The Confessions and Correspondence, Including the Letters to Malesherbes Jean-Jacques Rousseau 2013-05-14 Based on his doctrine of natural goodness, Rousseau intended the Confessions as a testing ground to explore his belief that, as Christopher Kelly writes, "people are to be measured by the depth and nature of their feelings." Re-created here in a meticulously documented new translation based on the definitive Pléiade edition, the work represents Rousseau's attempt to forge connections among his beliefs, his feelings, and his life. More than a "behind-the-scenes look at the private life of a public man," Kelly writes, "the Confessions is at the center of Rousseau's philosophical enterprise."

Those who seek to drag any honest writing through the gutters of their own minds will do the same with this. Those who are not afraid of the strange miracle of life will understand this brave verse.” —William Rose Benét

The Journal Letters and Related Biographical Items of the Reverend Charles Wesley, M.A., Second Edition Prof. Richard P. Heitzenrater 2023-01-17 Charles Wesley's Journal is crucial to an understanding of the beginnings of the Wesleyan/Methodist movement. As a primary record of one of the founders of the Wesleyan/Methodist movement, Charles Wesley's Journal is crucial to an understanding of the beginnings of that movement. It is an indispensable interpretive companion to John Wesley's Journal, diaries, and letters. Since it provides essential background to the context of Charles Wesley's lyrical theology expressed in sacred poetry, it is likewise essential for anyone who wants to understand the context out of which Wesleyan theology, worship, spirituality, hymnody, and conferencing emerged. For a church or movement which avers that "it sings its theology," Charles Wesley's Journal is an imperative. This volume is part of a series dedicated to providing a complete and accurate published collection of Charles Wesley's manuscript items beyond his sermons and verse. The various items in the series constitute crucial primary texts for studying Wesley's life, his ministry, and his increasingly contentious position within Methodism in his later years. The first two volumes of the series were devoted to Charles Wesley's Manuscript Journal, a single-bound item held at the Methodist Archives and Research Centre. The present volume gathers a number of scattered items (the majority also held at MARC), many of which are earlier—and more

complete—drafts of material in the Manuscript Journal. The third major component of the series is the publication of all of Charles Wesley’s surviving personal correspondence, which is replete with material of biographical and larger historical interest. This second edition adds journal letters and records from December 1716–January 1717 (Accounts of “Old Jeffrey”) and May 12–June 14, 1746. Praise for the First Edition “It’s a great day in the life of a student of the Wesleys when we get a fresh volume of material scarcely known to previous generations. So it is with this collection of Charles Wesley’s journal letters from the period 1738–1756 and similar letters up to 1778 that describe his sons’ musical careers and in fact reveal a great deal about his life. This will be relished by all concerned with the heritage of the Wesleys, and we’re especially blessed to have it in a very well annotated critical edition.”—Ted A. Campbell, Professor of Church History, Perkins School of Theology, Southern Methodist University, Dallas, TX “The publication of Charles Wesley’s Journal Letters helps expand our knowledge of his life and ministry and enrich our understanding of the wider evangelical revival. This is an essential text for scholars of early Methodism edited by renowned experts in the field.” —Geordan Hammond, Senior Lecturer in Church History and Wesley Studies and Director of the Manchester Wesley Research Centre, Nazarene Theological College, Manchester, UK

This second and final volume of St. Teresa's correspondence begins with the year 1578, a most troubling time for Teresa. Teresa's life and how she related to the diverse people she had dealings with. A number of everyday particulars that compilers and editors of those times considered unimportant are today prized. Her worries, her troubles and triumphs, her expressions of sadness and joy, are all present here. With a compelling spontaneity, these letters disclose a Teresa in a complex variety of circumstances. The extraordinary gifts of grace bestowed by God on this Spanish Madre fortified her for a demanding ministry of service which entailed heavy responsibilities and that drew her contemplative soul into a whirl of activities. Because of the limited means of travel and communication in the sixteenth century, the organization of a reform like hers, with its unavoidable business matters, had to be dealt with chiefly through correspondence, a chafing duty that became one of Teresa's greatest trials. She often repeated that letter-writing was her biggest burden, a wearisome task that cost her more than all the miserable roads and bad weather experienced on her journeys through Spain. With its endnotes, biographical sketches, and above all, fresh translation, this second volume of Teresa's Collected Letters opens again another door into the fascinating world of this saint, one of the greatest women history has known.

She's in your ears, in your hearts, and down your pants...wait, that didn't sound as good as it did in my head. Well, you get the picture, don'tcha know!
