She Comes First - Ian Kerner

2019-10-10

Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed

anatomical information,

essential to both beginners and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner

essential facts and advice on all aspects of dating, love and sex, this is the sex bible for singletons everywhere. Scattered throughout the book are a host of witty observations, such as: 'Sex is a lot like shopping - the only way you can decide if something works for you is to try it on and wear it for a while.' Or, 'Don't worry if he's gay - a gay man will tell you if your outfit works, if you have food stuck between your teeth and if another guy really is hot or just

Age, Sex, Location - Melissa Pimentel 2015-01-13

A hilarious and refreshingly honest foray into modern dating, Age, Sex, Location is Bridget Jones's Diary for HBO's Girls generation. The last thing twenty-eight-year-old Lauren is looking for is love, so why do the men she's dating assume she's searching for The One? With men running for the hills,

Sex In The City A Fun Funky Guide To Sex For The Modern

Woman

Lauren takes drastic action and turns her love life into an experiment, vowing to follow the advice of a different dating guide every month. From releasing her inner siren to swearing off sex completely, Lauren will follow *The Rules* and play *The Game*, all with the help of her disapproving best friend and her newly loved-up housemate. But as she searches for the holy grail of no-strings sex minus the heartache, Lauren soon realizes that dating is more complicated than just swiping right - and that the things you run from tend to always catch up with you... Praise for *Age, Sex Location*: 'Great fun - a gripping read and very touching' Marian Keyes 'So smart and sassy but with a great big heart, too. You'll go through this book as quickly as Lauren "swipes left" on her iPhone' - Naomi Wood, author of *Mrs Hemingway* 'Funny, fresh, sassy and totally captures the dating zeitgeist. If you loved *Girls*, you'll love this!' - Katy Regan, author of *The Story of You* 'With some

brilliant one-liners, great dialogue and a main character you want to go out drinking with - this book was a winning combination for me. If you like your chick-lit edgy, cool and genuinely funny then look no further.' - Rosie Blake, author of *How to Get a (Love) Life* 'Honest, funny and cringingly relatable.' *Glamour* 'Funny and honest this is a refreshing look at the modern dating scene' *Essentials* 'Laugh-out-loud funny' *Elle* 'Melissa's engaging voice and sharp humour lift this above other dating novels' *Bella* 'A clever premise, wittily delivered in upbeat, wisecracking style. Lauren's encounters provide a colourful snapshot of modern men and dating mores, while her breezy promiscuity makes Bridget Jones look positively nun-like. All good, dirty fun - and there's a great twist to how she gets her guy in the end. American Pimentel writes lyrically of her adopted city, and her insights into the British are as spot-on as they are hilarious' *Daily Mail* 'Witty frank and candid, this book takes the reader on a

Woman

hilarious tour through the world of modern dating' Heat 'Frank, refreshing...such a satisfying read' Stylist Melissa grew up in a small town in Massachusetts in a house without cable and therefore much of her childhood was spent watching 1970s British comedy on public television. At twenty-two, she made the move to London and has lived there happily for ten years, though has sadly never come across the Ministry of Funny Walks. Before meeting her fiance, she spent much of her time trawling the London dating scene for clean, non-sociopathic sexual partners and blogging about it, which became the inspiration for her first novel. These days, she spends much of her time reading in the various pubs of Stoke Newington and engaging in a long-standing emotional feud with their disgruntled cat, Welles. She works in publishing.

Booklist Top of the List

Reference Source The heir and successor to Eric Partridge's brilliant magnum opus, *The Dictionary of Slang and Unconventional English*, this two-volume *New Partridge Dictionary of Slang and Unconventional English* is the definitive record of post WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945, and through the first decade of the new millennium, with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting and, at times, hilariously shocking, key features include: unprecedented coverage of World English, with equal prominence given to American and British English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean emphasis on post-World War II slang and unconventional English

Sex at Dawn - Christopher Ryan 2021-01-05

The 10th-anniversary edition of

the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as

Woman

love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.

The Will to Whatevs - Eugene Mirman 2009-10-06

No one understands the complexities of modern life better than Eugene Mirman--claims Eugene Mirman—and anyone seeking guidance from a man who has lived through everything (except the Great Depression, the Spanish-American War, and Jerry Lee Lewis's sex scandal) won't resist this charmingly hysterical guidebook. Become

ultra-popular in high school (without "putting out" -- whatever that is) Discover somewhere between four and two thousand ways to overcome social anxiety (closer to four) Start a band, become an artist, or disappoint your parents by getting on a reality television show!
