*Find Out Anything From Anyone, Anytime* - James O. Pyle 2014-01-20  
"A new book by an army intelligence interrogator could help you get the answers to your most pressing questions." —Time  
The secret to finding out anything you want to know is amazingly simple: Ask good questions. Most people trip through life asking bad questions—of teachers, friends, coworkers, clients, prospects, experts, and suspects. Even people trained in questioning, such as journalists and lawyers, commonly ask questions that get partial or misleading answers. People in any profession will immediately benefit by developing the skill and art of good questioning. Find Out Anything From Anyone, Anytime will give you the power to: Identify and practice good questioning techniques Recognize types of questions to avoid Know the questions required when hearing unconfirmed reports or gossip Practice good listening techniques and exploit all leads Determine when and how to control the conversation Gain real expertise fast Within professional interrogation circles, author James Pyle is known as a strategic debriefer—meaning there is no one around him more skilled at asking questions and getting answers. He has been training other interrogators in questioning techniques since 1989.

"With his style of questioning alone, Jim Pyle can get more information than most other interrogators using multiple techniques." —Gregory Hartley, co-author of How to Spot a Liar

**From Date to Bed** - Mateo Lambert 2018-02-08

I always wanted to be successful among women, to flirt with beauties, cheerfully and easy to become acquainted, and generally feel myself a worthy man. I'm sure this is a normal desire, inherent in all men. While studying at a prestigious university, I played hockey, and I had a favorite girl with whom I felt well, and whom I planned to marry. However, life made its own adjustments to my script. At the moment when I thought everything was fine, my girlfriend cheated on me and we parted ways. I was injured, my hockey career went to the bottom, and in a deep depression, I was expelled from university. It was after painful betrayal that I realized I had been cowering in my comfort zone for a long time. I had not developed myself as a man. I caught myself at the terrible thought that I absolutely did not understand women. I did not know how to become acquainted with them or interact. For me, it was a challenge to squeeze out, "Hello." Not to mention dating and seduction. For a long time, I felt absolutely apathy and did not know what to do. When I had to choose whether to become a slave of chance and circumstance or become master of my own destiny and repair the situation at the root, I got down to business. I have been going out on the streets, in parks, and cafes to meet girls for 4-5 hours. I received a lot of refusals, but the inner conviction that there was nowhere to fall further, and the desire to prove I'm worth something as a man helped me withstand a period of stress, awkward situations, and hundreds of "No." A few years later, dating became quite a natural process for me., I better understood women and had success in seduction. Further, I honed the skill of meeting women to the worked-out actions that were given easily, as soon as I understood the female psychology and the main question of "what do they want?." This realization brought me to a completely new level, and I began to enjoy the process of dating, communication, and seduction of beautiful women. Parallel to my successes in communication with women, developing self-confidence, leadership, and charisma, I launched a

number of businesses and reached a state where I could devote most of my time to self-development, hobbies, and travel. Many friends began to ask me for advice and for help in dealing with women. Helping them, I realized I like to share experiences with men whose emotions are so familiar to me, so I decided to share key insights and practical advice in my books. In this book, I formulate four key stages that inevitably lead you to seduce women, namely: -an acquaintance; -a date; - rapprochement; -going to your place. I try to present the most useful beliefs and psychological tricks to understand how best to invite a girl to a date, where to go, what to talk about, how to behave, at what moment to reapproach, and how to correctly and confidently take her home for a mind-blowing night. I'm sure, after reading, you'll understand how much simpler it is than it seems. Applying my advice and principles, you'll seduce a lot of beauties that you are worthy of. You are worth it, buddy!

Years of research have been dedicated to understanding the dynamics of all human relationships- familial, romantic, professional and more. Extensive research has gone on about romantic relationships with diverse gender groups. One thing is constant, to each couple, every

After the serpent had convinced her to eat the fruit, a lot of people think she went in search of her husband to get him to eat of the fruit. She did not. Adam was by her side, she already knew she was naked, she was already wise, and all she had to do was probably kiss him or look at him seductively. Of course he would not have understood these non verbal cues but they prompted him to eat the fruit and then he knew... Are you catching my drift yet? You've got it all women.

Relationships should not be work for you. No man should stress you at all. Men are such simple-complex beings. You should not have to go to work all day and then come back home to another work shift at night. No no no. In this book, I will be giving you sixteen great tips on how to get your man to do anything you want. . There is no "catch all" as to how to get your man to do anything you want; the simplest way to approach his would be from a foundational point, proven as the "cure all" for most communications.

*Politiquette* - Nadia Asencio 2015-11-12

Partisanship is destroying the U.S. Whether you're an Independent fed up with your lack of representation in Washington, a moderate Democrat or Republican disappointed by the repeated failures of your party, or a Millennial whose disenchantment with our current political system has turned into apathy, you have options and the power to turn things around; in fact, We the People have an obligation to do so. But we can't change the current state of affairs until we realize that we're part of the problem: feeding into the fiction of the two party system and fighting amongst ourselves, even as our government creates policies to benefit its corporate friends at the expense of people everywhere. While no one can

do everything, we can each do something; our nation's fate in the new millennium depends on it. The first step is effective communication. The first step, is Politiquette.

**The Happiness Project (Revised Edition)** - Gretchen Rubin

2015-12-29

"This book made me happy in the first five pages." —AJ Jacobs, author of *The Year of Living Biblically: One Man's Humble Quest to Follow the Bible as Literally as Possible* Award-winning author Gretchen Rubin is back with a bang, with *The Happiness Project*. The author of the bestselling *40 Ways to Look at Winston Churchill* has produced a work that is "a cross between the Dalai Lama's *The Art of Happiness* and Elizabeth Gilbert's *Eat, Pray, Love*." (Sonya Lyubomirsky, author of *The How of Happiness: A Scientific Approach to Getting the Life You Want*) In the vein of Julie and Julia, *The Happiness Project* describes one person's year-long attempt to discover what leads to true contentment. Drawing at once on cutting-edge science, classical philosophy, and real-world applicability, Rubin has written an engaging, eminently relatable chronicle of transformation.

*Conversations with Gloria Naylor* - Gloria Naylor 2004

Collected interviews with the author of *The Women of Brewster Place*, *The Men of Brewster Place*, and *Linden Hills*
