

Sexuality Debates

Debating Gender, Debating Sexuality - Nikki R. Keddie 1996-04

Debating Gender, Debating Sexuality incorporates many different and fruitful approaches to understanding gender and sexuality. In this collection, Nikki R. Keddie presents essays, chosen from the journal *Contention*, written by outstanding scholars and theorists, along with responses to them. Topics discussed include procreation and female oppression, trends in feminist theory, gender and U.S. social policy, Marxism and women's history, the male search for identity today and the works of Foucault and Freud. Contributors include Nicky Hart, Juliet Mitchell, Elizabeth Fox-Genovese, Barbara Laslett, Sandra Harding,

Linda Gordon, Theda Skocpol, Deborah Valenze, Iris Berger, Philippa Levine, Susan Rubin Suleiman, Theodore C. Kent, Roy Porter, Mark Poster, Jeffrey Masson, Frederick Crews, and Jeffrey Prager.

Same Sex - John Corvino 1999

'Same Sex' presents a comprehensive anthology on homosexuality, exploring historical conceptions of homosexuality, homosexual identity, and a variety of public policy issues.

Debating Pornography - Andrew Altman 2019
Since the sexual revolution of the 1960s, debates over pornography have raged, and the explosive spread in recent years of sexually explicit images across the Internet has only added more urgency to these disagreements. Politicians,

judges, clergy, citizen activists, and academics have weighed in on the issues for decades, complicating notions about what precisely is at stake, and who stands to benefit or be harmed by pornography. This volume takes an unusual but radical approach by analyzing pornography philosophically. Philosophers Andrew Altman and Lori Watson recalibrate debates by viewing pornography from distinctly ethical platforms -- namely, does a person's right to produce and consume pornography supersede a person's right to protect herself from something often violent and deeply misogynistic? In a for-and-against format, Altman first argues that there is an individual right to create and view pornographic images, rooted in a basic right to sexual autonomy. Watson counteracts Altman's position by arguing that pornography inherently undermines women's equal status. Central to their disagreement is the question of whether pornography truly harms women enough to justify laws aimed at restricting the production

and circulation of such material. Through this debate, the authors address key questions that have dogged both those who support and oppose pornography: What is pornography? What is the difference between the material widely perceived as objectionable and material that is merely erotic or suggestive? Do people have a right to sexual arousal? Does pornography, or some types of it, cause violence against women? How should rights be weighed against consequentialist considerations in deciding what laws and policies ought to be adopted? Bolstered by insights from philosophy and law, the two authors engage in a reasoned examination of questions that cannot be ignored by anyone who takes seriously the values of freedom and equality.

Some Issues in Human Sexuality - A Working Party of the House of Bishops 2003

This widely anticipated report will be welcomed by all who wish to come to a greater understanding of the issues surrounding

homosexuality, bisexuality and transsexualism and the Church. It provides an in-depth account of the surrounding issues, and provides detailed analyses of key Scriptural passages.

Debates in Transgender, Queer, and

Feminist Theory - Patricia Elliot 2016-05-13

Transgender studies is a heterogeneous site of debate that is marked by tensions, border wars, and rifts both within the field and among feminist and queer theorists. Intersecting the domains of women's studies, sexuality, gender and transgender studies, *Debates in Transgender, Queer, and Feminist Theory* provides a critical analysis of key texts and theories, engaging in a dialogue with prominent theorists of transgendered identity, embodiment and sexual politics, and intervening in various aspects of a conceptually and politically difficult terrain. A central concern is the question of whether the theories and practices needed to foster and secure the lives of transsexuals and transgendered persons will be promoted or

undermined - a concern that raises broader social, political, and ethical questions surrounding assumptions about gender, sexuality, and sexual difference; perceptions of transgendered embodiments and identities; and conceptions of divergent desires, goals and visions.

The Sexuality Debates - Sheila Jeffreys
2013-11-05

First published in 1987. From the 1870's to the 1920's, feminists actively campaigned against men's sexual abuse of women. This collection brings together the major articles which fuelled the feminist campaigns and helped to bring about significant reforms.

