Language and Business Sylvia-Michèle Sternkopf 2004-07-28 Inhaltsangabe:Abstract: Small and medium-sized enterprises (SMEs) are the backbone of the German economy. Against the background of continuing globalisation, they are increasingly faced with the challenge of internationalisation. This study was designed as an empirical investigation of how well SMEs in the federal state of Saxony are prepared for this task of the future, which measures they take in order to market their products and services in the global marketplace, and it tries to identify their strengths and weaknesses in this respect. The very nature of this thesis is thus a truly interdisciplinary approach, investigating marketing aspects as well as linguistic factors. The main focus was on the language small and medium-sized companies use for their international communications. English has long become the lingua franca of the globalising economy, and this study set out to investigate how well SMEs are prepared to meet the linguistic requirements imposed on them by global business. Enterprises in the new German states are widely believed to be disadvantaged with regard to their communicative competence in English, since English played only a minor role for decades, but has risen to decisive significance within the past couple of years, taking many companies and their employees by surprise, finding them not as well prepared as their colleagues in the old German states. Still, finding their way to the new export markets in Western Europe, the Americas and Asia are vital for the survival of Saxon economy, and communicative competence in English as the lingua franca of international business is the major prerequisite for achieving this objective. Corporate communicative competence involves various aspects, including the foreign language skills of the employees covering the entire range of linguistic skills from oral communication including listening and speaking, giving presentations or participating in negotiations to writing skills ranging from reading and writing of various text types, including media literacy. Apart from the personal linguistic competence of the employees, the corporate linguistic competence of the company also plays a major role for the perception of the company on its international markets. Therefore this study focused on investigating how well SMEs present themselves in their corporate literature and on the internet, which instruments from the wide-ranging selection of marketing tools they apply for communicating [...]

5 Steps to Heal a Broken Heart Tara Rae Richter 2013-08-27 This is a guidebook to help anyone who needs to heal emotional wounds, but isn't sure how, or where, to start. A broken heart is one of the most difficult things a person can endure in their lifetime. When a hurricane rips through our house, we file a claim with insurance and build a new one. When we get laid off from our job, we find another one. Both of these instances are devastating, yet we seem to be able to pick up the pieces and move on. However, when our lover leaves us we can't eat, we can't sleep, we can't function as human beings any longer. We feel as if our souls have been ripped from our bodies. We are walking around like an empty bag of bones. Some of us do this for years in and years out. We just don't know what to do. How do you heal your broken heart?

Sexualität in den Medien Esther Geißdörfer 2007 Studienarbeit aus dem Jahr 2005 im Fachbereich Pädagogik - Medienpädagogik, einseitig bedruckt, Note: gut, Otto-Friedrich-Universität Bamberg, Veranstaltung: Sexualpädagogik, 43 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: Sehen Sie ich bei Ihrem nächsten Bummel durch die Stadt mal genau um. Oder fällt es Ihnen schon garnicht mehr auf? - Von Plakatwänden, Bildschirmen und aus etlichen Schaufenstern werfen uns leichtbekleidete Frauen - und immer öfter auch Männer - Flirtblicke zu. Die Titelseiten der Zeitschriften sind voll von Brüsten, Taillen, Po und Beinen und das Fernsehprogramm ist ohne die Prise Sex undenkbar geworden. Immer öfter wird die zunehmende Sexualisierung der Gesellschaft nicht nur bemerkt, sondern auch heftig beklagt. Viel zu viel nackte Hautwürde in der Werbung gezeigt werden, die Medien seien generell sexistisch, die Sprache obszön und die neuen Modetrends ordinär. "Jugendschützer, Medienwächter und politische Gruppierungen fühlen sich daher immer wieder aufgerufen, dieser scheinbar fehlgeleiteten Entwicklung Einhalt zu gebieten. Aber trifft diese Einschätzung wirklich zu?" Tagtäglich sind wir von Sex aller Art umgeben und trotz dieser Freizügigkeit zeigt sich unsere Gesellschaft sprachlos, wenn es um das Thema Sexualität geht. Die Kinder und Jugendlichen von heute wachsen in einer pseudo-freizügigen Welt auf, in der paradoxerweise eine offene Sexualerziehung selten vorkommt. Die Antworten auf ihre pubertär-neugierigen Fragen holen sie sich deshalb immer öfter von den Medien.

