**The Lazy Girl's Guide to**

**Good Sex - Anita Naik 2007**

The Lazy Girl's Guide to Good Sex is for women who want to know more about sex but don't want the information to be base, vulgar, or too mechanical. This is a frank, down-to-earth look at sex from a back-to-basics point of view. Anita Naik takes you from those early teenage fumbles right through to where you are today and beyond—so that you can get a full picture of what it means to have good sex. Unlike other sex manuals you won't have to search for these tips in between embarrassing legs-wide-open shots or worse. Instead this book will show you: Short cuts to good sex whenever you want; How to have sex that leaves you feeling

sexy, fulfilled and at ease with your body; Pointers on how to be more relaxed about something that is supposed to be fun; What is fact and what is a myth; How to change your sexual patterns for the better; and Useful advice on foreplay, oral sex, orgasms, masturbation and fantasies. The Lazy Girl's Guide to Good Sex is a funny, irreverent guide to being sexy and sexual in the 21st century. So even if you are too lazy to go at it for longer than five minutes, they'll still be five minutes worth bragging to your friends about.

**The Glam Girl's Guide to Sex**

- Leah Hopkins 2011-09

Sex is everywhere. You can turn off the television, never buy another magazine, and keep your children home until their grown, but we absolutely cannot keep them from learning about sexuality...and it would be wrong if we tried. Often people still grasping at some form of morality over-react to our sex saturated society and stick their heads in the sand, letting people make God's gift to a man and his wife, dirty. Our young people want to learn about this subject, and if their mentors zip their mouths and make it uncomfortable, they will go to other sources. The G.L.A.M. Girl's Guide To Sex is a book to teach young ladies that they need to prepare their hearts for purity so when they are faced with (and they will be at some point) the temptation to yield to the lust of the flesh, they will instead stand up for Christ.

*Glamour Girls of Sixties  
Hollywood* - Tom Lisanti  
2013-03-01

During the 1960s, many models, Playboy centerfolds, beauty queens, and Las Vegas showgirls went on to become “decorative actresses” appearing scantily clad on film and television. This well illustrated homage to 75 of these glamour girls reveals their unique stories through individual biographical profiles, photographs, lists of major credits and, frequently, in-depth personal interviews. Included are Carol Wayne, Edy Williams, Inga Neilsen, Thordis Brandt, Jo Collins, Phyllis Davis, Melodie Johnson, and many equally unforgettable faces of sixties Hollywood.

*Girl's Guide to Sex and Love* - Helen Croydon 2014-02-03  
In *Screw the Fairytale*, Helen Croydon traces the history of relationships in an immersive, first-person account. She shows how marriage was never supposed to be about love anyway. She investigates the prevalence of mistresses across different eras and cultures to see what we can learn from infidelity and explores the science of falling in love. Highlights of her mission take in a polyamorous commune in the Scottish Highlands (where she has to carry out a sexual pact), a wife-finding tour to the Ukraine and infiltrating a network of single professional women who've chosen to give up on finding love and get a sperm donor instead. Interviews with psychologists, evolutionists, asexuals, swingers, philanderers, long-term marrieds, mistresses and 40 year old virgins all combine to break new ground in this humorous and insightful guide to sex and love for the modern girl.

**Glamour** - Professor Carol Dyhouse 2013-04-04  
How do we understand

glamour? Has it empowered women or turned them into objects? Once associated with modernity and the cutting edge, is it entirely bound up with nostalgia and tradition? This unique and fascinating book tells the story of glamour. It explores the changing meanings of the word, its relationship to femininity and fashion, and its place in twentieth century social history. Using a rich variety of sources - from women's magazines and film to social surveys and life histories - Carol Dyhouse examines with wit and insight the history and meaning of costume, cosmetics, perfume and fur. Dyhouse disentangles some of the arguments surrounding femininity, appearance and power, directly addressing feminist concerns. The book explores historical contexts in which glamour served as an expression of desire in women and an assertion of entitlement to the pleasures of affluence, finally arguing that glamour can't simply be dismissed as oppressive, or as male fantasy,
