*Helene Cixous* - Susan Sellers 2013-06-10

This book is a clear and accessible introduction to the writings of Helene Cixous, novelist, dramatist and critic, whose work has had a major impact on feminist theory and practice. Susan Sellers, a major scholar on Cixous, provides a lucid account of Cixous's theoretical position, and in particular her distinctive theory of an 'écriture féminine'. She discusses the development of Cixous's literary oeuvre in the context of this theory, and analyses a selection of the works in detail to illustrate the different stages in Cixous's writing career. Focusing on the key novels and plays, Sellers explores a range of issues and themes central to her work; the correlation between the death of Cixous's own father and her 'coming-into-being' as a writer; the psychological process of separation and individuation and the creation of a female authorial self; the discovery of the other and the dramatization of love; the delineation/depiction of an alternative form of relationship between self and other which would have a significance in a wider sphere than that of the merely personal. This much-needed book will be welcomed by students in literature and literary theory, feminism and women's studies, English and French studies and philosophy.

**No love no fear - 1 - Play with me** - Angel Arekin 2017-01-13

Depuis l'enfance Rine, Maël et Yano étaient amis. Quand Maël et Yano réalisent qu'ils sont tous les deux amoureux de Rine, ils font un pacte : ne jamais rien tenter avec elle. Mais ni l'un ni l'autre ne tiennent parole, et une tragédie se charge de mettre fin au trio. Des années plus tard, alors que Rine entre à la fac, elle se trouve confrontée à Yano, qui semble lui vouer une haine sans bornes. Alors qu'elle veut tout faire pour s'affranchir de leur passé, il la met au défi de parvenir à l'oublier. Il l'entraîne dans un jeu étrange pour la ramener à lui et la garder sous son emprise. Mais qui possède vraiment l'autre ?

*The Strong and the Weak* - Paul Tournier 2013-01-07

The notion that there are two kinds of human beings, the strong and the weak, is dispelled in this helpful and balanced study of psychic strength and spiritual strength. We are much more alike than we may think, says Paul Tournier, the renowned Swiss psychotherapist and student of the Bible. What is different is the external mask that hides identical inner weaknesses and fears. All of us are afraid of others, of God, of ourselves, of life, and of death. What distinguishes us from one another is the way we react to our common distress. In vivid case histories from his notebook, Dr. Tournier illustrates the importance of self understanding in the advancement of healing in Christian freedom. He turns to the Bible to show that the Christian message of sin and grace helps us to accept ourselves realistically in the confidence that God has already accepted us in Jesus Christ. It is through the power derived from Him that we are enabled to find hope and freedom from fear. This book, with its refreshing insights into the parts played by psychology and religion in human problems, opens up new perspectives for people seeking self knowledge and provides an invaluable resource for pastoral and other counselors.