Asexualities Karli June Cerankowski 2014-03-14 What is so radical about not having sex? To answer this question, this collection of essays explores the feminist and queer politics of asexuality. Asexuality is predominantly understood as an orientation describing people who do not experience sexual attraction. In this multidisciplinary volume, the authors expand this definition of asexuality to account for the complexities of gender, race, disability, and medical discourse. Together, these essays challenge the ways in which we imagine gender and sexuality in relation to desire and sexual practice. Asexualities provides a critical reevaluation of even the most radical queer theorizations of sexuality. Going beyond a call for acceptance of asexuality as a legitimate and valid sexual orientation, the authors offer a critical examination of many of the most fundamental ways in which we categorize and index sexualities, desires, bodies, and practices. As the first book-length collection of critical essays ever produced on the topic of asexuality, this book serves as a foundational text in a growing field of study. It also aims to reshape the directions of feminist and queer studies, and to radically alter popular conceptions of sex and desire. Including units addressing theories of asexual orientation; the politics of asexuality; asexuality in media culture; masculinity and asexuality; health, disability, and medicalization; and asexual literary theory, Asexualities will be of interest to scholars and students in sexuality, gender, sociology, cultural studies, disability studies, and media culture.

Fated Carly Phillips 2023-06-02 He used to crush on her best friend. How can he convince her falling for him won't crush her heart? Though Nick Mancini flirts with her like it's his second job, Kate Andrews tries to ignore the sexy construction worker. How could he be interested in her? Not that long ago, he was in love with Kate's best friend, Faith. His muscled body and sexy dimples are hard to resist, but Kate refuses to be anyone's rebound girl. Been there, done that, burned the road map. Trouble is, Kate does believe love at first sight. But it has to be a two-way street, and she's convinced she and Nick are destined to crash and burn. Nick can pinpoint the exact moment he gave up on Faith, and really saw Kate for the first time. He'd ticked her off and she'd been seriously angry. He'd looked right into those flashing green eyes, and he was a goner. He's pretty sure Kate feels the same way, but despite their off-the-charts chemistry, she rejects him at every turn. But Nick is nothing if not persistent and the longing looks she sneaks his way don't lie. She wants him, too. For Nick to break through Kate's barriers, he'll have to throw out the original blueprint and come up with a whole new plan. One that takes him off guard and cements their future. Note: Fated was previously published under the same title by NYT bestselling author Carly Phillips. Contains a middle school English teacher who never makes the same mistake twice, and a hunky construction worker who understands every possible definition of the word nailed. Enjoy!

They're a Match Chloe Liese 2019-08-08 One blazing relational bond formed by two fiery lovers. And a new element just joined the formula. Chemistry calls it covalence. Shakespeare named it the "marriage of true minds." Historically speaking, Nairne never liked the impractical notion of marriage, and Zed never thought he'd live to see the day when tying the knot was even an option. After a decade of entanglement in the mafia,

Zed's now free to play the game he loves and love the woman who owns his heart. Problem is, the spitfire's been a loner her whole life. Independent, self-reliant, and driven. And she wants nothing to do with marriage, since statistically it fails more than it succeeds, which to her scientific mind is the universally acknowledged definition of an experimental bust. But the elemental pull toward matrimony between the sexy scientist and her dark and handsome soccer star is stronger than Nairne anticipates. Can she risk her heart for her perfect match, even if it's a gamble rather than a sure bet? In the game of life, you win some, you lose some. "And They Lived Happily Ever After" is theirs for the taking, but for that pesky little word that so often gets overlooked... "Lived." Book Three in the Tough Love Series--a suspenseful romance, full of sexy Italians, feisty heroines, a house full of friends and family, and an ending that closes the chapter on these lovers, and paves the way for new ones.

