

Speaking Homosexuality Discussing Kindness and Clarity

Coming Out of Homosexuality - Bob Davies 2009-08-20

Do you want God's will for your life -- but struggle with gay or lesbian desires? The authors of this book understand your dilemma. This is not a theoretical book: it is a practical guide for people struggling with same-sex desires. You'll find answers to your questions about what it means to be a man or woman, how your past relates to your present tensions, how biblical principles apply to your daily life, how you can form healthy relationships, and how your healing may eventually prepare you for heterosexual romance and marriage. Along the way you will read stories of other Christians who have dealt with the same issues you are facing and their personal failures and successes. Most of all, you'll find strategies that work because they have been developed and used by real people like you. This book will open up a new level of freedom and depth of insight beyond what you had dreamed possible.

Restoring Sexual Identity - Anne Paulk 2003-07-01

"Restoring Sexual Identity" offers answers to the most commonly asked questions from both homosexuals desiring change and friends and relatives of women struggling with same-sex attraction. Is lesbianism an inherited predisposition or is it developed in childhood? Does becoming a Christian eliminate all desire for members of the same sex? What support is available for women who struggle with lesbianism? Can a woman be a lesbian and a Christian at the same time? How does childhood sexual abuse relate to the development of lesbianism? These and other important questions are answered as the author draws from her own experience and that of many other former lesbians who participated in an extensive survey on same-sex attraction.

How Learning Works - Susan A. Ambrose 2010-04-16

Praise for *How Learning Works* "How Learning Works is the perfect title for this excellent book. Drawing upon new research in psychology, education, and cognitive science, the authors have demystified a complex topic into clear explanations of seven powerful learning principles. Full of great ideas and practical suggestions, all based on solid research evidence, this book is essential reading for instructors at all levels who wish to improve their students' learning." —Barbara Gross Davis, assistant vice chancellor for educational development, University of California, Berkeley, and author, *Tools for Teaching* "This book is a must-read for every instructor, new or experienced. Although I have been teaching for almost thirty years, as I read this book I found myself resonating with many of its ideas, and I discovered new ways of thinking about teaching." —Eugenia T. Paulus, professor of chemistry, North Hennepin Community College, and 2008 U.S. Community Colleges Professor of the Year from The Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education "Thank you Carnegie Mellon for making accessible what has previously been inaccessible to those of us who are not learning scientists. Your focus on the essence of learning combined with concrete examples of the daily challenges of teaching and clear tactical strategies for faculty to consider is a welcome work. I will recommend this book to all my colleagues." —Catherine M. Casserly, senior partner, The Carnegie Foundation for the Advancement of Teaching "As you read about each of the seven basic learning principles in this book, you will find advice that is grounded in learning theory, based on research evidence, relevant to college teaching, and easy to understand. The authors have extensive knowledge and experience in applying the science of learning to college teaching, and they graciously share it with you in this organized and readable book." —From the Foreword by Richard E. Mayer, professor of psychology, University of California, Santa Barbara; coauthor, *e-Learning and the Science of Instruction*; and author, *Multimedia Learning*

Desires in Conflict - Joe Dallas 2003-07-01

For more than a decade, *Desires in Conflict* has been the definitive "must-read" for those who wonder "Can a homosexual change?" This new edition with updated information offers more compelling reasons why the answer is "yes!" "I read *Desires in Conflict* for the first time when I was 19...More than a decade later, I am free of desires that once held me captive, strong in my faith, married to my amazing wife, Leslie, and currently the Executive Director of Exodus International, North America. The Lord used *Desires in Conflict* to help guide me out of homosexuality. Joe Dallas has eternally impacted a generation of young people like me."

Alan Chambers Executive Director Exodus International

People to Be Loved - Preston Sprinkle 2015-12-08

Christians who are confused by the homosexuality debate raging in the US are looking for resources that are based solidly on a deep study of what Scripture says about the issue. In *People to Be Loved*, Preston Sprinkle challenges those on all sides of the debate to consider what the Bible says and how we should approach the topic of homosexuality in light of it. In a manner that appeals to a scholarly and lay-audience alike, Preston takes on difficult questions such as how should the church treat people struggling with same-sex attraction? Is same-sex attraction a product of biological or societal factors or both? How should the church think about larger cultural issues, such as gay marriage, gay pride, and whether intolerance over LGBT amounts to racism? How (or if) Christians should do business with LGBT persons and supportive companies? Simply saying that the Bible condemns homosexuality is not accurate, nor is it enough to end the debate. Those holding a traditional view still struggle to reconcile the Bible's prohibition of same-sex attraction with the message of radical, unconditional grace. This book meets that need.