Rethinking Sexuality - Diane Richardson
2000-12-19

This thoughtful and accessible book provides a critical examination of the central debates attached to conceptualizing sexuality as a site of knowledge and politics. These are explored in chapters on the meaning of heterosexuality,

*Downloaded from

sexual citizenship and the associated notions of sexual rights and obligations, queer theory and its relationship with feminisms, both 'new' and 'old'. Also included is discussion of responses to the HIV/AIDS epidemic and the implications for understandings of gender and sexuality.

The Sexuality Debates - Sheila Jeffreys 1987

Sexual Ideology and Schooling - Alexander McKay 1998-01-01

Presents a comprehensive analysis of the debates surrounding sexuality education in the schools and examines their implications for the content of educational programs.

The Sex Education Debates - Nancy Kendall 2012-12-03

Educating children and adolescents in public schools about sex is a deeply inflammatory act in the United States. Since the 1980s, intense political and cultural battles have been waged between believers in abstinence until marriage and advocates for comprehensive sex education.

In *The Sex Education Debates*, Nancy Kendall upends conventional thinking about these battles by bringing the school and community realities of sex education to life through the diverse voices of students, teachers, administrators, and activists. Drawing on ethnographic research in five states, Kendall reveals important differences and surprising commonalities shared by purported antagonists in the sex education wars, and she illuminates the unintended consequences these protracted battles have, especially on teachers and students. Showing that the lessons that most students, teachers, and parents take away from these battles are antithetical to the long-term health of American democracy, she argues for shifting the measure of sex education success away from pregnancy and sexually transmitted infection rates. Instead, she argues, the debates should focus on a broader set of social and democratic consequences, such as what students learn about themselves as sexual beings and

civic actors, and how sex education programming affects school-community relations.

Living With: Sexuality Issues - Dr. Daniel Fung 2015-09-15

What is healthy sexual development? How do you protect a child from sexual abuse? The definitive guide to understanding and dealing with the different mental health issues that may affect children. Written by leading professionals in the field

Sexuality - Jeffrey Weeks 2009-10-16

For over twenty years, *Sexuality* has provided a cutting edge introduction to debates about sexualities, gender, and intimate life. Previous editions included pioneering discussions of the historical shaping of sexuality, identity politics, the rise of fundamentalism, the social impact of AIDS, the influence of the new genetics, 'global sex', queer theory, 'sex wars', the debates about values, new patterns of intimacy, and much more. In this new edition, Jeffrey Weeks offers a

thorough update of these debates, and introduces new concepts and issues. Globalization is now a key way of understanding the reshaping of sexual life, and is discussed in relation to global flows, neo-liberalism, new forms of opposition, cosmopolitanism and the heated debates around sex trafficking and sex tourism. Arguments about the regulation and control of sexuality, and the intersection of various dimensions of power and domination are contextualised by a sustained argument about the importance of agency in remaking sexual and intimate life. In particular, new forms of Lesbian, Gay, Bisexual, Transgender and Queer politics, and the high impact of the debates about same-sex marriage are explored. These controversies, in turn, feed into debates about what is 'transgressive', 'normal', 'ordinary'; into the nature of heter-normativity; and into the meanings of diversity and choice. To conclude, the book turns to questions of values and ethics, recognition, sexual citizenship and human sexual

rights. This book displays the succinctness, clarity and comprehensiveness for which Jeffrey Weeks has become well known. It will appeal to a wide range of readers internationally.

The Sexuality Debates - Sheila Jeffreys
2013-11-05

First published in 1987. From the 1870's to the 1920's, feminists actively campaigned against men's sexual abuse of women. This collection brings together the major articles which fuelled the feminist campaigns and helped to bring about significant reforms.

Bible, Gender, Sexuality - James V. Brownson
2013-02-03

In Bible, Gender, Sexuality James Brownson argues that Christians should reconsider whether or not the biblical strictures against same-sex relations as defined in the ancient world should apply to contemporary, committed same-sex relationships. Presenting two sides in the debate -- "traditionalist" and "revisionist" -- Brownson carefully analyzes each of the seven

main texts that appear to address intimate same-sex relations. In the process, he explores key concepts that inform our understanding of the biblical texts, including patriarchy, complementarity, purity and impurity, honor and shame. Central to his argument is the need to uncover the moral logic behind the biblical text. Written in order to serve and inform the ongoing debate in many denominations over the questions of homosexuality, Brownson's in-depth study will prove a useful resource for Christians who want to form a considered opinion on this important issue.