Consent, Stealthing and Desire-Based Contracting in the Criminal Law Brianna Chesser 2021-12-24 Consent, Stealthing and Desire-Based Contracting in the Criminal Law examines the inconsistencies in the definitions of consent in sexual encounters by examining emerging sex crimes alongside changing community values and the changing legal definitions of consent in sexual offending, focusing on common law and civil law countries. This book distinguishes itself through the use of empirically validated research strategies and an in-depth analysis of current legislative regimes. It argues that desire and pleasure are largely ignored by legal consent definitions, despite its importance in sexuality more broadly. Using two case studies of emerging forms of sexual offending, the criminalisation of sadomasochistic sexual practices and the offence of 'stealthing', it examines how the law is both a blunt and under-utilised instrument in the policing of people's sexual relationships. The presence or absence of consent can change a lawful sexual act between two people into a serious crime with potentially devastating consequences to both survivor and offender. Yet there remains no consistent definition of consent applied within and between legal jurisdictions across the world. A comparative analysis reveals parallels between common law countries and civil law countries. The book also provides a brief history of the use of term consent in relation to sexual offending and examines definitional and sociological requirements of conceptual consent across history. Covering jurisdictions in the US, UK, and Australia, providing an innovative resource on issues relating to consent presented in an accessible way, this book will appeal to students and researchers of criminal justice, criminal law, criminology, sociology and gender studies.

Erotik in der Werbung vor dem Hintergrund einer älter werdenden Gesellschaft Oliver Kempf 2014-04-11 Inhaltsangabe: Einleitung: Der demografische Wandel in Deutschland, die Änderung der Bevölkerungsstruktur, Alterung oder Vergreisung der Gesellschaft, Überalterung, Rentnerdemokratie, Rentnerschwemme; dies sind einige mittlerweile wohlbekannte, fast schon alltägliche Begriffe. Sind manche auch weniger passend oder unschön, beschreiben sie doch eine bedeutsame Entwicklung: Der Anteil älterer Menschen in unserer Gesellschaft nimmt zu. Doch wie passt dies zusammen mit dem in der Werbung vorherrschenden Jugendimage und insbesondere dem viel verwendeten Stilmittel der Erotik? Sind Alte nicht nahezu asexuelle Wesen, unempfänglich für sexuelle Stimuli? Ist hier Erotik also völlig fehl am Platz? Oder ist spezielle Werbung für die ältere Zielgruppe generell wenig Erfolg versprechend, weil man hier auf festgefahrene Gewohnheiten und Meinungen stößt? Diese Arbeit setzt sich unter Beachtung des aktuellen Wissensstands kritisch mit dem Einsatz und der Wirkung von Erotik in der Werbung auseinander. Insbesondere wird der Frage nachgegangen, welche Rolle erotische Werbung bei der Ansprache älterer Menschen spielen kann. Zuvor erfolgt eine Einordnung der Begriffe Sexualität, Erotik und Werbung, es wird die Bedeutung der älteren Zielgruppe für Wirtschaft und Werbung dargestellt und der Begriff und das Bild des Alters näher beleuchtet. Werbung, Sexualität und Erotik: In den folgenden Abschnitten wird definiert was Werbung ist und es erfolgt eine Abgrenzung von Sexualität und Erotik. Werbung: Betrachtet man die vier klassischen Bereiche des Marketing-Mix (Produkt-, Distributions-, Preis-, Kommunikationspolitik), so ist Werbung ein Instrument der Kommunikationspolitik. Sie dient dazu, () Zielkunden und andere Gruppen wirkungsvoll anzusprechen und zu beeinflussen . Zielkunden im Sinne dieser Arbeit sind private Endverbraucher. Das Telemediengesetz bezeichnet Werbung als kommerzielle Kommunikation . Da Kommunikation ein psychologischer Vorgang ist, lässt sich Werbung auch folgendermaßen definieren: als ein Mittel zur Beeinflussung des Erlebens und Verhaltens der Verbraucher durch Kommunikation, mit kommerziellen Zielen. Während langfristig aus Sicht der Unternehmen i.d.R. natürlich Gewinnsteigerungen angestrebt werden, können zwischenzeitliche Ziele z.B. auch die Steigerung des Absatzes, der Bekanntheit, die Sympathiegewinnung oder eine Verbesserung/Änderung des Images sein. Sexualität: Aus der für die Werbung maßgeblichen psychologischen Perspektive betrachtet, [...]