Welcome to College - Jonathan Morrow 2008

To help the upcoming student, Jonathan Morrow provides this engaging guide packed with advice on all manner of issues, from dating and friends, classes and homework, to avoiding the temptation to just "check out" spiritually while in school. Morrow gives personal advice and anecdotes, draws examples from Scripture, and offers additional resources for further insights. --from publisher description.

Compassion without Compromise - Adam T. Barr 2014-10-14

Loving, Biblical Answers on Homosexuality In the next year at least one of these things will happen in your life: • A family member will come out of the closet and expect you to be okay with it. • Your elementary-age child's curriculum will discuss LGBT families. • Your company will talk about building a tolerant workplace for LGBT co-workers. • Your college-age child will tell you your view on homosexuality is bigoted. Are you ready? In their role as pastors, Adam Barr and Ron Citlau have seen how this issue can tear apart families, friendships, and even churches. In this book they combine biblical answers with practical, real-world advice on how to think about and discuss this issue with those you care about. They also tell the story of Ron's personal journey from same-sex attraction and sexual brokenness to healing. Truth does not preclude kindness--and a good dose of humility is necessary to love our neighbors. With sensitivity and winsomeness, this book will offer an honest but inviting message to readers: We are all in need of the healing that can only come from the truth of the gospel.

Ma and Me - Putsata Reang 2022-05-17

Winner of the 2023 Pacific Northwest Book Award. Finalist for the 2023 Lesbian Memoir/Biography Lambda Literary Award "A nuanced mediation on love, identity, and belonging. This story of survival radiates with resilience and hope." —Publishers Weekly (starred review) "This openhearted memoir . . . opens the door to include queer descendants of war survivors into the growing American library of love." —Sarah Schulman, author of *Let the Record Show When Putsata Reang* was eleven months old, her family fled war-torn Cambodia, spending twenty-three days on an overcrowded navy vessel before finding sanctuary at an American naval base in the Philippines. Holding what appeared to be a lifeless baby in her arms, Ma resisted the captain's orders to throw her bundle overboard. Instead, on landing, Ma rushed her baby into the arms of American military nurses and doctors, who saved the child's life. "I had hope, just a little, you were still alive," Ma would tell Put in an oft-repeated story that became family legend. Over the years, Put lived to please Ma and make her proud, hustling to repay her life debt by becoming the consummate good Cambodian daughter, working steadfastly by Ma's side in the berry fields each summer and eventually building a successful career as an award-winning journalist. But Put's adoration and efforts are no match for Ma's expectations. When she comes out to Ma in her twenties, it's just a phase. When she fails to bring home a Khmer boyfriend, it's because she's not trying hard enough. When, at the age of forty, Put tells Ma she is finally getting married—to a woman—it breaks their bond in two. In her startling memoir, Reang explores the long legacy of inherited trauma and the crushing weight of

cultural and filial duty. With rare clarity and lyric wisdom, *Ma and Me* is a stunning, deeply moving memoir about love, debt, and duty.

Reclaim, Restore, and Rebuild - M. A. Carol L. Wagstaff 2018-07-11

Anyone who has been affected by a loved one's sexual brokenness and desires a healing pathway will greatly benefit from this invaluable book. -

