Transgender Behind Prison Walls - Sarah Jane Baker 2017-05-08
After explaining 'What is transgender?' this first

book on transgender in a prison setting looks at the entire HM Prison Service regime for such people. Ranging from hard information about

*Downloaded from
legacy.opendemocracy.net on 2021-09-07
by guest*

rules and regulations, the transition process and how to access it to practical suggestions about clothing, wigs and hairpieces, make-up and coming out, the book also deals with such matters as change of name, gender identity clinics, hormones, medication and use of prison showers and toilets. Covering the entire transition process the book contains contributions from a number of transgender prisoners as well as extracts from reports showing how those in transition still tend to attract a negative portrayal. Also included are the special security implications of related procedures and descriptions of the attitudes to transgender inmates of other prisoners and staff. It contains a number of appendices dealing with the latest 2016 HM Prison Service Instruction on transgender prisoners and a range of support mechanisms including a list of specialists in the field and other useful reference sources and contacts. It also contains Sarah Jane Baker's account of her own male-to-female transition and

the difficulties she has faced behind bars. The first book of its kind. Written by a transgender life-sentence prisoner. Includes key extracts from official publications. With a graphic account of the author's own transition journey. Contains practical information and tips. Reviews 'An important contribution to current debates on the treatment of transgender prisoners'— Mia Harris, Oxford University. 'I was heartbroken. It felt like a bereavement. The young man I had come to love as a son had disappeared overnight, and been replaced by a girl who was not my daughter, but, I felt, a stranger'— Pam Stockwell (From the Foreword)

Killer Transgender - Chelsea Crosby

2017-02-05

Nicole Vonlee Titlow is a middle aged woman who is currently serving out a 20-40 year prison sentence in the G. Robert Cotton Correctional Facility for the second degree murder of her uncle, Don Rogers. At first glance, this case seems to be one of commonplace gold digging

Downloaded from
legacy.opendemocracy.net on 2021-09-07
by guest

and an attempt to make some quick cash, but upon further reading, it quickly devolves into betrayal, back-handedness, ineffective counsel, and further tragedy. This otherwise average case drew in national attention because of the gambling, alcoholism, lies, and speculation on Titlow's sexual reassignment surgery. Titlow was ensnared by promises of enough money to be able to afford a life-saving surgery and was then used to her aunt's purposes in a malignant way. Her legal counsel repeatedly failed her, and so has the court system since then.

Keeping House - Jennifer Macy Sumner 2009

The Zenith Experience - Stephanie Castle 2005

The Transgender Issue - Shon Faye 2022-09-13
An incisive case for trans justice from a powerful new voice In this brilliant introduction to trans politics, journalist Shon Faye gives an incisive overview of systemic transphobia and argues that the struggle for trans rights is necessary to

any struggle for social justice. So often, Faye argues, trans people are understood as a “side issue,” the subjects of a toxic and increasingly polarized debate which generates reliable controversy for newspapers and talk shows. This media frenzy conceals a simple fact: that we are having the wrong conversation, a conversation in which trans people themselves are reduced to a talking point and denied a meaningful voice. With skill, rigor, and heart, Faye uncovers the reality of what it means to be trans in a transphobic society. In this compellingly readable study, she explores issues of class, family, housing, healthcare, sex work, the prison system, and trans participation in the LGBTQ+ and feminist communities. What she finds, ultimately, is that when we fight for trans liberation, we fight for a better world for us all. [Feminized in Prison \(Changed Into a Girl Novella\)](#) - Tabatha Dallas 2017-03-22

Life Imprisonment - Alan Baker 2013-07

Downloaded from
legacy.opendemocracy.net on 2021-09-07
by guest

****Winner of a Koestler Trust Silver Award****
and the only book of its kind by a serving lifer. Contains a Foreword by Tim Newell, former Prison Governor life-sentence expert. A snapshot of the most severe sentence available in the UK which treats key topics in 40 easy to read sections. Alan Baker's personal selection and treatment of topics of concern to life-sentenced prisoners looks at subjects across the life-sentence regime. Ranging from the realisation which 'kicks in' after being sentenced in the dock-shock, numbness, hopelessness-to the intrinsic nature of long-term imprisonment, it is an explanatory handbook and survivor's guide. Life Imprisonment looks at aspects of long-term imprisonment from inside the head of a lifer: daily preoccupations, the uncertainty about when he or she will be released, the long years ahead, time for reflection, work towards release, setbacks and coping mechanisms and staying out of trouble. It tells about how a life sentence leads to risk assessments, courses, reports,

