89 Sex Positions - Anote III 2020-02-07

the sexual positions described in this book are very varied: everyone can find their account, whether he or she is a beginner in the art of love or that he or she has some practical experience in this domain. Likewise, the diversity of positions makes it possible to adapt to everyone's desires (it is up to you to see if you want to be passive or more active during the act) or to your morphology. Certain postures are indeed more suitable than others, for example for a pregnant woman, a slightly round woman or even for a man who has a small sex or, on the contrary, a large sex.. This is more than a book: It's an interactive ticket to enticement and ecstasy. This book is a fun way to keep things exciting and put the spice and adventure back into your relationship and also you can draw your own expression in the face of the characters . With 89 positions of varying degrees of difficulty for every day of the year. - All at once informational and humorous. - Great gift.
