Even apply to be one of The Real Werewives of Colorado. The dating reality show is my last chance to prove I'm for real, even if it means I'll belong to a wolf shifter forever. Never did I expect one of those cowboy wolf shifters to choose me from my audition tape, but Mason Hemmings thinks I'm his forever mate. He's willing to make all my dreams come true—including giving me carte blanche to rebuild the pack library. This wolf has fallen head over spurs for me, and the feeling is mutual. But when that wild side that's come out since I arrived in Colorado threatens to take everything from us, our episode goes from fantasy to reality. Fast. Will our new little family be able to bring the pack together and save Colorado Ranch? So when I hear The Real Werewives are looking for contestants for their Colorado season, I apply. Levi chose me as his forever mate. This cowboy wolf has a rebellious streak that's seriously hot. He'll break all the rules to claim me, even if it causes a pack war. I know a thing or two about fighting for the things I want. And I'm determined to fight for this pack. Women and Gendered Violence in Canada Chris Bruckert 2018-01-01 Violence against women is usually framed as an issue of interpersonal violence perpetuated by men. While domestic violence and sexual assault are significant social problems, such a narrow framing obscures the diversity of women's experience, fails to illuminate the role social structures play, and excludes discussions of workplace and state violence. By drawing on a range of theoretical traditions emerging from feminism, criminology, and sociology, *Women and Gendered Violence in Canada* significantly expands the conversation on violence against women. The first section of the book develops the conceptual and contextual framework that informs the remainder of the text, and the following three sections are organized around types of victimization: interpersonal, labour site, and state. Each chapter ends with lists of suggested activities, and first person narratives are integrated throughout to personalize the material and issues being examined.

Bear Dating Agency Ultimate Box Set (BBW Bear Shifter Romance Novella Series) Becca Fanning 2017-12-17 In the search for love, these Bear Shifter bachelors might find their Fated Mates... The Bear Dating Agency Ultimate Box Set is here! Contains the following novella stories: DIETRICH - Elise Davenport was not having a good night. Just the day before she put her whole career on the line thanks to a few glasses of champagne. Loose lips can sink ships, and they can obliterate your social status. So here she was, stumbling through Fairhaven Park in pitch blackness, looking for the cabin she rented. She'd just hung up the phone with her agent when she heard the rumbling growl come from beside her. Not a good night at all... Dietrich Best was trying to play it cool. The young lady now sitting next to his Gram looked him up and down, her eyes stopping on his washboard abs. But soon they made their way up, locking with his. She knew. Somehow she knew... BEN - Layla Moss came out to the wilderness to get away from the everyday grind. A nice vacation away from all things involving the Women's section at her department store was just what the doctor ordered. She enjoyed her job, and sometimes she got to help bumbling clueless men as they tried to buy something for the lady in their lives. But when her best friend set her up on a blind date with someone else out here in the cabins, Layla was the one who felt clueless. Ben Best has been called many things in his life. Very few of them were pleasant, but as a park ranger he knew what to expect. When you break up a party getting out of hand or bust someone for littering, they're going to throw some barbs at you. But he never expected to be called "Pantyhose Guy." Still, the pretty little lady had sass for days and there was something about that he found incredibly interesting... But a dark cloud of danger was looming closer. Did their fragile young love have any chance? KURT - Kurt Best is addicted. He's addicted to excitement. He's addicted to new experiences. His family thinks he's addicted to gambling, but they just don't understand. He has lukewarm feelings about being a park ranger, but it allows him the joy of meeting new people. When he notices a beautiful brunette at the lake, he knew he had to meet her. His opportunity to do just that came at dinner, and he jumps at the chance to talk with her. However, he has to put their chemistry on hold until he returns from his trip to LA... With so much being hidden, is chemistry enough? Can it possibly survive their secrets? HART - Hartwin Best appreciated the simple things in life. A cold beer. A warm bed. A good ol' family gathering. Luckily for him, this week would afford all three. A very special ceremony was about to take place, one which would fully welcome his brother Dietrich's newborn son Isaak into the Clan. The scent of Elise's friend lingered in his nose, intriguing him. None could see the clouds of smoke rising in the distance. REINICKE - Reinicke Best was at his end of his wits with these park visitors. Every year, they seemed to get worse. Less respect for the wildlife (no, you can't take a selfie with a grizzly bear). Less respect for the environment (no, this virgin old wood forest doesn't have a place for you to charge your phone). Less respect for the staff (no, I absolutely will not take your phone to get charged so you can take a selfie with a grizzly bear!). And then there was this newest visitor. Driving along without the common sense to watch where she's going, almost causing a car crash. He had a feeling she was trouble, the kind of trouble you'd have to keep a close eye on... Big Sky Alien Mail Order Brides Box Set Collection 1: Original Trilogy +1 Elsa Jade 2023-03-11 The original Big Sky Brides, all in one place! Adventure and romance together in high-speed pursuit of Happily Ever Afters throughout the universe. If you've been looking for love in all the wrong galaxies, find your alien mate with the Intergalactic Dating Agency! ALPHA STAR She just wanted a quiet place to hide from the world. Instead, she found adventure with a sexy alien seeking his mate and a once-in-a-lifetime chance for a cosmic love... Recovering from a traumatic concussion, Zoe Nazario fears she'll never trust her own senses again. So when she stumbles over a shiny chrome cube, she laughs off its chirpy announcement that she's the lucky bride of an alien prince. Aliens? Love? Yeah, no. Better to be dazed and confused—and alone—than desperately delusional. Sinclaron "Sin" Fifth-Moon Jax feels most at home roaming the infinite stars with his cybernetic enhancements and princely privilege to protect his misfit spaceship crew. But his imperial great-grandmother, despairing of his free-flying ways, demands he settle down to claim his solar system inheritance—and the Big Sky Intergalactic Dating Agency has already identified his perfect match in Sunset Falls, Montana, Earth! Grudgingly resigned to seizing the woman of his destiny, Sin instead gets an innocent Earther girl—who rejects him utterly. But when he realizes an interstellar menace is stalking his reluctant bride, he can't just leave her behind...even if his five mating rings threaten to lock with desire when she's near. The small-town Earther girl and the arrogant alien prince must join forces to survive a vast and treacherous universe, but what happens when they find that Sin's inheritance might be a lie—and so is his perfect match with Zoe? RED SHIFT Unmated drakling shifters are one of the hottest threats in the universe, as everyone knows...everyone except this one drakling with amnesia and the innocent Earther girl trapped with him! Banished from his homeworld for refusing a mate that would tame his fiery beast, Honey the drakling followed his wandering prince into battle and then—more terrifying yet—into courtship. But then espresso-induced amnesia leaves him marooned in the backwater wilds of Big Sky Country, Montana, Earth, lost and alone but for a female with hair as dark as the night skies and hidden sparks in her eyes. Tisha Beauchamp just wanted a weekend in her granny's remote cabin with her girlfriends to figure out her life plan. No one said a thing about

