The Hohenzollerns in America With the Bolsheviks in Berlin and Other Impossibilities - Stephen Butler Leacock 2022-08-01

DigiCat Publishing presents to you this special edition of "The Hohenzollerns in America With the Bolsheviks in Berlin and Other Impossibilities" by Stephen Butler Leacock. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Our Boys and Girls - Oliver Optic 1867

Dynamics in Circle Rituals - Hongyan Chen 2016

This study focuses on the issues of secrecy, ambiguity and flexibility in what is known as the 'morning circle' in German schools. The morning circle has a longstanding tradition in the German school system and is widely practised. Over the past twenty years, this tradition has been the subject of increasing academic debates, many of which have suffered from one-sided viewpoints that reduce the morning circle to a warm-up phase for the school day or a means of teaching language. What has not been addressed in these debates is the initial notion of the circle as 'the primary feature of new education' (Petersen) - which challenged traditional educational ideas -, or the question as to why the morning circle has become so widespread in German schools today.

The Reese Boys - Tommy Shadwick 2010-03

The Reese Boys is the story of a man, his sons, and a dream that took 25 years to bring to fruition. The story tells of joy, pain, grief, death, success, leading to fame and fortune, along with paramilitary action and millions of dollars changing hands along the way. All in the name of football. Told by a man named Walter Reese that had one son named Ray, Walter watched the entire story transpire from the very beginning. Not ever mentioning himself, Walter tells a story that will re-instill your feelings for family, friendships and dreams. You will take a roller coaster ride of surprises and unexpected, unbelievable occurrences, one after another. Ray and Robin Reese have identical twin boys on the same day at the same hospital in 1976 that Tom and Toni Tyler have twin girls. Doctor Dave Dixon introduced Ray and Tom at the baby viewing window and a family friendship started that grew stronger and stronger every year. They added to their clans year after year, seemingly planned the entire way. The families found happiness, joy and fun along the way, but must endure terrible pain, grief, and suffering along with it. In the end, they are closer than ever. And America loves them.

Half My Life - Joseph Lim 2022-11-03

Jordan is a loving, intelligent, and energetic boy who, at a very young age, was diagnosed with autism spectrum disorder. As a result, he is significantly limited in communication skills, social development, and academic progress. Additionally, Jordan and his family sometimes have to contend with those who are either not receptive to or not well-informed about special-needs individuals. Despite his condition, Jordan's family loves him unceasingly. Together, they persevere through the challenges that accompany the autism and do all they can to obtain the best services and benefits available for Jordan. As time goes by and the family adjusts to their unique struggles, they are hit with another huge blow. Just prior to reaching adolescence, Jordan is diagnosed with type 1 diabetes. All of a sudden, Jordan is dealing with more than just social and developmental

issues but also a major physical health scare. Yet amid the devastating news and extremely difficult process overall, the family's faith remains strong, and Jordan continues to persevere like the champion that he is. This memoir *Half My Life: Special in Many Ways* is a follow on to the initial work entitled *Half My Life: The Testimony of a Father and His Special-Needs Child*. It is essentially a peek into the lives of a family with a special-needs child, chronicling the experiences and adventures, including the ups and downs, highlights and struggles, triumphs and setbacks, as told from the perspective of one of Jordan's biggest fans--his dad. The author will donate a portion of the proceeds to selected charities related to special needs.

Digital Childhoods - Susan J. Danby 2018-04-03

This book highlights the multiple ways that digital technologies are being used in everyday contexts at home and school, in communities, and across diverse activities, from play to web searching, to talking to family members who are far away. The book helps readers understand the diverse practices employed as children make connections with digital technologies in their everyday experiences. In addition, the book employs a framework that helps readers easily access major themes at a glance, and also showcases the diversity of ideas and theorisations that underpin the respective chapters. In this way, each chapter stands alone in making a specific contribution and, at the same time, makes explicit its connections to the broader themes of digital technologies in children's everyday lives. The concept of digital childhood presented here goes beyond a sociological reading of the everyday lives of children and their families, and reflects the various contexts in which children engage, such as preschools and childcare centres.

The Girl Who Loved Tom Gordon - Stephen King 2017-04-25

A frightening suspense novel about nine-year-old Trisha, who becomes lost in the woods as night falls.

Forbidden Game BIND-UP - L.J. Smith 2011-01-06

It all started with a board game. But what was supposed to be an evening of friends, fun, and games, becomes a night of danger, drama, and obsessive love. Because when Jenny and her friends try to play the Game, it comes to life. Suddenly they are in a dark world where Julian, the gorgeous guy who sold Jenny the game, rules as Prince of the Shadows. Julian is in charge, making their darkest nightmares reality. And he will do anything to claim the beautiful Jenny as his prize. The Game is real, and these friends must play through - and the only way to win is to face their most secret fears. To lose the Game is to lose your life. And that is only the beginning...

Handbook of Research on Digital Violence and Discrimination Studies - Özsungur, Fahri 2022-04-08

Digital violence continues to increase, especially during times of crisis. Racism, bullying, ageism, sexism, child pornography, cybercrime, and digital tracking raise critical social and digital security issues that have lasting effects. Digital violence can cause children to be dragged into crime, create social isolation for the elderly, generate inter-communal conflicts, and increase cyber warfare. A closer study of digital violence and its effects is necessary to develop lasting solutions. The *Handbook of Research on Digital Violence and Discrimination Studies* introduces the current best practices, laboratory methods, policies, and protocols surrounding international digital violence and discrimination. Covering a range of topics such as abuse and harassment, this major reference work is ideal for researchers, academicians, policymakers, practitioners,

professionals, instructors, and students.

