what women are attracted to, or because they THINK that they do know, but have the wrong ideas and hence waste a lot of time - sometimes their entire life - chasing things they don't need. You know you have to get this book if you believe women want men with money, cars, or anything else that is manmade, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented? The approach you'll learn in The Manual is very different from conventional dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporates men's and women's socialization and explains phenomena's such as why men think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-known phrase which amusingly reveals that women ARE easy but only pretend not to be). This is why the beginning of the book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words. You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family, you should be able to talk to a hot girl without making a fool out of yourself. You are the Man!!!

This is not a book about pick up lines, being taller, using pheromones, positive thinking B.S., or even going to the right places to meet single women. You see, the plain truth is that it is much more fruitful for you, if your work on making

Listen, there are 3 components we will go through in detail in this book, a philosophical, strategic, and behavioral component. You see, women aren't concerned with how good looking you are, or even how much money you make. This is why women date cheaters, criminals, and drug dealers. Look, if you can follow this simple guide to make yourself magnetic to every woman, it doesn't matter how good looking your are, your age, height, weight, ethnicity, race, religion, or creed. If you struggle with dating, welcome to the club. Dating is not in our human DNA. It has only existed in Western culture for a few generations, and in the East - not even there yet. Nevertheless, we live in a world where dating skills are essential for finding companionship, love, and sex. 98% of all men struggle with the most basic aspects of dating. Fears of doing something wrong, looking foolish, getting rejected, or becoming a #MeToo casualty permeate the minds of most men. These fears typically manifest in playing it safe and doing nothing at all, or at best, in clumsy, ineffective attempts at approach. The all too common outcome of repeated failures leaves many men feeling defective and unlovable. For the majority of his life, Dr. Glover was one of these guys. He assumed the good women he wanted just weren't interested in him. When he did get a girlfriend, he typically hung on way too long for fear of having to enter the dating world all over again. But that all changed when he became single in his mid-forties. Dr. Glover decided to approach dating as if it were a scientific experiment. To his surprise, he quickly found that getting women to talk to him, give him their numbers, date him, and have sex with him was nowhere nearly as difficult as he had thought. When women started approaching him, propositioning him for sex, and getting naked on first dates, he often wondered what planet he had landed on. Many of his clients noticed his dating success and begged him to teach them what he was doing. Dating Essentials for Men arose from those requests. Dr. Glover has since taught thousands of men just like you how to interact confidently with women - get numbers, get laid, get amazing girlfriends, and create great relationships. As you practice the

principles presented in Dating Essentials for Men, you will also be working on essential life skills: *Overcoming self-limiting beliefs. *Embracing your masculinity. *Becoming more honest and authentic. *Overcoming shyness and social anxiety. *Letting go of attachment to outcome. *Becoming more conscious and mindful. *Developing confidence. *Overcoming your fear of rejection. *Creating healthy boundaries. Are you ready to expand every area of your life - and find love and sex too? Are you ready to start regularly wondering what planet you've landed on? If so, Dating Essentials for Men is the only dating guide you will ever need. *Tinder* - Todd Leblanc 2015-12-25

girl of your dreams is out there...will you get her?Charm her Pants Off is the ultimate and only guide to getting girls and to understand women once and for all. This is why guys that read it don't read or recommend anything else. Because the few men who "get it" spend the rest of their lives enjoying sexy girls in abundance - and so can you.You can learn to get ANY girl you want, the same way that all men who are naturally good with women have. The only difference is that you may learn it much FASTER, instead of wasting tons of time and money on fruitless dates or a new car/haircut/shirt that you BELIEVE will make you more attractive - but really doesn't.You see; men LACK success with women because they either don't understand what women are attracted to, or because they THINK that they do know, but have the wrong ideas and hence waste a lot of time - sometimes their entire life - chasing things they don't need. You know you have to get this book if you believe women want men with money, cars, or anything else that is man-made, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented?The approach you'll learn in The Manual is very different from conventional dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporate men's and women's socialization and explains phenomena's such as why men think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-known phrase which amusingly reveals that women ARE easy but only pretend not to be).This is why the beginning of the book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words.You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family, you should be able to talk to a hot girl without making a fool out of yourself. Your the man, prove it to her!!!