-James E. Phelan, LCSW, Psy.D, psychotherapist and author of *The Addictions Recovery Workbook: 101 Practical Exercises for Individuals and Groups* When Christian families hear the announcement "I'm gay" from a loved one, they need immediate direction, reassurance, comfort, and godly wisdom. Nobody is more qualified to provide all four than Carol Wagstaff, who's been serving such families for decades now. --Joe Dallas, speaker; author of *When Homosexuality Hits Home*, *The Gay Gospel: How Pro-Gay Advocates Misread the Bible*, *Speaking of Homosexuality: Discussing the Issues with Kindness and Clarity*, and four other books on sexual brokenness; co-editor of *The Complete Christian Guide to Homosexuality* In this interactive book, Carol helps readers walk alongside [Nehemiah] in order to see ways to cope with--and even conquer--some of life's most heartbreaking trials, particularly the trials family members and friends face with a homosexual or transgender loved one. --Denise Shick, executive director, Living Stones Ministries and Help 4 Families; author of *My Daddy's Secret and Understanding Gender Confusion: A Faith-Based Perspective* If sexual brokenness--homosexuality or transgenderism--has touched your family, you're on a painful and challenging journey. But you're not alone. Although Nehemiah lived more than two thousand years ago, he would have understood what you're going through. He dealt with brokenness, weakness, and powerlessness in the face of his circumstances. His heart was broken over unfulfilled dreams. He is a role model for the challenges you face because he endured so much, yet he obeyed God and fulfilled God's purposes for his life. His life reminds us that we often do not choose the circumstances God allows in our lives, but we can learn to make the best of them. As you study portions of Nehemiah and the armor of God, you'll learn to apply principles from these passages to help you reclaim and rebuild your relationship with a sexually broken family member or friend.

HOW THE QUR AN GUIDES SCIENCE - Harun Yahya 2004

The God Argument - A. C. Grayling 2014-01-01

The first book to deal with all the arguments against religion and, equally important, to put forward an alternative - humanism

When Homosexuality Hits Home - Joe Dallas 2015-03-01

"There's something I need to tell you...I'm gay." These are hard words to hear from a beloved family member. But as hard as they are to hear, they are also hard for the same-sex-attracted person to utter. No matter the relationship—parent, child, grandparent, spouse, sibling, or other, that admission will likely mark a change in the way you and your loved one understand each other. These can be difficult waters to navigate, but Joe Dallas knows the rough waters firsthand and offers answers to the questions you need answered. How do I show my love for my same-sex attracted family member and yet remain faithful to the Bible's admonitions about homosexuality? Should I attend my loved one's gay wedding? What caused his or her homosexuality? Am I to blame? Can people change their sexual orientation? From his many years of helping families answer tough questions about homosexuality, Joe Dallas offers you sound, compassionate, and biblically accurate advice as you take a journey you never anticipated. Revised edition.

Christians in a Cancel Culture - Joe Dallas 2021-08-03

The WHO, WHAT, and HOW of Responding to Those Who Want to Silence You You've based your understanding of today's sensitive social issues on the Bible's truth. Mainstream culture not only sees these issues differently but calls you bigoted for rejecting views they've deemed self-evident. So how do you witness Christ's love to those ready to write you off as hateful? *Christians in a Cancel Culture* breaks down how you can speak wisdom about politically charged and personal subjects with equal parts compassion and conviction. This book will affirm your understanding of the Bible's views on sin, salvation, racism, gender identity, homosexuality, and abortion while teaching you... why today's world has grown so hostile to Christians and biblical values where you can find room to minister within challenging conversations how you can sustain relationships with those who feel threatened by God's truth Walking in faith isn't about fighting culture wars but witnessing Jesus's restorative grace to those who haven't yet found it. *Christians in a Cancel Culture* will prepare you to stay true to your beliefs as you address today's controversies while opening doors to deeper discussions about Christ's redeeming love.

The Complete Christian Guide to Understanding Homosexuality - Joe Dallas 2010-07-01

One of the hot-button issues of our day is fully addressed in this comprehensive new resource on homosexuality. This well-researched and highly readable guide is the perfect go-to manual for families, church workers, counselors, pastors, civic leaders, schools, and those who themselves struggle with same-sex attraction. Readers will find the answers to these and many more important questions: What is homosexuality? Is the tendency for homosexuality genetic? How should the church respond? What's the proper response when a relative or friend announces they're gay? What are the legal and civic ramifications of homosexuality? Should homosexuals serve openly in the military? What about gay marriage and adoption? Authoritative authors Joe Dallas (*Desires in Conflict*, *When Homosexuality Hits Home*) and Dr. Nancy Heche (*The Truth Comes Out*) tackle the hard questions about same-sex attraction in this helpful volume.

