The Mamba Mentality: How I Play is Kobe Bryant's personal perspective of his life and career on the basketball court and his exceptional, insightful style of playing the game—a fitting legacy from the late Los Angeles Laker superstar. In the wake of his retirement from professional basketball, Kobe “The Black Mamba” Bryant decided to share his vast knowledge and understanding of the game to take readers on an unprecedented journey to the core of the legendary “Mamba mentality.” Citing an obligation and an opportunity to teach young players, hardcore fans, and devoted students of the game how to play it “the right way,” The Mamba Mentality takes us inside the mind of one of the most intelligent, analytical, and creative basketball players ever. In his own words, Bryant reveals his famously detailed approach and the steps he took to prepare mentally and physically to not just succeed at the game, but to excel. Readers will learn how Bryant studied an opponent, how he channeled his passion for the game, how he played through injuries. They’ll also get fascinating granular detail as he breaks down specific plays and match-ups from throughout his career. Bryant’s detailed accounts are paired with stunning photographs by the Hall of Fame photographer Andrew D. Bernstein. Bernstein, long the Lakers and NBA official photographer, captured Bryant’s very first NBA photo in 1996 and his last in 2016—and hundreds of thousands in between, the record of a unique, twenty-year relationship between one athlete and one photographer. The combination of Bryant’s narrative and Bernstein’s photos make The Mamba Mentality an unprecedented look behind the curtain at the career of one of the world’s most celebrated and fascinating athletes.

How to Tell If Someone Truly Loves You - Femi Ogunjinmi 2020-03-25

Statistics show that about nine-in-ten Americans cited love as a very important reason to get married. Whether you are single, dating or in a relationship, the thought of if someone truly loves you or you are in love comes to mind. We all want to fall in love and get married to someone who feels the same way we feel about them. However, people find it hard to say those three big words (I Love You) we want to hear. The reason for their hesitation varies. They are afraid to be perceived as moving too fast if it's a relatively new relationship, so they don't want to push you away. It could be because they don't want to come off too strong if they cannot tell that you have similar feelings. And some people hold off saying it because they feel like the other person should say it first. Regardless if they are professing their love or hiding it, this book will reveal the signs that convey someone truly loves you and if what you are feeling also is true love. Dr. Femi "Gfem" Ogunjinmi is a global relationship new rule expert, TV host of Dr. Femi Show, United Nation Representative, and author of Revelations of Relationship: What You Don't Know About Finding True Love and Sustaining Relationship. Bi-Polar Poetry - Travis Williams 2013

The book *Bipolar Poetry : Erasing My Demons* is a collection of a struggling young man's thoughts captured in intense rhymes. The words that the author found at both the highest and lowest points of his mental illness truly bring to light the inconsistent, ever changing realities that define the bipolar mind. The writer entangles the feelings of loss, love, faith, anger and doubt together in such a way that leaves you questioning good and evil, and the true clarity of either. Throughout the book the poems and prayers

outline the writer's journey into the dark searching for light. Bipolar, or Manic Depressant, young adults are diagnosed more and more in the 21st century, and some extreme accounts of this irrational behavior have even resulted in violent disasters plaguing local and national television. Although the author of this book has never really violently hurt anyone, his rhymes emphasize some of the irrational thoughts that in some less fortunate cases to often result in these sometimes deadly tragedies. The author expressed the reasoning behind this book was to help people better comprehend the inconsistent thought patterns, and inner battles that so many with a mental illness face day in a day out. He also stated that even at his lowest he could never comprehend how some could use mental illness to excuse rape or murder, and he praised God he couldn't.
