A new edition of an occult classic, which includes a new introduction by Mary K. Greer, author of *Women of the Golden Dawn*, and a new afterword with excerpts from rarely seen documents by Fortune herself describing how the book came about. After finding herself the subject of a powerful psychic attack in the 1930s, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defense guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defense. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognize them. This is one of the best guides to detection and defense against psychic attack from one of the leading occult writers of the twentieth century. This Weiser Classics edition of Dion Fortune's *Psychic Self-Defense* includes a new forward by Mary K. Greer, author of numerous books including *Tarot for Your Self*, and a new afterword by Christian Gilson that chronicles the original context surrounding Dion Fortune's writing of the book. King, Warrior, Magician, Lover - Robert Moore 2013-10-01

The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity, Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy of aggressive but nonviolent action), the magician (the energy of initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). *King, Warrior, Magician, Lover* is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche.

Sexing the Body - Anne Fausto-Sterling 2020-06-30

Now updated with groundbreaking research, this award-winning classic examines the construction of sexual identity in biology, society, and history. Why do some people prefer heterosexual love while others fancy the same sex? Is sexual identity biologically determined or a product of convention? In this brilliant and provocative book, the acclaimed author of *Myths of Gender* argues that even the most fundamental knowledge about sex is shaped by the culture in which scientific knowledge is produced. Drawing on astonishing real-life cases and a probing analysis of centuries of scientific research, Fausto-Sterling demonstrates how scientists have historically politicized the body. In lively and impassioned prose, she breaks down three key dualisms -- sex/gender, nature/nurture, and real/constructed -- and asserts that individuals born as mixtures of male and female exist as one of five natural human variants and, as such, should not be forced to compromise their differences to fit a flawed societal definition of normality.

S=EX2 - Pere Estupinyà 2016-08-25

You have in your hands the most rigorous, complete and readable book ever written about the fascinating science of human sexuality. This book goes beyond the well-worn sexual education advice and the usual evolutionist psychology. After *The Brain Snatcher*, Pere Estupinyà comes back with the first popular science book on sex aimed at a wide audience. While there are some tips for the more adventurous, there is also a wealth of new information to be discovered. Distancing himself from the many books on advice or techniques, Estupinyà brings sex to another dimension by combining popular beliefs and science. Do you want proof that our decision-making in the "heat of the moment" is less rational than we think? Did you know that mind and vagina each go their own way? Are you interested in learning about the effects of yoga on sexual pleasure? Did you know about the attempts in the 60s to "cure" homosexuals with electric shock therapy, the chemical analysis of female ejaculation, or the fundamental relationship between the sympathetic and parasympathetic nervous system? The author has spoken directly with asexual and intersexual individuals, fetishists, multi-orgasmic women, women who never have orgasms through penetration, and men who have no refractory period. He has also participated in sadomasochistic events; learned tantric techniques with a couple of coaches, spoken with porn performers at Barcelona's Bagdad, and attended workshops in which a woman teaches how to have orgasms with your mind and breathing. The result is an incredible miscellany of information that appeals to both the scientific community and the curious.

Brutally candid, he offers his teaching to anyone ready to listen, with an uncanny ability to see into the hearts and minds of his students better than they can their own. Charged with provocative scenes of unbridled passion and play, *Wild Nights* explodes with spiritual insights into our choice to "open as love, or close and suffer" yogic sexual techniques including circular breathing and

expanding feeling beyond the self and into the heart of a lover and why, for some, full sexual expression is a requirement of spiritual maturation. For its honest depiction of the spiritual teacher and student relationship - and the questions it demands we ask about our own sexuality - *Wild Nights* proclaims David Deida a guiding light in the often cloudy realm of sex and spirit.