Do Ask, Do Tell, Let's Talk - Brad Hambrick 2016-02-26

Conversations among friends accomplish more than debates between opponents. Conversations on controversial issues do not to go well when the dialogue happens community-to-community or figurehead-to-figurehead. Whether it's race, religion, or politics, groups don't talk well with groups. Too much is at stake when we feel like our words and actions speak for the collective whole. Platforms and podiums will never accomplish what can only be done around dinner tables and in living rooms. Two individuals from those respective groups are much more likely to forge a good relationship, influencing one another in various ways. Unfortunately, an individual who listens well is often viewed by his or her collective compatriots as engaging in compromise; at the group level, representing each side fairly feels too much like agreement. That is why the aim of this book is friendship. Friendship is the level at which influence can be had, because the dialogue does not seek to represent an agenda but to understand a person. Friendship is what protects good points from becoming gotcha moments. The subject for which this approach may be most vital for the modern church may be homosexuality and same-sex attraction (SSA). Yet our approach has tended to be more polemical or political than pastoral and personal. Churches have articulated their position on a conservative sexual ethic. Churches have re-examined the key biblical texts that are challenged in defense of a progressive sexual ethic. As important as these things are, however, they do not equip everyday Christians to develop meaningful friendships with people who experience same-sex attraction or have embraced a gay identity. In the absence of relationship, our theology becomes theory. Many Christians are seeing that the church's unwillingness to befriend people who experience SSA has blocked us from engaging with the subject of homosexuality on a person-to-person level. We are reluctant to engage relationships where it feels probable that there will be awkwardness. Admittedly, this book is not as "neat" as you might like for it to be. Many tensions will be navigated; maybe not all contradictions will be avoided. However, when it comes to being salt and light for the sake of the gospel, it seems far better to choose possible messiness over guaranteed ineffectiveness. That means we must realize that it is good for us to have conversations where we don't know what to say. This is part of the essence of being a growing person. When we're not having conversations that challenge us to think about new things, we will commit sins either of pride or apathy. We should always be praying that God will bring people into our lives who will provide the opportunity for us to ask new and important questions. The desire of this book is to be a resource God uses to grow his people into excellent ambassador-friends to their classmates, colleagues, and family members who experience SSA. If this is what you want to do and be, then God will be faithful to complete this work in you regardless of the strengths and weaknesses, insights and oversights of this book (Philippians 1:6). Thank you for taking this journey with me.

Speaking of Homosexuality - Joe Dallas 2016-10-18

Former Gay Activist Paves the Way to Peaceful Conversation

Homosexuality and gay marriage stand among perhaps the greatest defining cultural battles of our age. There's no escaping the inevitable conversations--so how does a Christian respond with love and biblical truth without adding fuel to the fire? Drawing on nearly thirty years of counseling people struggling with homosexuality, former gay activist Joe Dallas takes readers through virtually every argument they are likely to hear in favor of normalizing homosexuality. He helps readers understand the views of LGBT people they may know and respond with clarity, confidence, and compassion. He shows the most effective ways to engage the subject on social media and in everyday encounters with guidelines