an early snowstorm or invading aliens! And now she's stuck in the mountains by herself—until her one-woman pity party gets crashed by a wild, red-haired man with no memories, strange dragon-ish tattoos, and a scorching touch... Though he has forgotten his name, his beast, and the freedom of space, the feverish urge to claim Tisha grows stronger with every night under the pale light of Earth's solitary moon. But if he finds his way back to his ship and himself, how can he burn forever with his bold, bright Earther girl? **DARK MATTER** While it is a verifiable reality that the universe is vast and strange, no one in all those lightyears could ever love an emotionless, soul-sucking space vampire. Unless there are deeper truths out there somewhere... The secretive, ancient species of the vrykoly were designed to pilot the deathly cold distances of space, and Ivan has never known anything else; even his dreams have always been black and empty. Though he guides the Sinner's Prayer to a neglected little planet to find brides from the Intergalactic Dating Agency, Ivan dispassionately considers bonding and mating to be irrational pursuits. But when his captain and first officer find incandescent love with the extraordinary females of Earth, this vrykoly is forced to wonder if he was—dare he say it?—wrong. After the tragic death of her first love, Montana river guide Delaney Nazario thought she'd be alone forevermore. So she quietly signed up with the Big Sky matchmaking outpost in Sunset Falls, hoping an alien will whisk her away. Instead it was her two roommates who found their mates—also staving off an attack by interstellar mercenaries trying to kidnap Earth women. Now Del is being guarded by a silent, hulking, scary vrykoly—who might be the only being in the universe she could never, ever date. But while there are deeper truths in the universe, there is also secret menace. And Big Sky's only hope is a space vampire who's never felt anything and an Earther girl who feels too much. **AFTER BURN** When Vaughn Quay's older sister goes missing in Big Sky Country, she's willing to risk everything to hunt down the only man who seems to know anything about the mysterious mail order bride agency that closed under suspicious circumstances. Except Vaughn is risking more than her life—she's discovering a universe of danger and desire she never knew existed. Dejo Jinn, sole proprietor of Jinn Data Recovery, just wants to steal—no, sorry, not steal, recover—the data left behind at the abandoned Intergalactic Dating Agency when it was forced to close after mistakenly losing some brides. He has no interest in revealing his extraterrestrialness to a clueless if distractingly curvy Earther, but after they are attacked and she sees his green blood, his secret is outed. Now reluctant partners, he'll have the chance to steal—sorry, recover—the valuable data and she'll get her sister back. Assuming they don't end up dead. Or worse yet, end up dating. _____ For readers who love: alien mail order bride science fiction romance intergalactic dating agency fated mates prince royalty mercenary starship captain dragon shifter shapeshifter ginger cinnamon roll space vampire alpha male warrior strong woman heroine action adventure fast read fun steamy happily ever after HEA first love and books by Ruby Dixon, Honey Phillips, Tana Stone, Anna Hackett, Celia Kyle, Zoey Draven, Suzanne Wright, Celeste King, and Ava Ross.

Origins of Human Innovation and Creativity S. Elias 2012-08-29 Innovation and creativity are two of the key characteristics that distinguish cultural transmission from biological transmission. This book explores a number of questions concerning the nature and timing of the origins of human creativity. What were the driving factors in the development of new technologies? What caused the stasis in stone tool technological innovation in the Early Pleistocene? Were there specific regions and episodes of enhanced technological development, or did it occur at a steady pace where ancestral humans lived? The authors are archaeologists who address these questions, armed with data from ancient artefacts such as shell beads used as jewelry, primitive musical instruments, and sophisticated techniques required to fashion certain kinds of stone into tools. Providing 'state of art' discussions that step back from the usual archaeological publications that focus mainly on individual site discoveries, this book presents the full picture on how and why creativity in Middle to Late Pleistocene archeology/anthropology evolved. Gives a full, original and multidisciplinary perspective on how and why creativity evolved in the Middle to Late Pleistocene Enhances our understanding of the big leaps forward in creativity at certain times Assesses the intellectual creativity of Homo erectus, H. neanderthalensis, and H. sapiens via their artefacts
