Chased by the Bear (Paranormal Shapeshifter Romance) - Celia Kyle 2017-11-11

What happens when a half-blind weremole girl falls for a scarred werebear guy? A match made in furry, dirt-caked heaven. Mostly. Weremole Kira Kolanowski has spent twenty-nine-ish years of her life half-blind and occasionally half-dead. (Her family isn't exactly loving.) In an effort to remain fully alive, she moves to Grayslake, Georgia, with her poor excuse for a guide dog—a guide dog who decides to lift his leg and relieve himself on sexy-smelling werebear Isaac Abrams' belongings. And when he roars...well, it makes her heart go pitter-patter and other parts go "ooh baby, ooh baby." Just when she thinks she might have found happiness, a raving she-bitch werebear chick tries to kill her with the same poison that scarred Isaac to hell and back. The poison that Kira's family happens to manufacture... Isaac Abrams is leaving Grayslake. He's tried, lord how he's tried, to settle into life in Grayslake after the birth of his

niece, but it's not happening. He's been home for a year, and it's been 365 plus days of women looking past him and flat-out pretending he doesn't exist. The battle with the hyenas didn't just ruin his face, it ruined his chances at finding a mate in his hometown. So, he's leaving. Or he was leaving until one day a lush, curvaceous weremole wanders into his half-packed house with that damned peeing dog of hers...it's a good thing she's so gorgeous. Maybe he will stay—stay and keep Kira Kolanowski all to himself. Well, once he kills everyone who's trying to kill her.

We're Going on a Bear Hunt Book and Toy Gift Set - Michael Rosen 2022-10-11

An adorable new bear joins the classic read-aloud for an adventure that little bear hunters will love. A great gift! Imagine the fun of going on a bear hunt—through tall, wavy grass (SWISHY SWASHY!), swampy mud (SQUELCH SQUELCH!), and a swirling, whirling snowstorm (HOOOO WOOOO!)—only to find an irresistible plush bear waiting at the end of the trail! For brave explorers and bear lovers, the classic chant-aloud by Michael Rosen and Helen Oxenbury is accompanied by a cuddly toy bear just waiting to be found. This reissue of the

beloved book-and-toy gift set features a paperback edition and a newly designed bear in a gift box made with 80 percent less plastic material, certain to suit environmentally conscious fans.

Chasing the Ghost Bear - Mike Stark 2022-04

No animal shakes the human consciousness quite like a bear, and few compare to the giant short-faced bears that stalked North America during the Pleistocene. Even among the mammoths and saber-toothed cats, they were a staggering sight: on all fours, the biggest would stare a six-foot person in the face and weigh close to a ton. On hind legs they towered more than ten feet, with jaws powerful enough to crush skulls and snap bones like twigs. The bears weren't invincible, however. Despite their size, they were swept off the planet in a mysterious wave of Ice Age extinctions more than ten thousand years ago, then mostly

forgotten. Chasing the Ghost Bear is Mike Stark's journey into the bear's enigmatic story—its life, disappearance, and rediscovery—and those trying to piece it together today. An engaging guide through his intrepid search, Stark's story leads us from the La Brea Tar Pits in Los Angeles to a cornfield in Indiana, the far ends of the Arctic, the plains of Texas, and the swamps of Florida. Part natural history, part travelogue, and part meditation on extinction and loss, Chasing the Ghost Bear returns these magnificent beasts to their rightful place in our understanding of the world just an epoch past.

Night of the Grizzlies - Jack Olsen 1969

For more than half a century, grizzly bears roamed free in the national parks without causing a human fatality. Then in 1967, on a single August night, two campers were fatally

mauled by enraged bears -- thus signaling the beginning of the end for America's greatest remaining land carnivore. Night of the Grizzlies, Olsen's brilliant account of another sad chapter in America's vanishing frontier, traces the causes of that tragic night: the rangers' careless disregard of established safety precautions and persistent warnings by seasoned campers that some of the bears were acting "funny"; the comforting belief that the great bears were not really dangerous -- would attack only when provoked. The popular sport that summer was to lure the bears with spotlights and leftover scraps -- in hopes of providing the tourists with a show, a close look at the great "teddy bears." Everyone came, some of the younger campers even making bold enough to sleep right in the path of the grizzlies' known route of arrival. This modern "bearbaiting" could have but one tragic result...

The Woman Who Married the Bear - Barbara Alice Mann 2023-11-08

Stories of the primordial woman who married a

bear, appear in matriarchal traditions across the global North from Indigenous North America and Scandinavia to Russia and Korea. In *The Woman Who Married the Bear*, authors Barbara Alice Mann, a scholar of Indigenous American culture, and Kaarina Kailo, who specializes in the cultures of Northern Europe, join forces to examine these Woman-Bear stories, their common elements, and their meanings in the context of matriarchal culture. The authors reach back 35,000 years to tease out different threads of Indigenous Woman-Bear traditions, using the lens of bear spirituality to uncover the ancient matriarchies found in rock art, caves, ceremonies, rituals, and traditions. Across cultures, in the earliest known traditions, women and bears are shown to collaborate through star configurations and winter cave-dwelling, symbolized by the spring awakening from hibernation followed by the birth of "cubs." By the Bronze Age, however, the story of the Woman-Bear marriage had changed: it had

become a hunting tale, refocused on the male hunter. Throughout the book, Mann and Kailo offer interpretations of this earliest known Bear religion in both its original and its later forms. Together, they uncover the maternal cultural symbolism behind the bear marriage and the Original Instructions given by Bear to Woman on sustainable ecology and lifeways free of patriarchy and social stratification.

