**Swing Low** - Miriam Toews  
2001

"One morning Mel Toews put on his coat and hat and walked out of town, prepared to die. A

loving husband and father, faithful member of the Mennonite church, and immensely popular school teacher, he was a pillar of his close-knit community. Yet after a lifetime of struggle, he could no longer face the darkness of manic depression. Now his daughter Miriam, an award-winning writer, has given her father a voice for his whole story. In *Swing Low*, Miriam recounts Mel's life as she imagines he would have told it, right up to the day he took his final walk. Toews takes us deep inside the experience of depression, but she also gives us winsome and hilarious tales of country life: growing up on a farm, courting a wife, becoming a teacher, and rearing a strong, happy family in the midst of private torment." --

In this provocative anthology, we discover a family that worships money even as it tears them apart; we read about the "financial death sentence" a transgender woman must confront to live as herself. We trace the journey of a Silicon Valley entrepreneur who finally makes enough money to discover her spiritual impoverishment; we follow a stressful email exchange between an unsympathetic university financial officer and a desperate family who can't afford to pay their daughter's tuition and more.

Toews 2019-04-02

The basis of the Oscar-winning film from writer/director Sarah Polley, starring Rooney Mara, Claire Foy, Jessie Buckley, with Ben Whishaw and Frances McDormand. INTERNATIONAL BESTSELLER "This amazing, sad, shocking, but touching novel, based on a real-life event, could be right out of The Handmaid's Tale." -Margaret Atwood, on Twitter "Scorching . . . a wry, freewheeling novel of ideas that touches on the nature of evil, questions of free will, collective responsibility, cultural determinism, and, above all, forgiveness." -New York Times Book Review, Editors' Choice One evening, eight Mennonite women climb into a hay loft to conduct a secret meeting. For the past two years, each of these women, and more than a hundred other girls in their colony, has been repeatedly violated in the night by demons coming to punish them for their sins. Now that the women

have learned they were in fact drugged and attacked by a group of men from their own community, they are determined to protect themselves and their daughters from future harm. While the men of the colony are off in the city, attempting to raise enough money to bail out the rapists and bring them home, these women—all illiterate, without any knowledge of the world outside their community and unable even to speak the language of the country they live in—have very little time to make a choice: Should they stay in the only world they've ever known or should they dare to escape? Based on real events and told through the "minutes" of the women's all-female symposium, Toews's masterful novel uses wry, politically engaged humor to relate this tale of women claiming their own power to decide.

**Women Talk** - Jennifer Coates  
1991-01-16

*Talking to Women* - Nell Dunn  
2018-03

Dunn transcribes nine informal interviews she recorded with young women she happened to be near and around in the year 1964. They are friends across the class system, from factory worker Kathy to socialite Suna, with a particular eye to women marking themselves out creatively and against the odds. Dunn describes these women as sharing more than a common time and age; they've "severed themselves from some of the conventional forms of living and thinking."

eBook included for free. Soon, it won't be free. If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In

Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense

to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. A secret you can't find anywhere online or offline. decades of research, The Female Brain will help women to better understand themselves - and the men in their lives. In this groundbreaking book, Dr Louann Brizendine describes the uniquely flexible structure of the female brain and its constant, dynamic state of change - the key difference that separates it from that of the male - and reveals how women think, what they value, how they communicate, and whom they'll love. She also reveals the neurological explanations behind why... - A woman remembers fights that a man insists never happened... - Thoughts about sex enter a woman's brain perhaps once every couple of days, but may enter a man's brain up to once every minute... - A woman's brain goes on high alert during pregnancy - and stays that way long after giving birth... - A woman over 50 is more likely to initiate divorce than a man... - Women tend to know what people are feeling, while men can't spot an emotion unless someone cries or threatens

Language and Woman's Place -  
Robin Tolmach Lakoff  
2004-07-22

The 1975 publication of Robin Tolmach Lakoff's Language and Woman's Place, is widely recognized as having inaugurated feminist research on the relationship between language and gender, touching off a remarkable response among language scholars, feminists, and general readers. For the past thirty years, scholars of language and gender have been debating and developing Lakoff's initial observations. Arguing that language is fundamental to gender inequality, Lakoff pointed to two areas in which inequalities can be found: Language used about women, such as the asymmetries between seemingly parallel terms like master and mistress, and language used by women, which places women in a double bind between being appropriately feminine and being fully human. Lakoff's central argument that

"women's language" expresses

powerlessness triggered a controversy that continues to this day. The revised and expanded edition presents the full text of the original first edition, along with an introduction and annotations by Lakoff in which she reflects on the text a quarter century later and expands on some of the most widely discussed issues it raises. The volume also brings together commentaries from twenty-six leading scholars of language, gender, and sexuality, within linguistics, anthropology, modern languages, education, information sciences, and other disciplines. The commentaries discuss the book's contribution to feminist research on language and explore its ongoing relevance for scholarship in the field. This new edition of *Language and Woman's Place* not only makes available once again the pioneering text of feminist linguistics; just as important, it places the text in the context of contemporary feminist and gender theory for a new generation of readers.

*Dead Women Talking* - Brian Norman 2012-11-15  
Brian Norman uncovers a curious phenomenon in American literature: dead women who nonetheless talk. These characters appear in works by such classic American writers as Poe, Dickinson, and Faulkner as well as in more recent works by Alice Walker, Toni Morrison, Tony Kushner, and others. These figures are also emerging in contemporary culture, from the film and best-selling novel *The Lovely Bones* to the hit television drama *Desperate Housewives*. *Dead Women Talking* demonstrates that the dead, especially women, have been speaking out in American literature since well before it was fashionable. Norman argues that they voice concerns that a community may wish to consign to the past, raising questions about gender, violence, sexuality, class, racial injustice, and national identity. When these women insert themselves into the story, they do not enter precisely as ghosts but rather as something

potentially more disrupting: posthumous citizens. The community must ask itself whether it can or should recognize such a character as one of its own. The prospect of posthumous citizenship bears important implications for debates over the legal rights of the dead, social histories of burial customs and famous cadavers, and the political theory of citizenship and social death. -- Leonard Cassuto, author of *Hard-Boiled Sentimentality: The Secret History of American Crime Stories*