Lost Girl From El Monte - Benita Bishop 2004-07-03

A teenage girls diary from 1975 to 1976 revealing bad decisions, first love, heartbreak, rivalry and unexpected peril.

Distributed, Ambient and Pervasive Interactions. Smart Living, Learning, Well-being and Health, Art and Creativity - Norbert A. Streitz 2022-06-16

The two-volume set, LNCS 13325 and 13326, are conference proceedings that constitutes the refereed proceedings of the 10th International Conference on Distributed, Ambient and Pervasive Interactions, DAPI 2022, held as part of the 24th International Conference, HCI International 2022, which took place during June-July 2022. The conference was held virtually due to the COVID-19 pandemic. The 58 papers of DAPI 2022 are organized in topical sections named for each volume: Part I: User Experience and Interaction Design for Smart Ecosystems; Smart Cities, Smart Islands, and Intelligent Urban Living; Smart Artifacts in Smart Environments; and Opportunities and Challenges for the Near Future Smart Environments Part II: Smart Living in Pervasive IoT Ecosystems; Distributed, Ambient, and Pervasive Education and Learning; Distributed, Ambient, and Pervasive Well-being and Healthcare; and Smart Creativity and Art.

Black Cat's Tales - Liam O'Murchu 2002-04

Following on the success of his first book, *Black Cat in the Window*, Irish writer "Liam O'Murchu" -- whose style has been compared to Garrison Keillor -- once again turns to the winning combination of humor, poignancy, and humanity in his second book, *Black Cat's Tales*. A young boy leaves home for Dublin where he first must deal with slums and poverty, and a whole range of interesting and lovable characters -- a rare encounter with special agent St. Anthony, a bird named Gerry, and the warring Garrets, whose mother is their lion tamer -- before he is gradually able to improve his lot and move up in life. Sharp, funny, sometimes unsettling, O'Murchu conjures up the past with convincing dialogue, wit, and acute descriptions. This intimate, sensitive portrayal of people's lives, with their ambiguities and certainties, their comedy and tragedy, sparkles with uplifting wisdom and style.

Community and Change in the North Carolina Mountains - 2006-04-18

Oral history and memoirs preserve much more than a single event. They record information about a time and a particular way of life. Buying a loaf of bread for a dime and a 25-pound bag of flour for a dollar, walking 9 1/2 miles in 5 hours, watching the Cove Creek gym (and several school buses) go up in flames--these are just a few of the tales related in this collection of oral and written histories. From boating to finding a first job, from riding a pony to school to joining the Navy, this book contains dozens of memories gathered from the residents of western Watauga County, North Carolina. Concentrating primarily on the decades of the 1930s, 1940s and 1950s, these stories focus on the elements of everyday

life in a mountain community. They deal with both traditional rural activities--such as berry picking, soap making, trading and bartering--and universal experiences such as school days and dating. The book includes a special section on the war experiences of Watauga County residents both at home and overseas. Contemporary photographs and an index are included.

The Best of Texas Folk and Folklore, 1916-1954 - Texas Folklore Society 1998

A representative anthology of Texas folklore from the first half of the twentieth century, including legends, ghost stories, songs, proverbs, and other writings.

Welcome to Our Minds - Arthur 2001-04

A composite picture of a girl in a strait-jacket sitting inside an eye. This is surrounded by four color wedges; clock-wise they are brown, green, blue and purple.

The Family Herald - 1867

A Game of Inches - Peter Morris 2006

Impeccably researched and engagingly written, this treasure trove will surprise, delight, and educate even the most knowledgeable fan by dispelling cherished myths and revealing the source of many of baseball's features that we now take for granted. Its scope is encyclopedic, with nearly a thousand entries. "Splendidly entertaining and indispensable."--Donald Honig.

Teenage Mutant Ninja Turtles: The Armageddon Game #2 - Tom Waltz 2022-10-26

OLD SOLUTIONS TO NEW THREATS! As Shredder and Leonardo team up with Cudley the Trans-Dimensional Cowlick in order to seek out the help of the enigmatic Cherubae in Dimension Z, Michelangelo joins Commander Dask and his Neutrino warriors on a quest to locate the rebellious Nova Posse in Dimension X. Meanwhile, Raphael is forced to swallow his pride—and his hatred—as he hunts down the missing Old Hob in New York City. But even if they find them, will the TMNT's quarries be willing to join the battle against Rat King's latest deadly pawns—Baxter Stockman, General Krang, and Madame Null—who are already taking the fight to Donatello and Jennika in Mutant Town?

My Love for you, Tom Cruise--A Desperate Chinese Girl's Confession -

Beginner Daygame - Tom Torero 2021-01-03

This book is a written accompaniment to my online Youtube video "Beginner's Guide To Daygame." Use them together to learn the fundamentals of daygame, applying the knowledge out in the real world ("infield") as quickly as possible to avoid becoming a theory junkie. 90% of learning pickup happens outside talking to girls, only 10% is the theory that you're reading and watching now.