Asexuality and Sexual Normativity Mark Carrigan 2015-09-07 The last decade has seen the emergence of an increasingly high profile and politically active asexual community, united around a common identity as 'people who do not experience sexual attraction'. This unique volume collects a diverse range of interdisciplinary empirical and theoretical work which addresses this emergence, raising important and timely questions about asexuality and its broader implications for sexual culture. One of the most pressing and contentious issues within academic and public debates about asexuality is what relationship, if any, it has to sexual dysfunction. As well as collecting cutting edge scholarship in the emerging field of asexuality studies, rendering it indispensable to any sexualities course across the range of disciplines, this anthology also addresses this urgent debate, offering a variety of perspectives on how and why some have pathologised asexuality. This includes a range of chapters addressing the broader issues of sexual normativity within which these contemporary debates about asexuality are taking place. This book was originally published as a special issue of Psychology and Sexuality.

Youth Homelessness and Survival Sex Juliet Watson 2017-10-10 Survival sex, commonly understood to be the exchange of sex for material support, is a practice that is associated with young homeless women. However, such a narrow definition of survival sex fails to recognise the multiple, complex, and coexisting motivations of young homeless women for engaging in intimate relationships in post-industrial capitalist society. In Youth Homelessness and Survival Sex, Watson's insightful analysis of personal narratives reveals how young homeless women are exposed to situations in which survival can be impeded or assisted by playing out specific gender roles. Indeed, in identifying and contesting the dominant social discourses that young homeless women draw upon to frame their experiences of intimate affairs, Watson challenges the reader to understand how gendered subjectivities are produced and performed through heteronormative relationships. This enlightening book is vital in showing that homelessness is not a gender-neutral phenomenon and that there are gender-specific processes and practices involved in the navigation of poverty, violence, and social exclusion. Youth Homelessness and Survival Sex will appeal to undergraduate and postgraduate students, as

well as postdoctoral researchers, interested in fields such as Homelessness, Youth Studies, Social Work, and Gender Studies.

Sex and Death Kim Sterelny 2012-04-02 Is the history of life a series of accidents or a drama scripted by selfish genes? Is there an "essential" human nature, determined at birth or in a distant evolutionary past? What should we conserve—species, ecosystems, or something else? Informed answers to questions like these, critical to our understanding of ourselves and the world around us, require both a knowledge of biology and a philosophical framework within which to make sense of its findings. In this accessible introduction to philosophy of biology, Kim Sterelny and Paul E. Griffiths present both the science and the philosophical context necessary for a critical understanding of the most exciting debates shaping biology today. The authors, both of whom have published extensively in this field, describe the range of competing views—including their own—on these fascinating topics. With its clear explanations of both biological and philosophical concepts, *Sex and Death* will appeal not only to undergraduates, but also to the many general readers eager to think critically about the science of life.

Working for Uncle Henry Angela Mullins 2019-02-27 A young high school teacher suddenly loses his job. Is it a coincidence that his eccentric Uncle Henry, whom he hasn't heard from in a decade, immediately contacts him with a job offer? The innocuous job of cataloging books and making occasional deliveries for his uncle turns dangerous when a mysterious stranger enters the picture. Why does his fashion model cousin keep turning up? Does she know what's going on? Dead bodies, stolen art, kidnapping, coded messages... What kind of job is this? Is it related to Henry's former military career? What does the mysterious stranger want from him? What family secrets is Uncle Henry protecting? What is working for Uncle Henry all about? Meet the Archers - A Trust Fund Family: Henry Archer is a retired Air Force Colonel with a propensity to airsickness. His eccentricities and genius IQ make him as Winston Churchill would say, "a riddle wrapped in a mystery inside an enigma." He now uses his art and antique dealings to propagate his secret activities. Edith Archer is Henry's wife. An accomplished artist and musician, she is perhaps far more intelligent than her quirky behavior and comments indicate. Gerard Humphries is the Archer's butler and Henry's best friend. A bit of a

mystery himself, he seems to know all, see all, and be everywhere. Jennifer Vincini is Henry and Edith's niece. She is a worldwide fashion model who grew up in European boarding schools with very little parental involvement. She is the definition of sex appeal, finds men disposable, and always gets what she wants. Parker Madison is Henry and Edith's nephew and Jennifer's cousin. Parker is a good guy who just wants to live a simple, godly life, but a desire to make a difference in the world keeps getting in the way.

