**Cats in Spring Rain** - Aya Kusch 2022-05-10

This delightful little book pays homage to the cat through artfully curated Japanese poetry and prints. No one captures the graces and idiosyncrasies of cats quite like the painters, printmakers, and haiku masters of Japan. From the Edo to the Showa period, many artists turned their gaze toward an unlikely subject: their small feline companions. Closely observed portraits in words and ink elevate the everyday adventures of cats: taking a nap on a Buddha statue's lap, daintily eating a rice ball, courting the neighbor's cat. This curated collection of poems, prints, and paintings will leave you inspired to cultivate the serenity and wonder embodied by these creators—and by the cats themselves. Presented as a sweet, jacketed paperback with thoughtful design touches, this volume includes each poem in both English and Japanese. **THE ORIGINAL CAT LOVERS:** Centuries before the emergence of cat memes and cat cafes, Japanese artists and writers perfected the practice of feline reverence. Cats played pivotal roles in folklore; they were the protectors of scriptures and symbols of good luck and wealth. They also proved to be a wonderful source of creative inspiration. This little compendium showcases Japan's rich cultural heritage. **UNIQUE GIFT:** Surprise your cat-loving friends and family with this unusual twist on the cat-themed gift. **PERFECT FOR POETRY LOVERS:** Whether they came to poetry through the works of Instagram poets, or have been reading the classics for decades, any lover of verse will enjoy this thoughtfully curated collection. The writers featured include Bashō, Chiyo-ni, Issa, Shiki, and more—all icons of the haiku form. **ENCHANTING ART:** Hokusai, Hiroshige, Yoshitoshi, and more: These artists masterfully captured the personalities of cats and their humans. These images, with their delicate lines and soothing colors, have endured through time to bring us quiet joy. Perfect for: • Cat lovers • Poets and poetry readers • Artists and art lovers • Anyone who appreciates Japan's arts and culture

*Of Cats and Men* - Sam Kalda 2017-04-18

A stylish, illustrated gift book profiling notable cat-loving men throughout history. Some of history's greatest men have been cat lovers, and their cats have contributed to their genius and legacy: the static charge from a cat's fur sparked young Nikola Tesla's interest in electricity; Sir Isaac Newton is said to have invited the first cat flap; visitors to Ernest Hemingway and Winston Churchill's homes still encounter the descendants of their beloved cats; William S. Burroughs and Andy Warhol both wrote books inspired by their feline friends. Stylishly illustrated and full of charming, witty profiles and quotes from history's most notable "cat men," *Of Cats and Men* pays tribute to thirty luminaries and visionaries who have one thing in common: a pure and enduring love of cats.

*Louis Wain's Cats* - Chris Beetles 2021-11-04

'Louis Wain invented a cat style, a cat society, a whole cat world'. Broadcast in 1925 by H.G. Wells, these words characteristically foretold the future of the Wain cat which has, once more, become the century's most recognisable image in cat art. During their heyday, in the time before the First World War, Louis Wain's cats, dressed as humans, portrayed that stylish Edwardian world having fun: at restaurants and tea parties, going to the Race and the Seaside, celebrating at Christmas and Birthdays, and disporting themselves with exuberant games of tennis, bowls, cricket and football. This is a titillating world of cats at play, uninhibited and slightly dangerous, with most group activities likely to turn into mishap, mayhem and catastrophe. This is Wain's world, funny, edgy and animated: a whole cat world. The first comprehensive exhibition of Wain's work was held at the Victoria and Albert Museum in London in 1972 and, since then,

Louis Wain has steadily become more fashionable, and collected worldwide. This biography contains 300 plates of richness and variety, all of which are reproduced faithfully from the original artwork. This book is jointly published by Chris Beetles Ltd and Canongate Books.

**Fat Cat Art** - Svetlana Petrova 2015-09-15

"It's official. That thing that classic art has been missing is a chubby reclining kitty." —The Huffington Post Internet meme meets classical art in Svetlana Petrova's brilliant *Fat Cat Art*. Featuring her twenty-two-pound, ginger-colored cat Zarathustra superimposed onto some of the greatest artworks of all time, Petrova's paintings are an Internet sensation. Now fans will have the ultimate full-color collection of her work, including several never-before-seen pieces, to savor for themselves or to give as a gift to fellow cat lovers. From competing with Venus's sexy reclining pose (and almost knocking her off her chaise lounge in the process) in Titian's *Venus of Urbino*, to exhibiting complete disdain as he skirts away from God's pointing finger in Michelangelo's *Creation of Adam*, Zarathustra single-handedly rewrites art history in the way that only an adorable fat cat can.

*Cats in Art* - Desmond Morris 2017

The cat—that most graceful, stubborn, and agile of animals—has been a favorite subject of artists the world over from prehistory to the modern day. A spectacular 7,000-year-old engraving in Libya depicts a catfight. Figures modeled by the Babylonians remind us of their belief that the souls of priests were escorted to paradise by a helpful cat. Pablo Picasso was known to have loved cats and famously portrayed them as savage predators. In Victorian times, cats were depicted in loving family groups with mothers caring for their playful kittens. Today, the cat is one of the most popular domestic pets on the planet, and feline art is a hugely popular theme across the world. In his latest eye-catching book, best-selling author Desmond Morris tells the compelling story of cats in art. He explores feline art in its many forms, tracing its history from ancient rock paintings and spectacular Egyptian art to the work of old masters, avant-garde representations, and the depiction of cats in cartoons. Morris discusses the various ways in which artists have approached the subject throughout history, weaving illuminating stories with rarely seen images. The result is a beautifully illustrated book that will delight anyone with a Kitty, Max, or Tigger in their life.

**Famous Artists' Cats** - David Stone 2015-11-23

Many famous artists, from Klimt to Picasso to Matisse, loved cats. They posed for photographs with them and allowed their feline friends to wander around the studio. Sadly, not enough of them allowed their cats to participate in the art. That is, the artists never let their cats get inside the pictures. As every cat lover knows, the cats must surely have tried. *Famous Artists' Cats*, inspired by cat artist Deborah Julian's popular images, aims to correct this historic deficiency. Partnering with her own cats, George, Billy and Sam, in 17 full color works of digital art, she has swung open the studio doors and let them get inside the frames at last. Enjoy multiple feline explorations within the imagination of Matisse and Van Gogh. See what happens when a vain young woman in front of a mirror is replaced by a cat. See if George, Billy or Sam can out-parody Lichtenstein. David Stone puts the pictures in perspective comments about the artists and the art being invaded. Deborah Julian's cat art is often funny, sometimes insightful and always respectful of both the artists and the cats.

*The Cat Who Went to Heaven* - Elizabeth Coatsworth 1958
