A dictionary of the English and German languages - Josef Leonhard Hilpert 1845

The Biblical "One Flesh" Theology of Marriage as Constituted in Genesis 2:24

- Rene Gehring 2013-08-12
This book provides a thorough study of the sole biblical foundation of marriage as given in the short description of Genesis 2:24: "For this reason a wipfpass

Paul and Empire - Richard A. Horsley 1997-11-01

Over the centuries, Paul has been understood as the prototypical convert from Judaism to Christianity. At the time of Pauls conversion, however, Christianity did not yet exist. Moreover, Paul says nothing to indicate that he was abandoning Judaism or Israel. He, in fact, understood his mission as the fulfillment of the promises to Israel and of Israels own destiny. In brief, Pauls gospel and mission were set over against the Roman Empire, not Judaism.

Reformation Marriage - Michael Parsons 2011-09-15
"" For centuries its critics have argued that the Reformation was all about sex. Beyond the caricature, there is something

significant in the observation. The theological revolution which began in Wittenberg and engulfed so much of early modern Europe was not confined to the cloister of the university; it had an immediate and palpable impact on everyday life. Historians such as Steven Ozment have done much to bring this dimension of the Reformation's impact into full view. Michael Parsons' important study, *Reformation Marriage*, continues this exploration. Aware of appeals made to the teaching of the Reformers by both sides of contemporary debates about gender and relational issues, Dr. Parsons allow us to hear Luther and Calvin for ourselves, locating their comments about family life against the background of medieval teaching on the subject and placing them in the context of each man's wider theological concerns. Here is careful and accessible scholarship that challenges popular misunderstandings about the contribution of the Reformation in this area." --

Mark D. Thompson, Moore Theological College, Sydney, Australia ""In the only book specifically on the subject to date, Michael Parsons investigates the theology of marriage in the writings of Martin Luther and John Calvin, carefully examining a daunting breadth of the Reformers' theological, exegetical, and homiletic works. He concentrates on the role of the wife in the conjugal relationship, but avoids the common polarity between the modern feminist critique of the woman's role in a Christian understanding of marriage and society, and those who simply ignore the gender difference between man and woman. While appreciating the questions raised by the modern liberationist and feminist scholars of the Reformers, Parsons believes they have generally failed to deal with the corpus of the Reformers in a sufficiently nuanced way. On the other hand, unlike some scholars who want to rescue these Reformers from contemporary criticism,

Parsons carefully argues from wide primary evidence that neither Luther nor Calvin envisaged modifying the traditional hierarchal structure of marriage or the subordinationist conjugal relationship between man and woman. He refuses to turn the Reformers into pro-twenty-first-century thinkers, much as we might like them to conform more readily to our own contemporary attitudes. His interpretation therefore injects a much-needed dimension of historical realism into the ongoing scholarly debate on the Reformers' social theology." --Rowan Strong, Murdoch University, Perth, Western Australia Michael Parsons is Commissioning Editor for Paternoster Press and Associate Research Fellow at Spurgeon College, London. Previously, he was Director of Postgraduate Research at Vose Seminary, Perth, Western Australia. He lives with his wife and two children.

Sex, Freedom, and Power in Imperial Germany, 1880-1914 - Edward Ross

Dickinson 2014-02-17

This is a study of debate over sexuality and sexual morality that roiled politics in Germany between 1880 and 1914. All parties involved understood it to be a debate over the most fundamental question of modern political life: how to secure both national power and individual freedom in the context of rapid social and cultural change.

Masculinities in German Culture - Sarah Colvin 2008

Intended to encourage and disseminate lively and open discussion of themes pertinent to German Studies, viewed from all angles (literary, artistic, musical, theoretical) Edinburgh German Yearbook takes particular interest in cultural problems and issues arising out of politics and history. Volume 2 examines the meanings and significance of 'masculinity' in German culture, from medieval mystics to the cultural impact of young male immigrants living in Germany today.