Erotisierung als Werbestrategie am Beispiel der Werbekampagne "Astra. Was dagegen?" 2022-12-14 Studienarbeit aus dem Jahr 2021 im Fachbereich Soziologie - Konsum und Werbung, Note: 3,0, Leopold-Franzens-Universität Innsbruck, Sprache: Deutsch, Abstract: Die vorliegende Arbeit konzentriert sich auf die Frage, mithilfe welcher rhetorischer Mittel Erotik in der Werbung umgesetzt wird, und orientiert sich dabei primär an den Werbeplakaten der Hamburger Biermarke Astra. In einem ersten Schritt soll der Terminus "Werbung" erläutert werden. Anschließend erfolgt eine begriffliche Abgrenzung der Termini "Erotik" und "Sex-Appeal", wobei im Folgenden auf erotische Elemente sowie die Formen von Sex-Appeal eingegangen wird. Im Zuge der Analyse einzelner Plakate aus der Werbekampagne "Astra. Was dagegen?" werden die Werbeelemente näher bestimmt und auf die Werbestrategie Rhetorik eingegangen. Der Schwerpunkt liegt auf rhetorischen Figuren und Sprachspielen. Erotik zählt seit Beginn der Werbung zu den beliebtesten Stilmitteln. So posierten bereits 1850 die ersten Damen vor der Kamera, um ausgewählte Produkte dem Publikum näherzubringen. Waren es anfänglich meist Tabakprodukte, welche die Frauen bewarben, so folgten später Körperpflege- und Hygieneprodukte sowie Unterwäsche und Alkohol. Als in der Psychologie um 1900 neue Aufschlüsse über Konsumverhalten und Absatzsteigerung durch Einsatz von Emotionen gewonnen wurden, stieg die Anzahl erotischer Werbungen stark an. Vor allem Sigmund Freuds Theorien und seine Erkenntnisse zu unbewussten Motiven schienen wegweisend für die Werbebranche. Seitdem sind erotische Elemente nicht mehr aus der Werbung wegzudenken und erfreuen sich auch heute noch großer Beliebtheit. Auch die Biermarke Astra setzt in ihrer Anfang der 2000er Jahre entstandenen Werbekampagne "Astra. Was dagegen?" häufig auf knapp bekleidete Frauen und Männer und provoziert mit doppeldeutigen Slogans, wobei die Plakate bereits des Öfteren beim Publikum auf Kritik stießen - während die einen hinter der Werbung eine geglückte Marketingaktion sehen, empfinden die anderen diese als unpassend bzw. sexistisch und rufen zum Boykott auf.

The Tyranny of Ordinary Meaning Christopher Hutton 2019-06-21 This book offers an in-depth analysis of the case of Corbett v Corbett, a landmark in terms of law's engagement with sexual identity, marriage, and transgender rights. The judgement was handed down in 1970, but the decision has shaped decades of debate about the law's control and recognition of non-normative gender identities. The decision in this case - that the marriage between the Hon. Arthur Corbett and April Ashley was void on the grounds that April Ashley had been born male - has been profoundly influential across the common law world, and came as a dramatic and intolerant intervention in developing discussions about the relationships between medicine, law, questions of sex versus gender, and personal identity. The case raises fundamental questions concerning law in its historical and intellectual context, in particular relating to the centrality of ordinary language for legal interpretation, and this book will be of interest to students and scholars of language and law, legal history, gender and sexuality.

Stereotype? Christina Holtz-Bacha 2008-07-25 Frauen sind jung, schön und schlank. Männer sind harte Jungs, die Tölpel in der Küche oder sehen einfach nur gut aus. Die Klage darüber, dass die Werbung Frauen und Männer auf solche Stereotypen reduziert, ist ebenso alt wie die Befürchtungen, dass diese Stereotypen gesellschaftliche Auswirkungen haben. Gelten sie heute noch? Dieses Buch zieht Bilanz nach rund 50 Jahren Forschung zu Werbung und Geschlechterstereotypen und legt neue Ergebnisse aus der Analyse von Werbung vor sowie darüber, wie Rezipientinnen und Rezipienten mit solcher Werbung umgehen.

Love & Eroticism Mike Featherstone 1999-09-20 This major collection explores the contested nature of love and eroticism, examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture. It investigates the spatial dimension of erotic life through considerations of Bohemian love, the gay city and the ways in which the urban landscape and everyday life have become sexualized - issues which have become central to the emergence of 'queer' as a new form of gender politics and more general questions of sexual citizenship. Drawing on the work of feminists, sociologists and cultural theorists, this book contains a wide-ranging and accessible set of contributions to contemporary debates on sexuality, love and eroticism.
