How to Be a Sexual God (in Three Easy Lessons!) - Dusty White 2008-12-18

This book is no longer for sale. I am removing it from the market now, and that should reflect on all channels by January 1st 2014. This book is too dangerous in the wrong hands. I have sold several thousand

print copies in an extremely short time and that is enough. I wrote this book 20 years ago. I was someone else back then. Thanks to everyone who bought this book and used it, but this book is no longer to be shared with the public. All digital editions have been removed and will not be available. I had fun writing it and selling it all through the 90's. But that was a long time ago. It is time to put this to bed and write on different subjects. This short course will make you socially adept in dealing with women for the rest of your life, and instruct you in the subtle arts of mastering great relationships. Two books are condensed into one comprehensive volume. The first provides a brutally honest, detailed analysis of every woman you will ever

date: her strengths, weaknesses, her desires, and her most closely-guarded secrets - including how to spot her in a crowd, how to seduce her, and how to be rid of her if and when you no longer desire her company. The second book explores highly advanced concepts of manipulation and seduction utilized by the world's greatest pick-up artists and marketing masters. This text is presented to you without judgment, in such a way as to challenge everything you believe, so that you may examine your own mind, and break free from the manipulation of the women you desire most. The context is laid out using Astrology as a guidepost to shorten the learning curve, and help you get results fast.

Astrology for Real Relationships - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, Astrology for Real Relationships includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including: • Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself? • Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner? • Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

SignMates - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

You will be amazed to see how we can touch hearts, build relationships and connect with people when we speak to them about them!

Influential Women - Wendy Virgo 2012-10-10

Wendy offers studies of key women in the New Testament as a starting point for a series of reflections on women's roles in the church today. Some of these women were saints, full of good works; some were frankly poisonous and did considerable harm. From her long experience within Newfrontiers, Wendy offers a good deal of shrewd advice and writes candidly about her own struggles to fit into church structures. Women can be powerful in a church and can be influential in changing it from a sick community to a healthy one. They can be a tremendous asset or a huge liability. They can influence the whole ambience of a church... The pages of the New Testament contain a surprising number of references to women to whom we can relate as we seek to build good healthy churches in the twenty first century."

Vincent Sylvan has created a formula using astrological influences as a guidepost for finding ones soul mate. This formula gives the readers action steps on how to narrow their search along the way, to identify this mystical person that Vincent believes we all have. These are methods the author has tested and applied himself on his own quest in finding his soul mate. After many years of research, his first marriage for seventeen years, not being able to succeed, he experienced divorce and failure. This triggered him to find the answers more than ever before, and past the prime of his life, Sylvan had an awakening and developed the formula to find his other half of his soul, the only person who can inspire him to be a better person and

take him to greater heights than he could have ever dreamt of by himself or with any other woman. Putting into practice the secret to his revelation, he finds her on the Internet, the hardest place to find his soul mate, to put his formula to the test. The results surpassed his expectations. Vincent realized once more the importance for everyone to find their soul mate, to live a life of wonders. That is why he created this book. To Have, to Hold, and to Never Let Go - Cattina C. Coleman 2012-12-28

I am a woman of many attributes and as impressive as my background is I too find it hard to juggle a relationship, family, friends, and my career. With a two year old son, a new found relationship with a handsome young man who is just a year younger than me but so much wisdom he could teach a teacher; still pursuing my Doctorate Degree in Business, and building a company from the ground up; has definitely put my life in the fast lane. The inspiration to my book was having seen male friends of mine who are battling their own love lives and or the family. I wanted to create a book to help guide them in a path where they too can understand where we women are coming from when we ask them a million and one questions about relationships and family. So in my book *To Have, To Hold, and To Never Let Go*, I am letting men know the inner thoughts and acts of women and show how we are not that much different from you guys in the sense of commitment. The same thoughts you men have us women have too; we just go about them a little differently. So in this book allow these chapters to guide you men on how *To Have a Woman, Hold a Woman, and To Never Let Her Go*.