Sex after Fascism - Dagmar Herzog 2007-01-22

What is the relationship between sexual and other kinds of politics? Few societies have posed this puzzle as urgently, or as disturbingly, as Nazi Germany. What exactly were Nazism's sexual politics? Were they repressive for everyone, or were some individuals and groups given sexual license while others were persecuted, tormented, and killed? How do we make sense of the evolution of postwar interpretations of Nazism's sexual politics? What do we make of the fact that scholars from the 1960s to the present have routinely asserted that the Third Reich was "sex-hostile"? In response to these and other questions, *Sex after Fascism* fundamentally reconceives central topics in twentieth-century German history. Among other things, it changes the way we understand the immense popular appeal of the Nazi regime and the nature of antisemitism, the role of Christianity in the consolidation of postfascist conservatism in the West, the countercultural rebellions of

the 1960s-1970s, as well as the negotiations between government and citizenry under East German communism. Beginning with a new interpretation of the Third Reich's sexual politics and ending with the revisions of Germany's past facilitated by communism's collapse, *Sex after Fascism* examines the intimately intertwined histories of capitalism and communism, pleasure and state policies, religious renewal and secularizing trends. A history of sexual attitudes and practices in twentieth-century Germany, investigating such issues as contraception, pornography, and theories of sexual orientation, *Sex after Fascism* also demonstrates how Germans made sexuality a key site for managing the memory and legacies of Nazism and the Holocaust.

Legal Tender - John Griffiths
 Urang 2010

Through close readings of a diverse selection of films and novels from the former GDR, Urang offers an eye-opening account of the ideological

stakes of love stories in East German culture.

Sexual Liberation, Socialist Style - Kateřina Lišková

2018-05-03

Eastern Europe in the Cold War enjoyed its sexual liberation. In Czechoslovakia, this liberation came from above, mediated by experts.

National Library of Medicine Current Catalog -

National Library of Medicine (U.S.) 1971

First multi-year cumulation covers six years: 1965-70.

Mothers, Comrades, and Outcasts in East German Women's Films - Jennifer L. Creech

2016-08-08

Mothers, Comrades, and Outcasts in East German Women's Film merges feminist film theory and cultural history in an investigation of "women's films" that span the last two decades of the former East Germany. Jennifer L. Creech explores the ways in which these films functioned as an alternative public sphere where official ideologies of socialist progress and utopian collectivism could be resisted.

Emerging after the infamous cultural freeze of 1965, these women's films reveal a shift from overt political critique to a covert politics located in the intimate, problem-rich experiences of everyday life under socialism. Through an analysis of films that focus on what were perceived as "women's concerns"—marital problems, motherhood, emancipation, and residual patriarchy—Creech argues that the female protagonist served as a crystallization of socialist contradictions. By framing their politics in terms of women's concerns, these films used women's desire and agency to contest the more general problems of social alienation and collectivism, and to re-imagine the possibilities of self-fulfillment under socialism.

After The History of Sexuality - Scott Spector 2012-07-30

Michel Foucault's seminal *The History of Sexuality* (1976-1984) has since its publication provided a context for the emergence of critical historical studies of sexuality.

This collection reassesses the state of the historiography on sexuality—a field in which the German case has been traditionally central. In many diverse ways, the Foucauldian intervention has governed the formation of questions in the field as well as the assumptions about how some of these questions should be answered. It can be argued, however, that some of these revolutionary insights have ossified into dogmas or truisms within the field. Yet, as these contributions meticulously reveal, those very truisms, when revisited with a fresh eye, can lead to new, unexpected insights into the history of sexuality, necessitating a return to and reinterpretation of Foucault's richly complex work. This volume will be necessary reading for students of historical sexuality as well as for those readers in German history and German studies generally who have an interest in the history of sexuality.

Gender and Sexuality in East German Film - Kyle Frackman

2018

The first scholarly collection in English or German to fully address the treatment of gender and sexuality in the productions of DEFA across genres and in social, political, and cultural context.

