Fill These Hearts - Christopher West 2018-06-12

The bestselling author, speaker, and teacher of John Paul II's Theology of the Body explores the yearning we all have for God and each other. *Fill These Hearts* is a book about desire. Not trivial wants or superficial cravings, but the most vital powers of body and soul, sexuality and spirituality, that haunt us and compel us on our search for something. Weaving life-altering lessons together from classical and contemporary art, pop music, movies, and the Christian mystical tradition, popular theologian Christopher West explores the ancient but largely forgotten idea that the restless, erotic yearnings we feel in both our bodies and our spirits reveal the cry of our hearts for God. Along the way, West blows the lid off the idea of Christianity as a repressive, anti-sex religion by demonstrating that Christ came to stretch and inflame our desire for love and union to the point of infinity.

Sex and the Soul, Updated Edition - Donna Freitas 2015

Now, in this updated edition, Freitas reflects on the hundreds of conversations she has had with students since the book was first published in an all-new afterword, and

offers practical advice for young people struggling with issues of sex and spirituality and for the adults giving them guidance.

Sex, Gender, and Christianity - Priscilla Pope-Levison 2012-10-08

Should women be priests? Should women submit to their husbands? Is

premarital sex okay? Inflammatory questions such as these have splintered Christianity and polarized the church. In *Sex, Gender, and Christianity*, a cadre of seasoned college professors offers the modest proposal that honest, fruitful conversations about these questions will take place only if we develop the ability to deal with sex, gender, and the Christian faith with the academic rigor and perspectives of our various disciplines. This volume contributes an unprecedented collection of first-rate articles from a variety of disciplines--from the social sciences to history, from literary criticism to theology--that will challenge college administrators, professors, and students to address fractious questions in an atmosphere of scholarly inquiry.

Sex Au Naturel: What It Is and Why It's Good For Your Marriage by radio host Patrick Coffin is a bracing ride across the landscape of the Catholic sexual ethic. If you're looking for intellectual ammo with which to defend and explain the teaching of *Humanae Vitae*, or if you reject it altogether, you'll agree that Coffin approaches the topic from a wide array of new and persuasive angles. With humor and enthusiasm and a total absence of moralizing you'll learn: Why Paul VI's landmark 1968 encyclical was widely rejected a generation ago and why it's gaining new respectability

now Where exactly the Bible teaches against birth control The differences between contraception and natural family planning (hint: they're more profound than you think) The meaning of the natural law and how it applies to birth control How the dogma of the Blessed Trinity implicitly condemns birth control That every single Protestant denomination rejected birth control until 1930 Why the myth of overpopulation is used against the Church, and how to answer it How faithful adherence to the teaching of *Humanae Vitae* is causally related to marital happiness and longevity Why it's not too late to start over, even if you've been sterilized How to rely on the ever-present grace of God rather than your own strength in faithfully following this challenging, life-giving aspect of Christian discipleship Much, much more!

Theology of the Body Explained - Christopher West 2003

Christopher West teaches the theology of the body and sexual ethics at St John Vianney Theological Seminary in Denver. He is also visiting faculty member of the John Paul II Institute for Studies on Marriage and Family in Melbourne, Australia.

In *The Contraception Deception*, you'll learn where exactly the Bible teaches against birth control, the differences between contraception and natural family planning (hint: they're more profound than you think), why other reproductive technologies fall short of God's vision for marriage and family, and—most importantly—how to rely on the ever-present grace of God rather than your own strength in faithfully following this challenging, life-giving aspect of Christian discipleship.

The Moral Wisdom of the Catholic Church - Robert Spitzer

2022-11-01

Jesus said, "The truth will set you free." Father Spitzer lays bare the theological and philosophical roots of Catholic morality, and also uses secular statistical studies to demonstrate that these teachings, even from a scientific standpoint, help human beings to flourish. Gathering data from universities, general psychiatry, medical institutes, and general survey organizations such as Pew Research, Gallup Research, and Harris Poll, this book shows that going against foundational Christian doctrines, from marriage to the sanctity of unborn life, leads to significant increases in depression, anxiety, substance abuse, familial tensions, suicidal contemplation. The numbers speak for themselves. Many people today, particularly the young, are embarrassed by the Church's moral teaching. For them, it is only an outdated expression of hatred or disgust. Yet nothing could be further from the truth. Sin is what degrades man and kills his joy, and a moral life is a life of love. If we tell the truth about destructive lifestyles, we can rescue our loved ones from a life of darkness, helping to bring about a shift in our culture. With scientific clarity, this work provides readers everything they need to know to speak credibly, effectively, and persuasively about the most controversial moral issues.
