Would He Be a Good Father? - The 10 Hidden Qualities Women Want in a Man Jack Ruger 2019-07-11 Have you ever felt like you hit it off with a woman but she just ended up ghosting you? It's frustrating. It's humiliating. It hurts. You probably didn't see it coming, but what makes women do this? The truth is you most likely didn't have what she was looking for. I'll explain. Let me preface this by saying, dating is a numbers game. Generally speaking, men approach many women and women are approached by many men. The more people you date, the higher the chances are of you finding the right person. That being said, due to advancements in technology, women have more options available to them today than ever before and dating has become extremely competitive for men. Women are also naturally hyper-intuitive. In a study of 90,000 people that were shown different photographs of people's faces, women drastically outperformed men when it came to reading subtle expressions. The combination of unlimited options available to women and their hyper-intuitive nature means women have the ability to pick and choose around, searching for the highest value man they can get. It seems unfair, but that's the reality of modern dating. What does that mean for you? It means you need to prove that you have what it takes to be a good partner. Having a deep understanding of what women value in a partner will give you a HUGE advantage over other guys. What do you think of when asked, "what do women find attractive?" Looks, humor, intelligence, commonality? Yes, all of these things do matter, BUT they are only the surface level. What most men don't realize is that the deciding qualities that will make a high-value woman want to be with you are below the surface. "Would he be a good father?" will help you discover the qualities women look for to separate high-value men from low-value men. Here are the 10 hidden qualities covered in "Would he be a good father?" The simplest quality that instantly shapes her desire to give you her time. One of the most overlooked qualities guys end up paying for when she moves on. The quality that will tell her you're a good guy worth investing in The quality she'll notice whether you have or not almost immediately. The quality that inexperienced men lack, repelling women twice as fast. The quality that clearly tells women you're not a loser The little known but highly essential quality needed for any successful relationship The necessary quality women desire for a deep and long-lasting connection The quality that tells her whether she's starting a new relationship or adopting a son Arguably the most important quality you need to possess to be the man she's always dreamt of No, you don't have to change who you are to apply these qualities to yourself. No, you don't have to amazing social skills to make this book work for you. All that is required is an open mind and a desire to live up to your true potential. Because this used to be my life's story... It's funny when I think back to just a few months ago. I remember having no idea, no clue what so ever about what I was doing when trying to meet women. I was truly clueless, and like most men I had no idea why I was constantly getting rejected. But instead of giving up, which was not even an option, I started to learn. I started reading everything on the subject of dating and attracting women I could get my hands on. And how you can be that "bad boy" without actually being bad. - Why catering to her every need from the moment you meet her will absolutely kill your chances of being anything more than her "talking friend". - Why compliments will not always get you past the pick up line, and how to really get a woman's attention when approaching her. - Why what you think girls want and what you have always been told girls want (even by other women) is one of the biggest reasons most men's chances of sweeping a beautiful woman of her feet are next to nothing. - The 7 or so things a woman is really looking for when she meet a man. This is exactly what 95% of men out there are missing when they are trying to pick up girls. - The 14 essential rules you should always follow when dating. have good friends. You have a good job. You're successful. And most importantly... You don't want a relationship just for the sake of having one. As a modern woman, you need a relationship for more than just the ability to get a credit card. You need a strong man who knows how to take the lead. To have someone take care of you rather than you always taking care of everyone else. But finding a man isn't really a problem for you. There are a lot of men who want to date you. Lots of messages from men on Tinder or Match.com. Weird men talking to you at the bar or hitting on you at the gym. They're everywhere! The problem isn't that you have trouble finding somebody... It's.. That you're having trouble finding somebody good. Somebody who is worth your time. You want a man who is serious. A good communicator. A man who asks you out on a date, arranges the time and place and actually meets you there. And if you can't find him, who cares! You've got a good life going anyway... ..but it would be nice... So what's so hard about finding him? Well.... Swiping on the apps is frustrating and disappointing. It takes up too much time and is emotionally draining. You feel your eyes drooping after reading bad profile after bad profile. Shallow texting conversations take all the humanity and romance out of dating. You've come to expect the last-minute date cancellations and ghosting but when it happens, it still hurts. You've pretty much given up and left your love life to destiny or chance. If this sounds familiar, you'll be happy to know that - I've been in the professional dating scene for years and it has taught me something very interesting. There really is an easier way. A faster way to get out of the dating scene and into a healthy relationship with a high-quality man. The method takes a little work, it's not magic wand, but with a minimal effort, you'll find the man who checks off all your boxes. In my book you will discover: Science based facts that will make online dating easier and more fun Why staying single is the best thing to do for your romantic relationships. How to read a man's personality so you can divorce-proof your future marriage. The final answer to the question: "Am I being too picky?" What compatibility really means and how to know if you have it with your new man The reason you're overthinking and questioning everything when it comes to men The personality traits that have made you successful in life but unsuccessful at dating The one statistic that will give you the motivation you need to keep swiping The science based reason why men ghost you I am not interested in just hooking you up with some man. I never want you to settle. There IS a man out there who checks off all your boxes, but he's a needle in the haystack. And if you're looking for a needle in a haystack, it doesn't hurt to get better at looking. So, if you're satisfied with your current life but think it would be nice to add a good man to the picture, go ahead and hit the "add to cart" button. You won't be disappointed!