Essential 25000 English-German Law Dictionary - Nam H Nguyen 2018-02-05

The Essential 25000 English-German Law Dictionary is a great resource anywhere you go; it is an easy tool that has just the words you want and need! The entire dictionary is an alphabetical list of Law words with definitions. This eBook is an easy-to-understand guide to Law terms for anyone anyways at any time. The content of this eBook is only to be used for informational purposes and an invaluable legal reference for any legal system. It's always a good idea to consult a professional lawyer

or attorney with legal issues. Just remember one thing that learning never stops! Read, Read, Read! And Write, Write, Write! A thank you to my wonderful wife Beth (Griffo) Nguyen and my amazing sons Taylor Nguyen and Ashton Nguyen for all their love and support, without their emotional support and help, none of these educational language eBooks and audios would be possible. The Essential 25000 Deutsch-Englisch-Wörterbuch Law ist eine großartige Ressource, wohin Sie gehen; es ist ein einfaches Werkzeug, das gerade die Worte, die Sie wünschen und brauchen hat! Das gesamte Wörterbuch ist eine alphabetische Liste der Rechts Wörter mit Definitionen. Dieses eBook ist eine einfach zu verstehende Anleitung zu Recht Begriffe für jedermann sowieso jederzeit. Der Inhalt dieses eBook wird nur zu Informationszwecken zur Verfügung und eine unschätzbare gesetzlichen Bezugs jedem Rechtssystem verwendet werden. Es ist

immer eine gute Idee, einen professionellen Rechtsanwalt oder Anwalt mit rechtlichen Fragen zu beraten. Denken Sie daran, eine Sache, dass das Lernen nie aufhört! Lesen, lesen, lesen! Und schreiben, schreiben, schreiben! Ein Dankeschön an meine wundervolle Frau Beth (Griffo) Nguyen und meine Söhne erstaunliche Taylor Nguyen und Nguyen Ashton für ihre Liebe und Unterstützung, ohne die emotionale Unterstützung und Hilfe wäre keines dieser Bildungssprache eBooks und Audios möglich.

Love in the Time of Communism - Josie McLellan
2011-09

This pioneering study explores the surprising extent and limits of the GDR's forgotten sexual revolution.

Genealogies of Identity -
2005-01-01

Genealogies of Identity examines issues of sex and sexuality across a range of critical and cultural perspectives. The volume considers historically specific discourses of sex and sexuality,

their effect within public contexts such as the church and the workplace, and the link of those discourses to understandings of individual identity, citizenship, nation, and human rights. As well, the volume analyses representations of sexuality and desire in art, literature, theatre, and theory - representations that serve both to codify and to subvert social norms and aesthetic and theoretical traditions. Finally and more broadly, the volume attests to the critical importance of inter- and multidisciplinary approaches to understanding constructions of gender, sex, and sexuality. *Genealogies of Identity* consists of fifteen essays, versions of which were presented at the First Global Conference on Critical Issues in Sexuality, held in Salzburg, Austria, in October 2004.

Socialist Modern - Katherine Pence 2008

This book explores the ways in which modernity shaped the relationship between socialist state and society in East

Germany. The reunification of Germany in 1989 may have put an end to the experiment in East German communism, but its historical assessment is far from over. Where most of the literature over the past two decades has been driven by the desire to uncover the relationship between power and resistance, complicity and consent, more recent scholarship has tended to concentrate on the everyday history of East German citizens. experience of life in East Germany, with a particular view toward addressing the question: what did modernity mean for East German state and society? As such, the collection moves beyond the conceptual divide between state-level politics and everyday life so as to bring into sharper focus the specific contours of the GDR's unique experiment in Cold War socialism. What unites all the essays is the question of how the very tensions around socialist modernity shaped the views, memories and actions of East Germans over four

decades. the Cold War, Eastern Europe, the history of communism, European social

history and the history of everyday life, gender history, as well as modernity and socialist popular culture.