psychological tests and possibly a period in a therapeutic community and/or a resettlement prison. To this first-hand knowledge, Alan Baker adds his thoughts on the state of the prisons, having experienced first-hand the impact that the justice system has on have on someone serving a sentence with no fixed end date. The result is a book packed with useful information as well as an insider's perspective on the major concerns of life-sentenced prisoners, whether about their sentence, future, their victims or the (often greatly magnified) minutiae of prison life. Review 'A hard-hitting set of survival notes from someone writing with great experience of having walked the walk. It is grounded in reality ... Alan Baker writes with sound practical advice and insight which is not for the feint-hearted. He takes prison seriously, recognising it as the place you don't want to be' Tim Newell (From the Foreword).

The Transgender Exigency - Edward Schiappa
2021-12-24

Downloaded from
legacy.opendemocracy.net on 2021-09-07
by guest

At no other point in human history have the definitions of "woman" and "man," "male" and "female," "masculine" and "feminine," been more contentious than now. This book advances a pragmatic approach to the act of defining that acknowledges the important ethical dimensions of our definitional practices. Increased transgender rights and visibility has been met with increased opposition, controversy, and even violence. Who should have the power to define the meanings of sex and gender? What values and interests are advanced by competing definitions? Should an all-boys' college or high school allow transgender boys to apply? Should transgender women be allowed to use the women's bathroom? How has growing recognition of intersex conditions challenged our definitions of sex/gender? In this timely intervention, Edward Schiappa examines the key sites of debate including schools, bathrooms, the military, sports, prisons, and feminism, drawing attention to the political, practical, and ethical

dimensions of the act of defining itself. This is an important text for students and scholars in gender studies, philosophy, communication, and sociology. The Open Access version of this book, available at www.taylorfrancis.com, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

Transgender Voices - Lori B. Girshick
2009-09-15

A revealing look at the lives and perspectives of transgender and gender variant people, based on 150 personal interviews

Transgender People and Criminal Justice -
Heather Panter 2023-06-02

This cutting-edge book examines the unique issues that transgender identities face globally in the criminal processing system through empirical and theoretical contributions. The contributing authors range from established transgender scholars, transgender equality rights activists, transgender policy influencers,

Downloaded from
legacy.opendemocracy.net on 2021-09-07
by guest

researchers from non-profit groups, and former criminal justice practitioners. The book covers many under-developed issues for transgender identities like criminalization, victimization, court experiences, law enforcement and the policing of gender, the school to prison pipeline, and incarceration. It provides a significant advancement in queer criminology and trans studies globally.

Criminal Intimacy - Regina Kunzel 2022-03-22

Sex is usually assumed to be a closely guarded secret of prison life. But it has long been the subject of intense scrutiny by both prison administrators and reformers—as well as a source of fascination and anxiety for the American public. Historically, sex behind bars has evoked radically different responses from professionals and the public alike. In *Criminal Intimacy*, Regina Kunzel tracks these varying interpretations and reveals their foundational influence on modern thinking about sexuality and identity. Historians have held the fusion of

sexual desire and identity to be the defining marker of sexual modernity, but sex behind bars, often involving otherwise heterosexual prisoners, calls those assumptions into question. By exploring the sexual lives of prisoners and the sexual culture of prisons over the past two centuries—along with the impact of a range of issues, including race, class, and gender; sexual violence; prisoners’ rights activism; and the HIV epidemic—Kunzel discovers a world whose surprising plurality and mutability reveals the fissures and fault lines beneath modern sexuality itself. Drawing on a wide range of sources, including physicians, psychiatrists, sociologists, correctional administrators, journalists, and prisoners themselves—as well as depictions of prison life in popular culture—Kunzel argues for the importance of the prison to the history of sexuality and for the centrality of ideas about sex and sexuality to the modern prison. In the process, she deepens and complicates our understanding of sexuality in America.

