**A Hunter-Gatherer's Guide to the 21st Century** - Heather Heying 2021-09-14

A bold, provocative history of our species finds the roots of civilization's success and failure in our evolutionary biology. We are living through the most prosperous age in all of human history, yet people are more listless, divided and miserable than ever. Wealth and comfort are unparalleled, and yet our political landscape grows ever more toxic, and rates of suicide, loneliness, and chronic illness continue to skyrocket. How do we explain the gap between these two truths? What's more, what can we do to close it? For evolutionary biologists Heather Heying and Bret Weinstein, the cause of our woes is clear: the modern world is out of sync with our ancient brains and bodies. We evolved to live in clans, but today most people don't even know their neighbors' names. Traditional gender roles once served a necessary evolutionary purpose, but today we dismiss them as regressive. The cognitive dissonance spawned by trying to live in a society we're not built for is killing us. In this book, Heying and Weinstein cut through the politically fraught discourse surrounding issues like sex, gender, diet, parenting, sleep, education, and more to outline a provocative, science-based worldview that will empower you to live a better, wiser life. They distill more than 20 years of research and first-hand accounts from the most biodiverse ecosystems on Earth into straight forward principles and guidance for confronting our culture of hyper-novelty.

**A Cuban Girl's Guide to Tea and Tomorrow** - Laura Taylor Namey 2020-11-10

A Reese Witherspoon x Hello Sunshine Book Club YA Pick "A Cuban Girl's Guide to Tea and Tomorrow is an absolute delight. Cozier than a hand-knit gray cardigan and richer than Abuela's pastelito recipe, Namey takes you from Miami to Winchester, and leaves your heart belonging to both." —Rachael Lippincott, #1 New York Times bestselling author of Five Feet Apart Love & Gelato meets Don't Date Rosa Santos in this charming, heartfelt story following a Miami girl who unexpectedly finds love—and herself—in a small English town. For Lila Reyes, a summer in England was never part of the plan. The plan was 1) take over her abuela's role as head baker at their panadería, 2) move in with her best friend after graduation, and 3) live happily ever after with her boyfriend. But then the Trifecta happened, and everything—including Lila herself—fell apart. Worried about Lila's mental health, her parents make a new plan for her: Spend three months with family friends in Winchester, England, to relax and reset. But with the lack of sun, a grumpy inn cook, and a small town lacking Miami flavor (both in food and otherwise), what would be a dream trip for some feels more like a nightmare to Lila...until she meets Orion Maxwell. A teashop clerk with troubles of his own, Orion is determined to help Lila out of her funk, and appoints himself as her personal tour guide. From Winchester's drama-filled music scene to the sweeping English countryside, it isn't long before Lila is not only charmed by Orion, but England itself. Soon a new future is beginning to form in Lila's mind—one that would mean leaving everything she ever planned behind.

**Speaking Out** - Tara Moss 2016-06-01

An accessible, timely and practical handbook for women on speaking out safely and confidently from no.1 non-fiction bestseller Tara Moss. Worldwide, less than one out of every four people we hear from or about in the media is female, and men outnumber women in parliament by more than three to one. If half of humanity's experiences, perspectives and possible solutions to world problems are under-represented, or entirely unheard, all of us lose out. Tara Moss has spent 20 years in the public sphere and has had to face down nerves, critics and backlash to emerge as a leader in speaking out. In this handbook she offers advice on preparation, speaking out and negotiating public spaces. With a special focus on public speaking, writing, social media and online safety, she offers tips on how to research, form arguments, find support and handle criticism. This is a guide for women young and old that not only helps them find their voice, but argues passionately for why it matters. PRAISE FOR SPEAKING OUT 'To say this book is timely is to put it mildly ... It should be mandatory reading for every teenage girl, let alone women in general.' Weekly Times 'This book by Tara Moss is so very important. It has been an eye-opening read for me and it has changed my life. If every young man and every young woman was given a copy of this book it would make so many small changes in individual behaviours that we might just be able to begin to tackle a problem that is often invisible to us' Krissy Kneen, Avid Reader 'Moss provides clear, simple strategies to cope with the often disproportionately aggressive response women receive when they speak out' Jane Gilmore, Guardian Australia 'Written specifically to help women combat the unacceptable challenges they face when telling their stories in public in the age of online trolling. It deconstructs abuse and belittling techniques in an enormously helpful way.' Clare Bowditch 'We think this is a handbook for every woman in the world.' Ramona magazine 'Can't recommend it enough - every girl ought to have a copy!' Virginia Gay, ABC Book Club TV **Dating and Sex** - Andrew P. Smiler 2016-09-05

**The Definitive Guide to having Sex with Women in the 21st Century** - Sam Wilson 2020-06-10

This is not a 'let's hold hands together' book for the red pill community. This is not a MGTOW book asking you to stay away from women. This is not a Pickup book teaching you to manipulate women. This is a book of knowledge and action to get the sex you want from women. This book is for both men and women to understand the interplay between sex, relationships, marriage and money in the 21st century. This is a book born out of a curiosity to understand what are the tipping points under which a woman will have sex with a man consensually out of wedlock. Can there be a repeatable process to apply and get to sex with as less repercussions as possible? Can we take luck out of the equation? The 21st century is turning out to be one of the most difficult times to have enjoyable, guilt free sex, with most inter-gender interactions turning out to be like trying to solve an unbalanced power equation. We live in a time where the outgoing attention span of a woman is diminishing greatly, while the incoming attention has increased exponentially. In this book, you will learn about the three vertices of a Woman - Mind, Heart and Body. The path of least resistance to sex is to operate between the vertices of the mind and body without triggering the heart. You will learn about the four necessary conditions for sex to occur - Presence - You need to be present with her to have sex with her Discretion - Who else will come to know if she has sex with you, and how does that impact her? Attraction - Is she okay with your body being on hers? Logistics - Are you both in a safe location where sex can occur? The book is filled with my real-life experiences with women over a 15-year span. I use these experiences throughout the book in order to support a point I make. And because of such a large time span and sample size, it will cover women of different ages. Hence, it will help you no matter where you are in your sexual journey. So get ready to turn the pages into my past and come out with a whole new understanding of the world of women and sex in particular.
