Young Will Shakespeare is the up and coming playwright of the time, but has been disastrously struck by the bane of the writer's life - writer's block. What Will needs is a muse - and she appears in the form of the beautiful (and betrothed) Lady Viola. Excerpt: The BBC Television Shakespeare was a set of television adaptations of the plays of William Shakespeare, produced by the BBC between 1978 and 1985. The concept for the series originated in 1976 with Cedric Messina, a veteran BBC producer, who was on-location at Glamis Castle in Angus, Scotland shooting J.M. Barrie's *The Little Minister* for the BBC Play of the Month series. During filming, it occurred to Messina that the castle would make a perfect location for an adaptation of Shakespeare's *As You Like It* for the series. By the time he had returned to London, however, the concept had grown considerably, and Messina now envisioned an entire series devoted exclusively to the dramatic work of Shakespeare; a series which would adapt all thirty-seven of Shakespeare's plays. At first, Messina envisioned the series as having six seasons of six episodes each, with the plan being to adapt the three Henry VI plays into a two-part episode. This idea was soon rejected however, as it was felt to be an unacceptable compromise, and it was decided to simply have one season with seven episodes. Initially, ..

*Screening Shakespeare in the Twenty-First Century* Mark Thornton Burnett 2006-09-27 This bold new collection offers an innovative discussion of Shakespeare on screen after the millennium. Cutting-edge, and fully up-to-date, it surveys the rich field of Bardic film representations, from Michael Almereyda's *Hamlet* to the BBC 'Shakespea(Re)-Told' season, from Michael Radford's *The Merchant of Venice* to Peter Babakitis' *Henry V*. In addition to offering in-depth analyses of all the major productions, *Screening Shakespeare in the Twenty-First Century* includes reflections upon the less well-

known filmic 'Shakespeares', which encompass cinema advertisements, appropriations, post-colonial reinventions and mass media citations, and which move across and between genres and mediums. Arguing that Shakespeare is a magnet for negotiations about style, value and literary authority, the essays contend that screen reinterpretations of England's most famous dramatist simultaneously address concerns centred upon nationality and ethnicity, gender and romance, and 'McDonaldisation' and the political process, thereby constituting an important intervention in the debates of the new century. As a result, through consideration of such offerings as the Derry Film Initiative Hamlet, the New Zealand The Maori Merchant of Venice and the television documentary In Search of Shakespeare, this collection is able to assess as never before the continuing relevance of Shakespeare in his local and global screen incarnations. Features\* Only collection like it on the market, bringing the subject up to date.\* Twenty-first century focus and international coverage.\* Innovative discussion of a wide range of films and television.\* Accessibly written for students and general readers.

Love and its Critics Michael Bryson 2017-07-10 This book is a history of love and the challenge love offers to the laws and customs of its times and places, as told through poetry from the Song of Songs to John Milton's Paradise Lost. It is also an account of the critical reception afforded to such literature, and the ways in which criticism has attempted to stifle this challenge. Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called fin'amor: love as an end in itself, mutual and freely chosen even in the face of social, religious, or political retribution. Neither eros nor agape, neither exclusively of the body, nor solely of the spirit, this love is a middle path. Alongside this tradition has grown a critical movement that employs a 'hermeneutics of suspicion', in Paul Ricoeur's phrase, to claim that passionate love poetry is not what it seems, and should be properly understood as worship of God, subordination to Empire, or an entanglement with the structures of language itself - in short, the very things it resists. The book engages with some of the seminal literature of the Western canon, including the Bible, the poetry of Ovid, and works by English authors such as William Shakespeare and John Donne, and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature. Lively and enjoyable in its style, it attempts to restore a sense of pleasure to the reading of poetry, and to puncture critical insistence that literature must be outwitted. It will be of value to professional, graduate, and advanced undergraduate scholars of literature, and to the educated general reader interested in treatments of love in poetry throughout history.
