, Dr. Lombardo is a holistic and deep thinker who searches for connections among myriad philosophical topics. A number of essays address the question of ethics and virtue and how such concepts connect with both future

consciousness and the evolution of consciousness in the future. He then expands on this theme to explore how virtue applies to the goals of higher education in essays such as Ethical Character Development and Personal and Academic Excellence. In thinking through the concept of virtue and how it applies to consciousness, education, and the future, Dr. Lombardo emphasizes the one key virtuwisdomthat provides the center of gravity around which all other character virtues revolve. Indeed, if any one concept unites the majority of essays in this collection, it is wisdom. In The Wisdom of Future Consciousness, the author argues that wisdom is the highest expression of future consciousness, and systematically describes the numerous connections between wisdom and heightened future consciousness. Further, according to the author, wisdom is the key ideal that we should model and teach within education, now and in the future. This argue me **Sex and the Intelligence of the Heart** - Julie

McIntyre 2012-04-26

Explores how Nature underlies sexuality and intimacy • Examines how to regain intimacy in our relationships in a way that embraces our hidden wild nature and restores the sacred to our lives • Provides sacred sex and intimacy-building practices for partners and exercises to reconnect with the intuitive intelligence of the heart, remove our emotional armor, and cultivate a deeper relationship with the Earth • Shows how by healing our relationship with Nature and our sexuality, we move toward healing the whole planet Nature is having sex all the time--that's one of the reasons we feel so alive when we are immersed in it. Sexuality is essential to the sensation of Nature in your own body, of connecting to the piece of Earth closest to you--your own flesh and bones. Many a couple has been overcome by passion while walking in the woods or on the beach; many a soul has found solace or epiphany in Nature. Living in accordance with Nature depends on you being

Sacred Pleasure Sex Myth And The Politics Of The Body

your true, whole self--a sexual, sensual, erotic, fully alive human being. Exploring the territory of intimacy, sacred sex, and emotional healing as a journey to wholeness, Julie McIntyre examines the sacred relationship between sexuality and the Earth and reveals how to create deep, lasting intimacy with your lover by recapturing the wild, spontaneous, natural sexuality that is your birthright. Detailing the process of moving from your head to the secret garden of your heart, she provides exercises to heal your psyche of old emotional trauma, reconnect with the

intuitive intelligence of the heart, and cultivate a deeper relationship with the Earth in order to trust yourself and become vulnerable and open with your lover and thus truly intimate. She shows how there is a direct relationship between our beliefs and values about sex and intimacy and our beliefs and values about the environment and the Earth. She reveals how, by healing our separation from Nature and our sexuality, we can bring the sacred back into our lives, shape our own ecstatic sexual experiences, and move toward healing the whole planet.