for talking points, dialogue, approach, and tone, and even provides sample dialogue. Anyone who has been searching for ways to have productive, loving conversations surrounding this critical topic will find this incredible resource a must-have. "At one time or another every twenty-first-century Christian is likely to be confronted about his or her views on homosexuality. But how can we approach this challenging issue in a way that faithfully reflects Jesus's heart and mind? Joe Dallas answers that question in this clear and compelling guide for engaging others with both gentleness and biblical truth."--Jim Daly, president, Focus on the Family "I've often said no one understands the subject of same-sex sexuality better than my friend Joe Dallas. This book, his best yet, only confirms my conviction. I'm not speaking merely of Joe's formidable knowledge of truth, but also the wisdom of its application through crystal-clear and concise communication. In the wake of the June 2015 US Supreme Court's redefinition of marriage, *Speaking of Homosexuality* will equip you to engage a topic that is foundational to human civilization."--Hank Hanegraaff, president, the Christian Research Institute; host of the Bible Answer Man broadcast "Speaking of Homosexuality is one of the most clear and informative books on the subject. Dallas responds to the most common Revisionist arguments with clarity, but also genuine kindness. If you want one book to offer biblical and historical truth about homosexuality, but also how to lovingly put that truth into action, then you won't find a better book."--Sean McDowell, PhD, professor of Christian apologetics, Biola University; author, *Same-Sex Marriage and Apologetics for a New Generation* "In answer to the urgency of our world's current situation, Joe Dallas has now crafted a resourceful tool filled with biblical truth and insightful strategies. *Speaking of Homosexuality* is essential for every person in need of answers for themselves, a family member, or a friend struggling with same-sex attraction."--Joni Lamb, cofounder, Daystar Television Network "There is no question that one of the most difficult issues facing the church today is the subject of homosexuality. But God didn't leave us in the dark on the topic of human sexuality. He gave us clear directives for this part of our lives so that we might experience the abundant life He promises. But speaking those guidelines to a confused church and a hardening culture isn't easy. No one does it better than Joe Dallas. Like no other voice I hear, Joe both lives and ministers with that continual balance of truth and love on this most contentious topic. In a day where Christians are growing more silent, we need a book like this to teach us how to winsomely engage while never retreating from God's protective Truth. This is a must-read for the church today!"--Janet Parshall, nationally syndicated talk show host

Still Stace - Stacey Chomiak 2021-10-19

An artist's captivating and quirky illustrated coming-of-age memoir of surprising first love, coming out, and coming to embrace her identity as a gay Christian woman.

Queer Readings of the Centurion at Capernaum - Christopher B. Zeichmann 2022-10-28

The first-ever monograph on the history of queer biblical interpretation of a controversial biblical passage. Since the 1950s, homoerotic readings of the pericope in which Jesus heals a Roman centurion's slave have been built upon three of the account's features: the specific Greek word *pais*, which can refer to youth, slave, or the junior partner in a sexual relationship between two men; Luke's characterization of the young man as "dear" (*entimos*) to the centurion; and commonplace homoeroticism in the Roman army. Rather than affirming or denying the historical reality of a sexual relationship between the centurion and the young man, Christopher B. Zeichmann instead traces the shifting patterns of queer readings of the text and the influences of the sexual, political, and

theological discourses of late twentieth- and early twenty-first-century Europe, the United States, and Australia. Readers will see how distinct political contexts have led interpreters to find very different meanings about the sexual subtexts of this story.

'We're trying to do things differently' - Freya Aquarone 2020-12-07
Students and staff from KCL's Social Sciences BA programme turn the research lens back on their own world and together explore the many challenges of 'trying to do things differently' in Higher Education. In doing so, they grapple with fundamental questions in education such as: how to meaningfully foreground democracy, partnership, and emotional care; the role and limits of free speech; and how to deconstruct enduring inequality and marginalisation. In a period of considerable change and challenge for education, there is surely no better time to be critically analysing the principles guiding our universities through the lens of real-life practice. "In a period when university arrangements are being rethought in the wake of COVID-19 and the resurgence of Black Lives Matter, this compelling text is both timely and forward looking. 'We're trying to do things differently' successfully brings together first year undergraduates and lecturers to research, analyse and document how students and staff co-create meaningful educational experiences. The authors offer a nuanced picture of the centrality of relationships and recognition to the degree course. It shows how the students foreground love, kindness and social justice, rather than curriculum and outcomes, while being alert to the politics of difference and absence in higher education classrooms. The book draws on well-worn and innovative writing styles to produce analyses and arguments that are eye-opening, persuasive and raise difficult questions for future educational practices. This book is a must for anyone interested in championing excellence and social justice in higher education." Ann Phoenix, Professor of Psychosocial Studies, UCL Institute of Education "This is a book with a difference. It is based on critical scholarship and draws on reflexive analysis but - and this is the important and unique part - it is a book written mainly by university students about how to enact meaningful relationships in the academy. It takes as its substantive focus one new undergraduate programme but the agenda is about change, social justice and the hard work of real inclusion. This book stands as a wake-up call to all of us who care deeply about socially just education and democracy in our institutions of higher education. It is also a wonderful example of how to write something that really matters!" - Meg Maguire, Professor of Sociology of Education, King's College London

Ask a Manager - Alison Green 2018-05-01

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations. Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.
