**No Longer and Not Yet** Joanna Clapps Herman 2014-03-01 Stories of small-town life on the Upper West Side of Manhattan. The stories in No Longer and Not Yet look at the ways our lives are lived in the split seconds between what is no longer but is still not yet. Most take place on Manhattan's iconic Upper West Side, in the shops, hallways, and parks that reveal this well-known "big city" neighborhood for the tiny, even backwater village it more often resembles. An Upper West Sider herself, Joanna Clapps Herman draws her characters honestly yet tenderly, revealing them as much through how they move—the slope of a shoulder, a vocal inflection, the weight of a football—as by what they do, as though their bodies speak the truths they can't express. Here, Hannah Arendt's ghost haunts the building where she once lived, a hawk carries the apparition of a lost loved one, a homeless woman becomes Demeter. Small moments and intimacies of life weave together to form a bigger picture: the squeak of the hotel bed, a leaf on a saucer, the quality of light in the therapist's office, the doorman's familiar jokes, the open cupboards, the unspoken words. These stories show that, although we may think of ourselves in larger mythic narratives, our days are set in the terrain that is the opposite of the vast. Time and the city are the subjects of these beautifully connected stories: children are born and become themselves, marriages take shape, a handsome doorman opens the lobby door, snow falls on a man who lives in a box outside. Like Tolstoy, the writing is both exquisite and transparent, and everything is bathed in feeling and light and intelligence. Myra Goldberg, author of Whistling and Other Stories and Rosalind: A Family Romance No Longer and Not Yet is a moving and funny collection of stories. Translation always reveals the weaknesses in a text. Joanna's writing doesn't have those weaknesses. She is a very accomplished writer. Lazare Bitoun, translator of American writers into French, including Grace Paley and Janet Malcolm Joanna Clapps Herman is both Saint and Bard of the Upper West Side. She illuminates the human spirit pulsing through its vibrant buildings, portraying neighbors linked by history and geography, by shared love and loss. On Riverside Drive, the imposing ghost of Hannah Arendt, a former inhabitant, is as strong a presence as a small boy who covets a corner of the elevator after his sister is born. Herman discovers the human connections that warm the asphalt and brick of New York, delivering benediction along with a healthy dose of humor. Pam Katz, screenwriter of Hannah Arendt

**Louisiana Coffee ... with Lots of Cream** Betty J. Reynolds 2007-09-04 Louisiana Coffeewith lots of cream is Dr. Betty Reynolds fifth book to be

published. Not surprisingly, this book is not about coffee, nor is it about cream. Instead, it is a delightful medley of intriguing tales covering four generations of a New Orleans Creole family. Since Creole usually denotes a mixing of bloods, the color of their skin can be as varied as the color of ones coffee ranging from dark, dark chocolate to the lightest of rich cream. This fictional memoir appropriately starts a hundred years ago in New Orleans the home of the family matriarch, Bertha Mayberry. Bertha's story is a mysterious one that she preferred to be kept locked among other family secrets. She was particularly sensitive about having to reveal her misfortune of being trapped in a bordello when she first arrived in New Orleans as a young girl. Her romantic rescue ended in tragedy, but she did transcend in the end and married a popular Black jazz musician named William Sweetwater Lewis. Together they gained respectability by working hard and providing their five daughters with a good education, a passion for music, and a young life filled with parties and gala events in a city that was known for them. Bertha's children as well as her children's children follow their own paths in choosing where and how they will live out their lives. Their accounts of triumphs and mishaps take you on a fascinating journey to experience the mysteries of black magic in the Louisiana swamps, a numbers racket in Detroit and the casinos in Las Vegas when the mob was in control. Some leave the safety of their ancestral home on Bourbon Street to carve out new lives in other far-away places such as the Jersey Shores, Philadelphia, or New York. Whatever their destination, each member of the Lewis clan brings to the saga an interesting storyline that shares his/her unique motivations, desires and actions that sometimes lead to less than favorable consequences. Louisiana Coffees meant to inform, rather than to alarm. It is a tell-all fiction that might open some eyes as what goes on in a different world on the other side of the cultural divide.

This personal relationship with God became so intense that she experienced Him in ways she never dreamed were possible. Rebecca's journey began when she became convinced God used a man she named Adam to awaken her passion to be a married lady again. When Rebecca shared every little detail of her life with God, she felt certain God orchestrated the funniest situations to give her confidence as she traveled into unknown territory. She insisted God was being playful with her and wanted her to relax and trust that He was the one that was in control. Those times Rebecca experienced doubt, God did some remarkable things to prove He was with her. As a result she developed a boldness to do what she believed God was asking of her. God always confirmed the decisions she made were the stepping-stones leading to her destiny. She learned God was pleased by her faith that she entrusted to Him alone. God demonstrated two-way communication with Him was not only possible but was necessary in order to turn her dreams into reality. This two-way conversation brought her relationship with God to a deeper level. She knew He had prepared the way that would lead her to her future husband. Rebecca claims God is still in the match making business and is the best dating coach any person could ask for because Father knows best. [The Mother's Legacy in Early Modern England](#) Ms Jennifer Heller 2013-05-28 Using printed and manuscript texts composed between 1575 and 1672, Jennifer Heller defines the genre of the mother's legacy as a distinct branch of the advice tradition in early modern England that takes the form of a dying mother's pious counsel to her children. Reading these texts in light of specific cultural contexts, social trends, and historical events, Heller explores how legacy writers used the genre to secure personal and family status, to shape their children's beliefs and behaviors, and to intervene in the period's tumultuous religious and political debates. The author's attention to the fine details of the period's religious and political swings, drawn from sources such as royal proclamations, sermons, and first-hand accounts of book-burnings, creates a fuller context for her analysis of the legacies. Similarly, Heller explains the appeal of the genre by connecting it to social factors including mortality rates and inheritance practices. Analyses of related genres, such as conduct books and fathers' legacies, highlight the unique features and functions of mothers' legacies. Heller also attends to the personal side of the genre, demonstrating that a writer's education, marriages, children, and turns of fortune affect her work within the genre. **How to Do Nothing** Jenny Odell 2019-04-23 \*\* A New York Times Bestseller \*\* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library "A

complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto."—Jonah Engel Bromwich, *The New York Times Book Review* One of President Barack Obama's "Favorite Books of 2019" Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

*To the Lighthouse* (□□□) Virginia Woolf 2011-09-15 *To the Lighthouse* (5 May 1927) is a novel by Virginia Woolf. A landmark novel of high modernism, the text, centering on the Ramsay family and their visits to the Isle of Skye in Scotland between 1910 and 1920, skillfully manipulates temporality and psychological exploration. *To the Lighthouse* follows and extends the tradition of modernist novelists like Marcel Proust and James Joyce, where the plot is secondary to philosophical introspection, and the prose can be winding and hard to follow. The novel includes little dialogue and almost no action; most of it is written as thoughts and observations. The novel recalls the power of childhood emotions and highlights the impermanence of adult relationships. One of the book's several themes is the ubiquity of transience.