The Women of San Quentin - Herb Schreier
2015-09-01

[Feminized Outside Of Prison \(Transformed Into a Girl Novella\)](#) - Tabatha Dallas 2019-02-14

Genre: Gender Bender Fiction Formerly incarcerated. Formerly a male. Formerly sure he'd made the right decision. Brad now Brandy, is a proverbial fish out of water in a world full of ravenous sharks and unavoidable complications, facing challenges she hadn't anticipated. With her parents on a mission to win an election, their son turned daughter is a distraction they don't need. But rehabilitated, she just may be their ticket to a deluge of much-needed sympathy votes. After an intervention from an expert, Brandy is seen as a hot commodity but not in the way anyone would've seen coming. When Brandy's male past and her female present world collide, she's forced to make an impossible choice: find a way to reclaim her manhood or stay feminine forever. This 35,000-word

feminization story contains detailed descriptions of sex with a muscled man and domineering women with a firm touch of dominance. It's intended for those who love steamy tg stories involving men who changed into girls.

Women Among Men - Suraya Franc ese Dewing
2013

Transgender Rights - Martin Gitlin 2017-12-15
Transgender rights are not just limited to bathroom bills, though the controversial issue has dominated news headlines for the past few years. What basic human rights are afforded to transgender and nonbinary U.S. citizens is a mystery to many. The viewpoints in this resource lay out the issues in a concise and informative way, offering measured arguments as to why trans Americans are a protected class, as well as arguments for why they don't need special treatment. Workplace discrimination, marriage equality, and adoption, as they relate to transgender identities, are also touched upon.

Transgender Inmates - Jake Blight 2000

There is an identified need to have appropriate policies and procedures in place for the management of transgender inmates. Although there is currently only a small number of transgender inmates in the Australian prison system, they are at a higher risk of assault and self harm. This report provides a definition of transgender, and outlines identified issues for corrective services, including the choice of institution, hormonal and surgical intervention, and the need for further research and the development of consistent policies.

Captive Genders - Eric A. Stanley 2015-10-05

A Lambda Literary Award finalist, *Captive Genders* is a powerful tool against the prison industrial complex and for queer liberation. This expanded edition contains four new essays, including a foreword by CeCe McDonald and a new essay by Chelsea Manning. Eric Stanley is a postdoctoral fellow at UCSD. His writings appear in *Social Text*, *American Quarterly*, and

Women and Performance, as well as various collections. Nat Smith works with Critical Resistance and the Trans/Variant and Intersex Justice Project. CeCe McDonald was unjustly incarcerated after fatally stabbing a transphobic attacker in 2011. She was released in 2014 after serving nineteen months for second-degree manslaughter.

Convict's Candy - Damon Meadows 2006

CONVICT'S CANDY is based on a teen-aged, pre-op transsexual named Candy, who gets arrested and sent to federal prison exactly one week before her scheduled sex-change operation. Still having male organs, Candy is housed with strong, masculine, handsome male inmates who haven't been around or touched a woman in years. Candy soon finds herself being caught in several love affairs with men with families, girlfriends and wives at home waiting for them to be released. But Candy doesn't kiss and tell; she understands the code of silence: what happens in prison stays in prison...

*Downloaded from
legacy.opendemocracy.net on 2021-09-07
by guest*

CONVICT'S CANDY deals with sexual identity, prostitution and homosexuality within the prison system, the interactions and relationships between the inmates and officers, infidelity and most importantly, explains how the HIV virus spreads rampantly within the prison. It also reveals how the dangerous and deadly disease is transmitted within society, when infected inmates are released to go home."

Transgender Rights and Protections -

Rebecca T. Klein 2016-12-15

As transgender issues have been gaining more attention in recent years, many states, organizations, and schools have altered non-discrimination laws and regulations to explicitly include transgender rights. Unfortunately, much

progress needs to be made to fully grant transgender citizens all the rights and protections they deserve. This title examines the rights of the transgender community and the areas in which further action is still needed for their protection. Readers are presented with useful information on how to become trans allies and how to fight against trans discrimination in their day-to-day lives.

Gender Panic, Gender Policy - Vasilikie Demos 2017-10-30

Using diverse theories and methods including analysis of on-line data, feminist critical discourse, fieldwork, grounded theory, and queer theory, this volume explores gender panic and policy in the United States and beyond.