Guardian Bears: Lucas - Leslie Chase
2016-05-30

Fate brought her to him ... now it's put her in the crosshairs. His job is to guard her ... not claim her. Bear shifter Lucas Barns, one of the partners in the Guardian Bears Agency, is frustrated that the woman he's protecting won't tell him what she's running from. What did Emily Shaw witness? Even worse than her keeping him in the dark is the fact that the curvy blonde is his fated mate. Getting involved with a client would be completely unprofessional ... but that doesn't stop both man and bear from roaring to make

her their own. He's her only safety ... and her greatest temptation. Emily can't tell Lucas what she saw -- he'll think she's crazy. But she's determined to stay alive, and she trusts him to protect her while she figures out what to do. Her ex-Special Forces bodyguard is a giant of a man, often angry and clearly dangerous. He should terrify her. Instead, she wants to wrap herself around his muscled heat and never let go. Now time is running out for both of them ... When Emily is attacked, both she and Lucas must reveal their secrets. After a deal to ensure her safety ends in a double-cross, Lucas needs all his strength and skill to keep his mate safe. Can he rescue Emily in time? Or will Lucas and the woman who's become his heartbeat lose their chance at a lifetime together? **Guardian Bears: Lucas** is a steamy standalone, full-length bear shifter romance with a HEA, no cheating, and no cliffhangers.

sealed her fate. There is only so much rejection a woman can take. Taryn has lost patience with her brother's best friend. He said he would claim her. Then grief made him ask for more time. She gave him time. And more time. When the cur falls for another female in the pack, Taryn isn't heartbroken... She is furious! Livid enough to seek out the rugged bear shifter who has been skulking around Wolf Hollow's borders. He was duped once before. Brutus isn't letting the next female get away so easily. The wizards stole his ancestors' mountain community then tricked him out of a mate. He and his brothers are going to make the Wolf Hollow shifters sorry for the role they played. When a spirited she-wolf throws herself, literally, into his arms, Brutus is forced to choose between the feisty beauty he wishes to claim and his duty to avenge his family against the wizards and wolves. Can a wolf and a bear become true mates?

Chasing His Polar Bear - Golden Angel

Once upon a time, when she was betrothed and in love, Sheila Slater believed in soul mates, fairy tales, and happy endings. Now, one big heartbreak later, she's a self-rescuing princess, kick butt fighter, and undercover extraordinaire. But to save the shifter world from the evil designs of Aiden Mansfield, she'll be forced to reunite with her ex-fiance: Aiden's twin brother, Eli. And when Sheila appears in Eli's office, as stunning as ever and with all of the information needed to take down Aiden, Eli can barely control himself. She's gorgeous, determined, and deadly. Her very presence tempts his bear, and he can't stop thinking about indulging in a bite of her. What happens when these two put aside their past for the benefit of everyone's future? This novella is part of the Big Bad Bunnies Series but may be enjoyed as a standalone. The timeline of Sheila & Eli's story runs concurrently with Chasing His Honey Badger. Big Bad Bunnies Series 1. Sleeping Bear - Connor Sullivan 2022-06-28
"After her young husband's untimely death, Army veteran Cassie Gale decides to take a few days of solitude in the Alaska wilderness before she starts her new job. But when she fails to show up on her first day and her dog is discovered injured at her wrecked campsite, her father knows that this is much more than a camping trip gone awry. As it turns out, Cassie's not the first person to disappear without a trace in Alaska's northern interior. Bears. Wolves. Avalanches. Frostbite. Starvation. There are many ways to die in here. But not all disappearances can be explained. Cassie's is one of them, along with a number of other outdoor enthusiasts who have vanished in recent years. Regaining consciousness in a Russian prison, Cassie finds herself trapped in a system designed to ensure that no one ever escapes

alive. It will require all her grit and skills to survive. Meanwhile, her father rushes to outrun the clock, scouring thousands of acres, only to realize she's been taken by a far more nefarious adversary-one with the power of the Eastern Bloc behind it. Ties to his past life, one full of secrets, threaten to surface. He knows there's a price to be paid, but he's determined it won't be his daughter"--

confront the tenuous distinction between animal and human. *In the Eye of the Wild* begins with an account of the French anthropologist Nastassja Martin's near fatal run-in with a Kamchatka bear in the mountains of Siberia. Martin's professional interest is animism; she addresses philosophical questions about the relation of humankind to nature, and in her work she seeks to partake as fully as she can in the lives of the indigenous peoples she studies. Her violent encounter with the bear, however, brings her face-to-face with something entirely beyond her ken—the untamed, the nonhuman, the animal, the wild. In the course of that encounter something in the balance of her world shifts. A change takes place that she must somehow

reckon with. Left severely mutilated, dazed with pain, Martin undergoes multiple operations in a provincial Russian hospital, while also being grilled by the secret police. Back in France, she finds herself back on the operating table, a source of new trauma. She realizes that the only thing for her to do is to return to Kamchatka. She must discover what it means to have become, as the Even people call it, *medka*, a person who is half human, half bear. *In the Eye of the Wild* is a fascinating, mind-altering book about terror, pain, endurance, and self-transformation, comparable in its intensity of perception and originality of style to J. A. Baker's classic *The Peregrine*. Here Nastassja Martin takes us to the farthest limits of human being.