Global Perspectives and Key Debates in Sex and Relationships Education - V. Sundaram
2016-01-26

There is a great variety of sex and relationship education in the global North and South and this book draws together the global perspectives and debates on this key topic. Issues including gender-based violence, pornography, sexual consent, sexual diversity and religious plurality

are all discussed with reference to cutting-edge research.

Sexuality and Public Space in India - Carmel Christy 2017-03-16

The topic of sexuality and gender within the South Asian context is timely and widely discussed across a variety of academic disciplines. Since the end of the last century, there have been debates in the cultural sphere in India on issues concerning Lesbian Gay Bisexual Transgender people's rights, gender, sex workers' rights and caste. There has also been an explicit visibility for sexuality in the form of discussion around intimate scenes in films, advertisements and moral concerns around pre-marital heterosexual relationships and same-sex relationships. This book brings out the modalities through which explicit visibility of sexuality gets constituted in the public space of India after the 1990s. The specificities through which relations of gender/ sexuality and caste get constituted and performed in regional media

provide significant entry points to an understanding of larger structures and the ever-present fissures through which these larger structures emerge. Focussing on the southern state of Kerala, the book investigates women's sexuality and caste through a number of case studies: the Suryanelli rape case, neology in the media and the debates around the life narratives of Nalini Jameela, a sex worker. The book does not stop at representational practices as it also looks at the negotiations between the subject and her represented figures which is a significant addition to the existing body of work in the field of media and gender studies.

Sexuality and Public Space in India is a careful interrogation of the mass-mediatised space of contemporary public discourse around sexuality. It will be of interest to academics in South Asian Studies, Sociology, Anthropology and Gender Studies.

Religion & Sexuality - Charles Kevin Robertson 2006

Downloaded from
legacy.opendemocracy.net on 2020-06-20
by guest

Issues of religion and sexuality elicit passionate debate, as witnessed in the well-researched, provocative essays contained in this volume. Cutting-edge scholars representing radically different traditions and positions wrestle with controversial and even taboo subjects in modern American culture. Oral sex, polygamy, homosexuality, and clergy celibacy and boundaries are addressed as editor C. K. Robertson facilitates a lively conversation that will be of interest to students of religion and popular culture or anyone wishing to explore what is on- and off-limits in today's increasingly pluralistic, yet strongly spiritual, society. Contemporary Theological Approaches to Sexuality - Lisa Isherwood 2017-08-23 Contemporary Theological Approaches to Sexuality provides a much-needed overview of the state of scholarship on Christian theological reflection on sexuality and sexual theology. Critically, it also intervenes in the cultural debate over sexuality by privileging feminist,

queer, and other counter-normative perspectives. Comprising twenty-three chapters by a team of international contributors this volume is divided into four parts: • Normativity and transgression • Bodies • Economies and violence • Divinity. Within these sections central issues, debates and problems are examined, including consideration of the complexities of Christian theology in regard to contemporary sexuality debates. Contemporary Theological Approaches to Sexuality is essential reading for students and researchers in the field of religion, sexuality, and Christianity.

Young People and Sexuality Education - L. Allen 2011-01-19

This book innovatively re-envisioned the possibilities of sexuality education. Utilising student critiques of programmes it reconfigures key debates in sexuality education including: Should pleasure be part of the curriculum? Who makes the best educators? Do students prefer single or mixed gender classes?

Sexual Difference in Debate - Leticia Glocer Fiorini 2018-05-08

The greater part of this book focuses on a critical analysis of the logics and ways of thinking supporting both explicit and implicit theories of sexual difference and the masculine/feminine pair. These theories may be private or collective; conscious, preconscious, or unconscious. They impact heavily on interpretations and constructions made in analytic practice, while they also affect transference-countertransference patterns. This conceptual analysis reviews the Freudian oeuvre

as well as the work of other significant authors, post-Freudian and contemporary, that have contributed specifically to this topic. The concept of sexual difference contains a persistent problem: binary, dichotomous thinking and its blind spots and aporias. For this reason, the author has turned to other epistemologies that offer novel forms to think about the same problems, such as the paradigm of hyper-complexity, as well as thinking at intersections and limits between different categories.
